Boars for the Farmer

The time is here when no farmer can afford to use anything but the very best pure bred boars. While this offering of boars include a number that are of such rich breeding and outstanding individual merit that should put them in the best breeder's herds in America, there are also a number that are especially suitable to the FARMER TRADE and we expect them to sell where the farmer or small breeder can use them advantageously. **WE ARE NOT OUT FOR A BIG SALE AVERAGE. WE WANT OUR FARMER FRIENDS TO SHARE THIS OFFERING.**

We appreciate the farmer trade and want to give it every consideration. You can buy boars or gilts in this sale at prices you can afford to pay. They will improve your herd and make money by producing a better market hog—one that matures and fattens for the market in the required time to make them profitable.
