#### DON'T ROCK THE BOAT

Democrats who are espousing the cause of their favorite candidates in the approaching primaries should bear in mind that a divided party at the election in November means a little more of the Harding, Hyde, Hard Times and High Tax burden that is even now weighing so heavily upon us. Make the fight for the nomination of the candidate of your choice. That is Democracy. But the wise voter will make his fight with the success of his party at the election always in view. The success of the Democratic party offers the only relief from the present extravagant, mis-managed administration. Don't rock the boat.

#### GENERAL NOTES

A cat in Birmingham, Ala., proud possessor of five kittens, adopted two baby rats given her as a food and is now raising her strange family in peace and amity.

The United States treasury Saturday paid out about \$150,000,000 to hundreds of thousands of holders of fourth Liberty bonds as the semi-annual interest on these obligations.

Otis Spivey, Marlin, Tex., 14, was Wednesday sentenced to one year in the penitentiary for the murder of C. W. Kannenberg, school teacher. The testimony alleged that Spivey struck Kannenberg with an iron bar after the teacher had kept him after school.

Fire broke out in a storeroom in the basement of the national Capitol early Friday afternoon. Smoke filled the building and the fire department was called.

Extension for two years of the 3 per cent immigration quota law was voted by acclamation by the senate Saturday afternoon. Under this measure, a foreign nation can send here annually only 3 per cent as many immigrants as it has national already in this country.

Finding themselves trouserless when their train reached Topeka early Thursday morning, Judge W. R. Smith of Topeka, general attorney for the Santa Fe, and B. F. Ottem, St. Louis railroad official, successfully pleaded their case with the conductor and the Pullman coach they occupied was sidetracked. In the night someone had stolen the men's personal effects and trousers.

A number of American drivers of relief wagons in Russia have been killed in the streets by the famished populace, who seized the horses for food, according to reports received today by American relief organizations in Paris from the Ufa, Bashkir and Telyliabni famine districts. Two drivers for the American relief administration were killed this week, the reports said.

The Turkish nationalists have opened an offensive against the Greeks over most of the Anatolian battle front, according to advices received from Smyrna Thursday. All of the Turkish attacks were repulsed with considerable losses, according to a communique issued by Greek headquarters. The Greek Catholics at Smyrna are reported to have sent a communication to Rome asking the Vatican to mediate for peace.

The government's war contract claim of more than 9 million dollars against the Lincoln Motor Company of Detroit, will be pressed to a decision in the federal court at Detroit without delay. Attorney General Daugherty declared Friday after a conference with President Harding at the White House. The court will be asked, Daugherty said, to issue an order for the company to pay up.

A New York bootlegger, giving his occupation as "professional," paid more than \$2,000 income tax to the United States—and the United States took it!

John Duval Dodge, Detroit millionaire, must stand trial in the circuit court at Kalamazoo, Mich., Monday in answer to a charge of carrying and possessing liquor, despite a small legal technicality which has come up in the proceedings, it was stated at the court there Friday.

What appeared early Saturday afternoon as a certain agreement between delegates at the economic party at Geneva on the question of Russian debts was made rather doubtful factor in the day by the growing recalcitrance of soviet representatives. Final consummation of an agreement under which Russia was expected to recognize the validity of the old allied obligations was expected to be delayed. Such an agreement, if reached, would be a decided victory for Lloyd George, who hopes to make successful conclusion of the debt transactions, preliminary to formal recognition of Russia in an agreement in which the European nations would pledge themselves not to attack one another.

Reports that a \$100,000 "slush fund" had been raised to buy favorable verdicts in two recent trials of labor leaders on criminal charges in Chicago were being investigated Friday by the state's attorney. A man said to be high in labor circles is being sought, it was alleged, as the chief of the band of "fixers" involved in the raising and dispensing of the fund. The recent confession of Henry J. Smith, a juror in the panel which acquitted Simon O'Donnell, former head of the Chicago building trades council, of charges of graft and extortion, that he was paid \$1,000 for a verdict of acquittal, is said to have led to the uncovering of the huge "slush fund."

#### Bradshaw Wins in Suit for Recovery of \$13,000 in Fees.

Jefferson City, April 15.—Circuit Judge J. G. Slate Saturday decided in favor of James T. Bradshaw of Kansas City in the suit filed by Attorney General Barrett to recover more than \$13,000 from Bradshaw as fees collected through the private inspection fund.

Asst. Atty. Gen. Edward Davis announced an appeal to the supreme court from Judge Slate's ruling. Bar-

rett filed suit against Bradshaw and his bondsmen, alleging that the money was illegally retained by Bradshaw from the private inspection fund of the state grain inspection department, and that part of it had been used to increase the salary of certain employees of the department. The supreme court recently sustained Governor Hyde's ouster of Bradshaw as state grain and warehouse commissioner.
