Judge DeArmond has carried his district by about 2,500.

Hon. C. C. Dickinson's majority for Senator in the district is about 1,100.

The Globe-Democrat is figuring out Republican gains, while the returns show a Democratic plurality of 44,000.

44,000 Democratic plurality in the state. That's awful, simply beastly. The Globe-Democrat can be depended on to keep up its misrepresentations.

The close call to some of our ticket should be a good lesson to all Democrats to be on their guard in the future and not be over confident.

Major C. C. Rainwater, a wealthy citizen of St. Louis, a prominent Confederate in the State and an influential Democrat, died at his home in that city on last Monday.

In New York city they have their Republican supervisors of elections but in the state where the Republicans control they dispense with supervisors and count out whatever majorities are necessary to overcome the city.

That was a magnificent fight the New York City Democracy put up. One hundred thousand majority, for greater New York, and yet the Republican machine has a way of counting for the up state any majority that is necessary to overcome the city vote.

But what of Cardwell? Even the Republican papers are poking fun at him now.—Review.

Like all renegades he has lost the respect and confidence of all parties. He is probably contented with his Judas' reward, that "dignified sum," which he don't flatters himself is more than most traitors receive.

The Republican-Press sets up an awful wail over its defeat and abuses Republicans who did not choose to submit to its dictation, but smears a gaub of taffy on those Democrats who through pique or misrepresentation were induced to violate their party obligations and scratch their tickets. The cry of "ring" was ridiculous, but it was the only one left them and they worked it to a frazzle. THE TIMES invited criticism of the Democratic party's conduct of county affairs, as that is the principle test by which a party should be judged. In the face of the magnificent party record presented in this county, only one course was left the Republicans and that was a campaign of deception. They played it and lost, now they should gracefully submit.

The room on the west side, next to Dr. Lansdown's drug store, is being fitted up for a new bakery and restaurant. A modern front is being put in.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

This has been a good lesson to Democrats of Bates county. It was very fortunate that it was no more serious than reducing the majorities. The Republicans, however, lost their golden opportunity. It was an off year. There existed an apathy caused by overconfidence in the Democratic party. Sores were left from a fiercely contested primary election, and added to all was the worst weather on election day for the past forty years.—We promise our Republican friends that they will not get another such chance in many years to come.

Henry E. Youtsey, convicted and now serving a term in the Kentucky penitentiary for complicity in the Goebel assassination, has made a confession. This is in possession of the State's attorney's office, who refuses to make it public. Youtsey is the man who had possession of the keys to the Secretary State's office, who let the assassin into the office and afterwards escaped through the basement with the gun barrel down his trouser's leg.

MISSOURI'S VOTE.

The latest revised returns from the election held in this State show that the Missouri Democrats have a plurality of 44,073. These figures are not entirely official, a few of the counties, distant from telegraph and railroad connections, being estimated from the best information that could be obtained.

The figures are close enough, however, to plainly indicate that the Democrats won a victory last Tuesday in this State that has not been equaled in many years. Of this plurality, the State, outside of the three principal cities, contributed about 26,000.

Miss Nellie Austin is at home from a protracted visit to friends in Illinois and her brother, Ed. S. Austin's family, in St. Louis.

A Commercial Club for the city is badly needed, and we hope to see some of our live young business men take the initiative in that direction.

Miss Taylor, of Springfield, sister of Superintendent Taylor, has been selected by the board to succeed Miss Patterson, lately resigned. She is a graduate of Drury College.

The Ladies Aid Society of the M. E. Church south will give Thanksgiving dinner, Nov. 27th, in the rooms formerly occupied by county officers, in Opera house block.

The bank at Richards was burglarized the last of the week, and the burglars made away with \$1,700. They made good their escape and so far as known the officers haven't even a clew on which to work.

Lieut. Edward DeArmond, U. S. A., stationed at Ft. Sam Houston, Tex., notified Judge and Mrs. DeArmond that they have another grandson. The little soldier came to bless their home on Sunday, Nov. 9th, 1902.

A private letter from H. H. Fleisher conveys the information that he is enjoying a splendid trade in his grocery business at Lamar, Mo. He says he is becoming well established and his family is well pleased.

J. A. Trimble, manager of the Opera House, is furnishing his patrons with a good line of shows this season. The negro minstrel on last Tuesday evening was high grade and furnished good laughs for the audience.

Circuit Court convened in the new court house on Tuesday, with his honor, Judge Graves, on the bench. There is quite a large and interesting docket this term. There are 26 divorce cases, one murder, seduction one, four assaults, two burglaries, one forgery, besides a large list of civil cases. Court will probably last well into December.

Alex. L. Cameron has opened a barber shop in the Allen building, on the south side square, which he recently purchased. The furnishings are new throughout, with three chairs. He invites a share of the trade and guarantees satisfaction.

The Harrisonville Leader, tells of the traffic death of Mrs. Jake Smith, who was burned to death at her home near Austin on Tuesday of last week. She was carrying a lamp across the room when her clothing caught on the rocker of a chair causing the chair to rebound and knock the lamp from her hand. In falling the lamp exploded, saturating Mrs. Smith's clothes with oil so that she was fatally burned, death resulting almost immediately.

Miss Appy Married.
Rich Hill Review.
Mr. Lindler, of Germany, is in the city, and took dinner with his wife at Hotel Whitney to-day. Mrs. Lindler is better known as Miss Appy. Having organized music classes in several localities before her marriage, which occurred some six months or so ago, she concluded, as her husband was obliged to be in Germany, to continue teaching in her maiden name, and to the lady's Rich Hill acquaintances her marriage was a secret until to-day.

Watterson Booms Gorman.
Louisville, Ky., Nov. 7.—Henry Watterson in the Courier-Journal comes out for Arthur P. Gorman for President. In an editorial review of the election result he says: "The Democratic party has a clear field before it for 1904. In Mr. Gorman, at least, it has one national leader of surpassing wisdom and experience, a Democrat from the crown of his head to the soles of his feet. He will presently resume his place in the councils of the nation. His words should pass for much with every thinking Democrat. He is not only a wise man; he is an upright, courageous man, worth a dozen Hills or a thousand Cleverlands. For the time being, at least, let us rally about Gorman, for whether he leads us to victory or defeat he will not lead us astray."

Bank Robbers Were Foiled.
Seymour, Mo., Nov. 9.—At 2 o'clock this morning a daring but unsuccessful attempt was made by five heavily armed men to rob the Bank of Seymour.

The robbers blew the vault door off with nitroglycerin, but after five ineffectual attempts to open the safe by the same means, they jumped on a section handcar near by and left in the direction of Cedar Gap, near where they abandoned the car and took to the woods.

During the attempt, which lasted a half-hour, citizens, aroused by the explosion, were promptly driven off the streets by the fire from the robbers on guard, and before any organized resistance could be made they had gone. The furniture and fixtures of the new bank building, the finest in this section of the State, were badly wrecked by the repeated charges.

CANADA'S FATE SETTLED.
Amalgamation is Certain, Says Archbishop John Ireland.
New York, Nov. 11.—In speaking at the banquet of the Minnesota society here, Archbishop Ireland expressed the belief that Canada eventually will be under the domain of the United States. The transition, he said, would come without conquest or war.

After telling of the growth of America in comparison with other great nations, the archbishop said: "Within a few years the commerce of the states on the Pacific coast will equal that of those on the Atlantic. The development of the lands to the East, the West, the North and the South is going on more rapidly and safely than ever before, and we are reaping and will continue to reap benefits. From the East the movement will be westward to that station, and from the West eastward to the same destination.

"I do not want to be bellicose, but I say this for myself: As sure as fate, although you and I may not see it, the starry banner will wave mistress over all the territory from the gulf to the bay. There will be no conquest, no war. The hearts across the border are already beating with love for us, and commerce and agriculture are calling for espousals."

Reason for the increase of the power of the United States the archbishop found in the universal liberty enjoyed by the citizens. He said that he had the greatest confidence in the perpetuity of America as the home of human liberty, and what every American needs so insure this is consciousness of one's own rights, which should be demanded and sustained, and, secondly, a respect of the rights of others, and an inclination to help them to widen every opportunity.

Mr. Hay Passed the Sugar.
Washington, Nov. 11.—A story that will indicate the true democracy of John Hay, Secretary of State, is being told by some of the Secretary's friends. According to this story a few weeks ago a Washington man who was waiting in the Pennsylvania station at Jersey City strolled through the lunch room and to his surprise discovered the Secretary of State perched on a living stool, with a cigar in his mouth, and a long year diplomat's attire. At the Secretary's right sat
