

For the Stomach Heart and Kidneys

Dr. Shoop's Restorative is a Cause Cure—not a Symptom Cure.

It is a common mistake to take artificial dietaries for stomach troubles—or to take stimulants for weak nerves—or to take laxatives for diseased kidneys. These organs do not act separately or of their own accord—they have no control over themselves—and not once in 100 times is the sickness the fault of the organ. It is the fault of the nerves, which control the organs—and only through these nerves can stomach, kidney or heart diseases be cured. Dr. Shoop's Restorative is a Wisconsin remedy in his medical experience that these inside nerves—through which the power only was to be restored—burn, belching, indigestion, backache, heart weakness, irritability, dizziness, and all other affections of the kidneys. For all of these ailments are not separate ailments, but are merely symptoms of the same cause. They are not separate ailments, but are merely symptoms of the same cause. They are not separate ailments, but are merely symptoms of the same cause. They are not separate ailments, but are merely symptoms of the same cause.

Local and General News.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

The Woman's Home Companion

for March contains in addition to such interesting fiction as 'Seumas McManus,' 'Donald O'Donnell's Standing Army,' 'Aleliades,' 'Affairs of State,' 'The Mountains of Peace,' and 'Mr. McCoggin—Country Tourist,' three timely articles on gardening, including 'The Children's Garden,' by Samuel Armstrong Hamilton; Miss Gould's Fashion Pages, an article by Helen Marrin on Crocheting, Fannie Merritt Farmer's instructions in Breadmaking, Evelyn Parson's 'New Ideas in Neckwear and Belts,' Samuel Howe's directions for building 'A Cement Rough-Cast House Costing \$4,000,' and Anna S. Richardson's practical talks on 'Kindergarten-ing.' In 'The Romance of an American Princess,' Henry Harrison Lewis tells of Alice Roosevelt's courtship and marriage; Carleton Max describes a few 'Simple Experiments in Chemistry' for boys, and the Carnival at Nice portrayed in excellent photographs. Published by The Crowell Publishing Company, Springfield, Ohio; one dollar a year; ten cents a copy.

The C. H. Martin Real Estate and Abstract Co.

have a large demand for farm property and an immense chance for business. Now is the time to list your farm with them if you want to sell.

A BEAUTIFUL PICTURE.

Splendid Reproduction of a Celebrated Painting Free.

Every person who sends one dollar to pay for a year's subscription to the Twice-a-Week Republic, of St. Louis, Mo., and Farm Progress, will receive, absolutely free, a beautiful colored picture, 24 by 32 inches in dimensions, entitled, 'The Departure of the Bride from the Home of Washington.' This picture is a direct reproduction from the celebrated painting by Ferris. Sixteen colors were employed in the process. It is made on a fine, heavy paper, and will make, when framed and hung, a magnificent ornament for the home. Aside from its genuine artistic merits, it possesses an uncommon interest to every American, as the central figure in it is George Washington, standing at the portal of his Virginia home, bidding adieu to the bride and bridegroom. The color work is highly ornate and correct in every detail, as are the character representations, costumes, etc.

The Twice-a-Week Republic is the oldest and best semi-weekly family paper in the country, and Farm Progress, which is also published by the Republic, is the fastest-growing farm monthly in America. Remember, that you get both of these splendid journals an entire year, and the beautiful big colored picture, all for only one dollar.

Present subscribers may take advantage of this offer, by sending a dollar and having their time marked up a year. The Republic hereby gives notice that this offer may be withdrawn at any time, and those who wish the picture, should send in subscriptions at once.

Remit by postoffice or express money order, registered letter or bank draft. Do not send personal checks. Write names and addresses plainly, and address, SUBSCRIPTION DEPARTMENT, The Republic, St. Louis, Mo.

Timothy Seed at Ferguson's.

A Discount Until March 1.

The Memphis Business College has decided in order to enroll fifty new pupils between now and the first of March, to give a discount of 20 per cent on their scholarships.

This school has, within the past, enjoyed a wide patronage, and at present has the largest enrollment in the history of the institution. Their home courses have and are being taught to hundreds throughout the south.

Gregg shorthand, the leading system, can be learned in from six to eight weeks. Bookkeeping, by actual practice. Their pupils trade among themselves, and this makes the work live and interesting. Write, wire or call for particulars. Memphis Business College, 90 North Main street, Memphis, Tenn.

Clash Over Fair Dates.

Jefferson City—There is a clash of dates for the state fairs of Illinois and Missouri, both claiming the week of September 28-October 6 for its exhibition. The date was assigned to Missouri by the American Association of Fairs.

Two Killed in Boiler Explosion.

Carrollton—The boiler exploded at a grist mill ten miles north of here. Warren Swank was blown to shreds, and W. H. Harford, the owner, was so badly injured that he died within a few hours.

Kansas City Merchant Dead.

Kansas City—George C. Smith, one of the most prominent merchants in this city, died at his residence here, after an illness of five months, aged 58.

Scheming to Save Barrington.

Chicago—An attempt will be made to take the case of F. Seymour Barrington, the condemned murderer of James P. McCann, to the federal courts.

St. Francois County Assessment.

Farlington—The assessment lists filed with the county court total \$4,451,234, an increase of \$67,561 over the list of the preceding year.

MISSOURI GLEANINGS.

Railroads in Missouri.

Jefferson City—The report of the board of railroad and warehouse commissioners, not as yet ready for the printer, shows that the total mileage of the state is 7,820.31 miles. The new mileage constructed and operated in 1905 was 320.32. The commissioners note that the volume of business has greatly increased during the last year. The maximum freight-rate bill passed by the last legislature is held in abeyance by an order of Judges Phillips and McPherson, of the federal court. No opportunity has yet been afforded the commissioners to test its provisions touching lower freight rates, as specified by the law. Former complaints touching inadequate passenger service have practically all been remedied. Rates on flour, in lots of 10,000 pounds and more, have been materially reduced. The same is true of mill logs not for export, mill stuffs, including feed of all grades, coal oil, petroleum, gasoline, lubricating oils, melons and railroad ties. There has been some difficulty in adjusting oil rates, but the commissioners express the opinion that this item will speedily be settled in accordance with the rates of the board. Orders also have been established during the year for a material reduction of express rates, with the assurance that the schedule of the board will be complied with by the various express companies doing business in the state.

Anest. Frederick Mueller's Death.

Clayton—Coroner Koch of St. Louis county turned over to Prosecuting Attorney Johnson a transcript of the evidence taken at the inquest in the death of Frederick Mueller, held at Grover. The finding of the jury was that Mueller 'came to his death by arsenic poison administered by the hands of some person unknown to the jury.' So far as the coroner's investigation was concerned, no attempt was made to fix responsibility for the sudden death of the farmer, who died 16 days after his marriage at night on a railroad track to Mrs. Annie Mitchell, a widow 16 years his junior, whom he had seen only twice before the wedding. Mrs. Mueller, 31, at her home at Pittman, was not summoned to appear at the inquest.

Eaton Escapes Gallows.

Jefferson City—Louis Eaton, confined in the St. Louis jail for safekeeping, and who was to have been hanged at Kennett, February 12, will escape the gallows, the governor having commuted the death sentence to 99 years in the penitentiary. This is the case in which Eaton's attorney petitioned for clemency, writing to the governor that his client had not been defended as he should have been, as he had had but two weeks' practice in his profession when it took the case. Eaton killed Frank Huff in a quarrel about women.

Big Fire at Independence.

Independence—At an early hour the three-story brick building on the north side of the city square, occupied by the Mize Hardware Co., was destroyed by fire, causing a loss of \$75,000. The entire business district of the city was threatened for a time, and three hose companies and an engine from Kansas City assisted in getting the fire under control.

Thorington's Death Unclear.

Memphis—An inquest was held over the body of Dr. William O. Thorington. The evidence brought out did not show conclusively how he met death, except that he was shot in the head. Who did it has not been determined. No reason was developed why he should want to take his life.

A Family Tragedy.

St. Louis—Dr. William F. Meyer shot and instantly killed his brother, Joseph M. Meyer, at 321 Marion street. The latter, while intoxicated, threatened the lives of his widowed mother and sister, and the doctor shot him, as he alleges, in their and his own defense.

Markham Succeeds Lee.

Jefferson City—Gov. Folk has announced the appointment of George D. Markham, of St. Louis, to be a member of the Missouri commission to the centennial celebration at Jamestown, Va., to fill the vacancy occasioned by the withdrawal of William H. Lee.

Indiana Suspect Not Spencer.

Jefferson City—Warden Matt Hall has received notice that the suspect held at Lebanon, Ind., is not H. E. Spencer, the ex-convict, who smuggled explosives into the penitentiary. The Bertillon system of measurement was the test.

Clash Over Fair Dates.

Jefferson City—There is a clash of dates for the state fairs of Illinois and Missouri, both claiming the week of September 28-October 6 for its exhibition. The date was assigned to Missouri by the American Association of Fairs.

Two Killed in Boiler Explosion.

Group of Girls Carrying Wreaths Made of Grapes to the Winery to be Crushed, and Made into Wine.

The Speer Wine Company, Passaic, N. J.

have their vineyards stocked of the same grape, the only vineyard of the kind in this country, the vines were imported and planted here over forty years ago. The Speer Port wine and Burgundy are now regarded the finest in the world, their rich, full body and high character is unexcelled. Invalids, weakly persons, especially females, and the aged are made strong and vigorous by its use, as a medicinal wine it has no equal; as a family wine it has no superior. First class physicians all over the country, here and in Europe, who have tried them recommend them as the best.

A close study by physicians on the effect of different brands of wines on the system convinces them of the superiority of the Speer Passaic wines for their patients. Sold by Druggists and Grocers.
