

PROSPECTOR

PEARL RIVER BANNER

The undersigned propose to publish a weekly News Paper by the above name. We are well aware that in attempting to commence the publication of a paper at this time, that we will have to labor under various disadvantages; but we feel assured that we will be sustained by the people of the South Eastern part of our State, as they are wholly unprovided with a press in that section; we allude to the counties south of Brandon and Paulding.

It is usual in a prospectus to say something of the objects of a paper, proposed to be published; and the principles upon which it is to be conducted. Our objects—for we will speak out frankly, is first to make our paper a source of profit to ourselves, and secondly while we advance our own interest, make an honest effort to advance the interest and happiness of those who patronize us. We will endeavor to make our paper profitable and interesting to our patrons, by the discussion and elucidation of those subjects, which will be most interesting and useful to them.—These subjects we suppose to be those relating to the great agricultural interest of the country.—The sound moral principles of the community.—In short, the intellectual improvement of the great body of the people upon all subjects affecting their happiness and prosperity. Our political principles are those entertained by Washington and Jefferson.—in favor of a strict and just construction of the Constitution.—We believe that all powers not granted to the Federal Government, are reserved to the States or to the people; and that all violations of the reserved rights of the States, is a violation of the Constitution and a dangerous usurpation on the part of the Federal Government. The present situation of our country affords a melancholy example of the consequences of the Executive throwing aside the Constitution and disregarding all the checks and restraints which that Constitution had imposed on him, and acting with no other restraint than his own will; and with a wreckless determination to effect his own favorite schemes, though millions should sink from affluence to poverty in the general crush. In that portion of our paper devoted to politics, we have no preference for men, we go for LIBERTY AND THE CONSTITUTION.

TERMS:—The PEARL RIVER BANNER will be published on a large Super-Royal sheet and sent to subscribers at five dollars in advance or six dollars at the expiration of the year. The first number will be issued about the first of September next.
