Geo. J. SANTA CRUZ, Station Agent.

-J. Y. Morgan sells shingles.

-Watermelons are getting cheap.

-Sunday picnics on the beach are becoming quite fashionable.

-A cool wave struck us Saturday. Welcome, indeed--come again.

-The foundation is being laid for Mr. Feore's residence on Pascagoula street.

-Miss Nelsena Nelson has returned from Starkville, where she has been visiting for some weeks.

-Capt. James Smith is making some needed improvements across the ditches near his bar-room.

-The baseball game between the Hoopers, of Mobile, and the Scrantons failed to materialize last Sunday.

-Mrs. Ada Henry has arrived from New Orleans to spend the summer at her charming summer retreat, Villa Ayla.

-Mr. H. H. Hall, a prominent lawyer of New Orleans, visited Pascagoula last week, the guest of Mrs. L. W. O'Connell.

-Mr. S. T. Haviland was made eminently happy last Sunday by the arrival of a bouncing boy to call him papa. We extend congratulations.

-Sheriff Frank H. Lewis took with him to Jackson last Tuesday an escaped convict from the penitentiary to be replaced behind the walls.

-We are sorry to learn of the illness of Mr. George Thompson, but we, in conjunction with his many friends, hope for his speedy recovery.

-Col. W. R. Stewart, of Ocean Springs, gave us a short visit last Saturday. Col. Stewart is 71 years old and is as lively as a cricket. Call again, Colonel.

-Some people have been praying for rain throughout the country, and some have overdone the thing, but we believe we have just about hit it right.

-Putticians and cowhides and guns, pretty wife with tale of woe, monkey business and servant girl, created a deep undercurrent of excitement and a scandal in high life whisperingly suppressed here last Sunday.

-Our town since the Fourth has been remarkably dull, very few people being seen on the streets. As it is the laborers in the shipping that is missed it is no bad sign, for they will have big swads when they come in.

-If your country cousin is visiting you and this paper is not up with the excitement to make local mention of the event, please excuse the slip, as the editor-in-chief is absent, the sub-editor and the sub's aid is poorly posted on movements in the social circle.

-Miss Ida Cox, of Mobile, came over Monday to spend a few weeks visiting the family of her brother, Dr. W. A. Cox.

-Dr. W. A. Cox left Tuesday night for St. Louis on a pleasure trip with Mobile friends. We wish him a pleasant visit and safe return.

-Remember that the Board of Supervisors meet on the 1st Monday in August, when the only opportunity for correcting the assessment roll will be presented this year. If your lands are not properly assessed it is the duty of the Board at this meeting to correct it on the roll. If your lands are assessed to another by the fault of the assessor or yourself, or a purchase by you since the assessment, you should give ten days notice to the party to whom they are assessed and apply to this meeting of the Board to have the proper change made. This is a matter of importance that tax-payers should not forget or neglect.

-With a population of some 1,500, with several hundred educated children of the free school age and free school ignorance, with an Odd Fellows' Hall costing some \$5,000 or more, an equipped fire company and firemen's hall, a yacht club with costly yachts, four Protestant churches built by the enterprise and outside aid energetically solicited--by a membership scarcely exceeding an average of 15, and a Catholic Church and assembly not excelled in this section of country, it seems passing strange to hear school patrons talk about the impossibility of building a first-class two-story public school building, with some \$50 and a lot to start with.

-Rev. D. O. Byers preached Sunday afternoon in the Methodist Church to quite a good congregation. After preaching, the members of the church held a meeting and elected Mr. J. Walsh to the position of elder. It was also arranged that a meeting of the members be held at the residence of Mrs. Brazy on Thursday evening, July 23d, at 7 o'clock, to hear and discuss the report of the building and finance committees, and discuss plans for raising additional funds for completing the new church edifice, upon which considerable progress has been made. This small congregation, having begun this enterprise of erecting their church edifice with commendable zeal, we wish them success in their efforts to complete the work in good shape.

THE PICNIC.

The picnic last Wednesday at Pascagoula, given for the benefit of the Scranton public school building, was largely attended. The entertaining features, consisting of the ordinary picnic festivities, together with a base ball game between the Scranton and Moss Point clubs, a boat race and sack race, seemed to be highly enjoyed, and the holiday wound up with a dance at night.

As we haven't time or space for special mention of these different features, we will only state that the boat race was won by the Flora G. in 1 hour, 4 min. 45 sec., closely followed by the Dux, which came in 1 min. and 1 sec. later, which made it interesting. The Scranton also won the ball game against Moss Point due by 6 to 3. We have not yet heard as to the net proceeds realized for the benefit of the school building.

-Miss Ida Cox, of Mobile, came over Monday to spend a few weeks visiting the family of her brother, Dr. W. A. Cox.

-Dr. W. A. Cox left Tuesday night for St. Louis on a pleasure trip with Mobile friends. We wish him a pleasant visit and safe return.

Remember that the Board of Supervisors meet on the 1st Monday in August, when the only opportunity for correcting the assessment roll will be presented this year. If your lands are not properly assessed it is the duty of the Board at this meeting to correct it on the roll. If your lands are assessed to another by the fault of the assessor or yourself, or a purchase by you since the assessment, you should give ten days notice to the party to whom they are assessed and apply to this meeting of the Board to have the proper change made. This is a matter of importance that tax-payers should not forget or neglect.

PASCAGOULA BOATS IN THE POINT CLEAR REGATTA.

When our little sailing fleet, consisting of the Flora G., Maggie P. and Teaser, left here on the 9th inst. for the race course at Point Clear, it reminded us of little David who went out to fight the great giant Goliath, and the result was very near the same.

Our boats not only sustained their reputation as fast, but added to their laurels by capturing every prize they contested for. The Flora G., Maggie P. and Teaser were all third class boats, and when they arrived at Point Clear, they found that they were the only boats there of that class to enter the first day's race. It was then agreed that the third class prizes be added to the second class prizes and that they enter with the second class boats. The Flora G. took the lead in the start, with the Phantom second and the Maggie P. third. The Phantom capsize on rounding the first stake, and the Flora G., with a stiff breeze blowing and under the skillful management of Mr. Walter Gautier, completed the triangle and came in the winner, besting not only her own competitors, but beating the winner of the first class boats by over ten minutes. The Maggie P., Mr. B. F. Pickett, owner, came in second. The Teaser was unable to enter in this race as her commander, Capt. S. H. Thompson, was elected one of the judges.

The second day's race was for the Mobile Yacht Club Cup, for Mobile boats only. The Phantom won in this race with the Siren second.

The third and last day's regatta was a brilliant close to the fine sport. At least one thousand people witnessed the race. The Flora G. entered second class, the Maggie P. and Teaser entering third class. The Flora G. won first prize on time allowance. The Teaser captured first prize in the third class on time allowance, the Maggie P. second.

Our boatmen are no great blowers, but the boat that gets away with them must certainly fly through the water.

The commodore and members of the Pascagoula Yacht Club in attendance at the regatta speak in high praise of Commodore Van Liew and the judges for their justness and politeness in the general management of the regatta, giving satisfaction generally.

CATHOLIC CHAPEL CONCERT.

The garden party and concert given at the residence of Mr. Dean, at Pascagoula, last week, while not a success financially, by reason of the inclement weather, was none the less an occasion of the greatest social enjoyment by those who were so fortunate as to be present. Mr. Wehrmann, of New Orleans, the young and talented violin virtuoso, executed some of his own beautiful compositions with matchless taste and correctness. Mr. Durel, the baritone soloist, charmed every one with his renditions, while Mr. Brown, of Mobile, and Miss A. Krebs, of our own town, and Mr. Jones, of New Orleans, gave additional interest to the entertainment. By request of many who were not present, the concert will be repeated at the new Catholic Chapel at Pascagoula, on Wednesday, the 22d of this month. Messrs. Wehrmann, Durel and Brunet will again appear before our public and we should wish every one to participate of the music feast to be set before them. Principal among the attractions of the evening will be Miss Hrommaize, the most cultivated soprano of the Crescent City. Be sure to come. The concert takes place July 22, 1891, at the Catholic Chapel of Pascagoula, and for its benefit. A lawn party, with refreshments, completes the programme.

Messrs. J. H. Ford, F. H. Lewis and George Mathieu, of Scranton, and Hon. C. H. Wood, of Moss Point, delegates from this county to the Democratic State Convention, left by the early train Tuesday morning for Jackson to attend the Convention. They are all well and engaged wide Democrats, and under the leadership of the Right Honorable George Mathieu, a veteran pioneer of political management, bearing the scars of many a fray, the interest of old Jackson is in safe hands.

Messrs. S. E. Perkins, J. C. Griffin and J. W. Fairley are delivering a second large drift of logs to the L. N. Dantzier and Moss Point Lumber Companies.

Mr. and Mrs. E. Bloomfield were "at home" to a few friends on Thursday night, all of whom carried away the recollection of an evening most pleasantly spent.

The result of the recent primary election rather indicates that the necessity of good and competent men for office was not so great as had at first been supposed.

The charming presence of Miss Kate Barnett will be missed from among us this summer, as she left on Tuesday for Meridian, Miss., where she will spend the heated term.

A small freight of happy hearts was carried out to Horn Island on Tuesday night last by Capt. John Tarkel on steamer Fox. This pleasure was arranged by Mr. J. L. Dantzier, complimentary to the young ladies who are visiting here.

Never within the memory of the oldest inhabitant have the strains of "Old Black Joe" fallen so pleasantly on the human ear as on Monday night last, when rendered by the jolly party of young people who were out boating on the Escatawa.
