DR. HULL'S

Vegetable Fever and Ague and Anti-Fever PILLS.

A certain and effectual Cure for Ague and Fever; also used successfully in the treatment of Bilious Fever, Nausea, General Debility, and Nervous Weakness.

The most flattering recommendations of this Medicine have been received from many eminent Physicians and others who have used it. And it is presumed that no medicine has ever been used whose action has been more beneficial, pleasant and invigorating, and called forth from affected sufferers such expressions of heartfelt gratitude and thankfulness. Persons taking the Pills, soon feel themselves relieved—Chill leaves! Fever gone! Stomach and head free and healthful! Strength and appetite increasing and improving, and all nervous weakness fled.

When taken according to the directions accompanying them, they never fail to cure the Chill and Fever the first day, and never sicken the stomach or operate upon the bowels.

Their action upon the whole system is so charming, that persons are invariably surprised and pleased with their mild and complete restoration to health.

The Pills are purely and wholly Vegetable, and the happy combination of the ingredients and their proportions are such as to produce a medicine which never fails to relieve when taken by or to all sustainable.

Each box contains 30 doses of Pills—Price, One Dollar. For sale by Dr. W. M. STANSBURY, C. STANCILL.

Carrollton, Miss., Sept. 1, 1843.

IMPORTANT CAUTION.

The public are hereby cautioned against being imposed upon by paying to those base fellows one dollar and twenty-five or one dollar and fifty cents for a box of Pills or a bottle of any kind of Medicine to cure Chills and Fevers, when a box of Hull's Fever and Ague and Anti-Fever Pills can be had for only One Dollar that have never failed in a single instance of curing the Chills and Fever, when used according to the directions accompanying them. Remember this, and next time get HULL'S PILLS, and thereby save your half a dollar.

COUGH LOZENGES

DR. HULL'S COUGH LOZENGES are now rapidly superseding all other preparations for the relief of Coughs, Colds, Asthma, Whooping-Cough, Catarrh, Tightness of the Chest, Bronchitis, and similar Pulmonary affections.

Hundreds of persons could now be pointed out, who have been troubled with an old lingering Cough from five to twenty years, and who have been entirely cured by using two or three boxes of these Lozenges. In fact, the proprietors have never known an instance where they did not give perfect satisfaction.

Sudden Colds and Coughs are cured by them in a few hours. Price 25 cents per box. For sale by Dr. W. M. STANSBURY, C. STANCILL.

Carrollton, Miss., Sept. 1, 1843.

WORM LOZENGES

Are the surest and safest Worm Destroying Medicine ever discovered. It is estimated that in the United States,

100,000 CHILDREN DIE ANNUALLY

from the effect of Worms alone. This vast mortality can be almost entirely prevented by the use of Hull's celebrated Lozenges.

Grown persons are very often afflicted with Worms, and are doctored for various complaints, without any benefit; when one or two doses of the Lozenges would speedily cure them. They are an infallible remedy, and so pleasant to the taste that children will take them as readily as they would a common peppermint Lozenge.

Thousands and tens of thousands pine away and die of Worms, without suspecting the real disease. The following are a few of the symptoms: headache, pale lips, flushed cheeks, disturbed dream, feverishness, bad taste in the mouth, offensive breath, itching of the nostrils, pain of the stomach or nausea, unnatural appetite, swelled stomach or limbs, sense of something rising in the stomach, &c.

To parents, we say, do not be without the Lozenges at any time—attend to these suggestions, as you value the lives of your children

*** Price, 25 cents per box, with full directions.

For sale by Dr. W. M. STANSBURY, C. STANCILL.

Carrollton, Miss., Sept. 1, 1843.

DR. SPENCER'S VEGETABLE PILLS

A PUBLIC BLESSING.

These Pills have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

They are particularly recommended to all those persons who are afflicted with any kind of a *chronic or lingering complaint*, as there is no medicine before the public which has so natural and happy effect upon the system in correcting the stomach and liver, and to the formation of healthy chyle and thereby purifying the blood.

They are acknowledged by the hundreds and thousands who are using them, to be not only the most mild and pleasant in their operation, but the most perfectly innocent, safe and efficient medicine ever offered to the public. Those who once make a trial of these Pills, never afterward feel willing to be without them, and call again and again for more; which is sufficient proof of their good qualities.

HEADACHE—SICK OR NERVOUS.

Those who have suffered and are weary of suffering with this distressing complaint, will find *Spencer's Vegetable Pills* a remedy at once certain and immediate in its effects. One single dose of the Pills taken soon as the headache is felt coming on, will cure it in one half hour entirely.

As a remedy in *summer and bowel complaints*, they display their wonderful powers to admiration, and are far superior to any thing in use for these complaints.

In *Dyspepsia and Liver Complaint*, they stand unrivalled. Many have been cured in a few weeks, after having suffered under the dreadful complaint for years.

In *Habitual Costiveness*, they are decidedly superior to any Vegetable Pill ever brought before the public; and one 25 cent box will establish their surprising virtues, and place them beyond the reach of doubt in the estimation of every individual.

They are invaluable in nervous and hypochondriacal affections, loss of appetite, and all complaints to which females alone are subject.

They are mild in their action, and convey almost immediate conviction of their utility from the first dose. They may be taken by persons of any age; and the feeble, the infirm, the nervous and delicate are strengthened by their operation, because they clear the system of bad humors, quiet nervous irritability, and invariably produce sound health.

Upwards of *three hundred and seventy thousand boxes* of these inestimable Pills have been sold within the last twelve months in three States alone, and more than three times the same quantity in other States.

As an anti-bilious medicine, no family should be without them. A single trial of them is more satisfactory than a thousand certificates. Price 25 cents per box. For sale by Dr. W. M. STANSBURY, C. STANCILL.

Carrollton, Miss., Sept. 1, 1843.

Circular.

WILLIAMS' LANDING, MISSISSIPPI, August 1, 1843

Sir:—

We address you for the purpose of informing you that we would be pleased to do your business at this place, and should you intrust us with the Storing and Shipment of Cotton or any other article, we pledge ourselves to give it our best personal attention, and to obey instructions as far as practicable.

We have labored and been at a good deal of expense to get good and safe COTTON-SHEDS and WARE-HOUSES, and we are glad to be able to say, that we think we have accomplished our object, and we now tender you the use of them.

We have such supplies of *Bagging, Rope & Twine*, as to be able to supply all who may wish us to serve them, and on the most reasonable terms.

We also keep a supply of *Salt, Sugar, Coffee, Bacon, Flour, Lime, Iron, Nails, Castings, Queensware—Stone, Wood & Tin Ware; Feathers, Shoes, Boots, Hats, Cops, Blankets, Linseys, Kerseys, Lowells, Brown & Bleached Shirtings, Calicoes, &c. &c. &c.;* and as to prices, we pledge ourselves to do as well by you as you can do at any point on the Yazoo River. We sell for CASH or COTTON.

Feeling ourselves now permanently settlep at this place, we can assure our friends, that any business intrusted to our care shall always have the personal attention of one of us.

WE will at all times be prepared to make CASH advances on Cotton delivered to us.

Try us—we will endeavor to give satisfaction.

Yours, very respectfully,
McCONNELL & BROTHER.

TRUSTEE'S SALE.

BY virtue of a Deed of Trust, to me executed by Bowen Reynolds, to secure certain debts to John Gibbs, agent for Wm. Mabson, therein mentioned, which bears date 15th of April, 1842, and has been duly recorded in the Probate Court of Carroll county, Mississippi, in deed book E, pages 130 and 131—I shall, on the FIRST MONDAY IN APRIL, 1844—at the residence of said Reynolds, in said county, proceed to sell to the highest bidder for cash, all or so much of the following property, as shall be sufficient to satisfy the said debt and all costs, to-wit—Sixteen head of Cattle, one Cart and Yoke of Oxen, twenty head of hogs and household and kitchen furniture. I shall convey such title as is vested in me.

SEPTIMUS CALDWELL, Trustee.

Bright, situated west and near to the said Town, on the south side and adjoining the Road leading from said Town to Williams' Landing. Said lot contains about five acres. (A particular description of boundries given at the sale.) Bond with at least two approved securities will be required of the purchaser.

JAS. WELLONS, Adm'r
Of Estate of THOS. RHODES, dec'd.

June 3rd, 1843. 14-6w.

DR. HULL'S

Fever and Ague Pills,

A certain and speedy cure for Fever and Ague.

THE extensive prevalence in this country of that troublesome disease FEVER AND AGUE, or INTERMITTENT FEVER, and the vast amount of suffering and distress which it has occasioned, has naturally led to the adoption of many compounds and mixtures for its mitigation and relief. Among these some few have been found temporarily beneficial in particular cases while the great majority are not only utterly useless, but absolutely deleterious—in many instances operating as stimulants to the disease intended to be cured. In other cases the deleterious nature of the ingredients used in these empyrical compounds, has been found extensively prejudicial to the constitution, not unfrequently resulting in other affections of a highly dangerous character.

It must be evident to all persons of reflection, that FEVER AND AGUE, to be treated successfully, must be approached scientifically, and with a full knowledge of the peculiar character of the disease, and particularly of the leading causes of its appearance. Though differing materially in many of its features from other fevers, INTERMITTENT FEVER, OR FEVER AND AGUE, is almost always accompanied by a deranged and sometimes an irritable condition of the digestive apparatus. This condition is indicated by a quick pulse, thirst, pain in the head and loins, and other evidences of fever.—To afford the desired relief by the adoption of a medicine calculated to operate upon the digestive organs, remove the afflicting disease, and correct and improve the tone of the stomach, the most earnest attention has recently been directed by several medical gentlemen of extensive experience, and the result of the investigation is the adoption of the preparation here recommended as HULL'S PILLS, which having been prepared with the sole reference to this particular disease, and with strict regard to medical science, is admirably adapted to restore the deranged organs of the system to a healthful state, and of course to remove, simultaneously, both the disease and its causes.

In renewing the healthy action of the digestive organs, the effect of this medicine is to operate in a highly beneficial manner upon diseases originating in similar causes with Fever and Ague. Among these may be classed, Bowel Complaint, Dysentery, Heart-burn, Flatulency of the bowels, Want of Appetite, Night-Sweats, Water-Brash, and that most obstinate complaint, DYSPEPSIA; the extensive prevalence of which, in this country, has become a matter of serious alarm. For all these diseases, these Pills is an excellent remedy. Each box contains 20 doses. Price, only One Dollar.

For sale by C. & G. STANCILL.

Carrollton, March 21, 1843. 3-6m.

DR. SPENCER'S VEGETABLE ANTI-BILLIOUS AND ANTI-DYSPEPTIC PILLS.

THE universal estimation in which these celebrated Pills are held, is satisfactorily demonstrated by the increasing demand for them in every State and section of the Union and by the voluntary testimonials to their remarkable efficacy which are every where offered. It is not less from a deeply gratifying conviction that they are the means of extensive and incalculable good among the afflicted fellow-creatures, than from interested considerations, that the proprietors of these pre-eminently successful specifics is desirous of keeping them constantly before the public eye. The sale of every additional box and bottle is a guarantee that some persons will be relieved from a greater or less degree of suffering, and be improved in general health; for in no case of suffering from disease can they be taken in vain. The proprietors have never known or been informed of an instance in which they have failed to do good. In the worst obstinate cases of chronic disease, such as chronic dysentery, bowel loss, rheumatism, asthma, nervous pains, nervous headache, costiveness, piles, general debility, scrofulous swellings and ulcers, scurvy, salt rheum, scaldhead, swellings of the organs and all other chronic affections of the organs and circulation, they effect cures with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In colds and coughs, which if neglected, sometimes the most fatal diseases of the throat, consumption the most fatal diseases of the throat, lungs, and indeed the viscera in general, three weeks, if taken but for three or four days never fail. Taken at night, they so promote the insensible perspiration, and so relieve the system of febrile action and irritable obstructions, as to produce a most delightful sense of convalescence in the morning, and though the novel symptoms of a mild change particularly if taken during the day; the repetition of a suitable dose at the most hour of bed-time will almost invariably effect permanent relief, without further aid. They effect upon fevers of a more acute and violent kind to use less more and speedy if taken in proportionable quantity; and persons retiring to bed with unfavorable symptoms of the most alarming kind, will awake with the gratifying consciousness that the fever enemy has been overthrown, and convalescence established. In the same way, visceral obstructions, however critical, will yield—the former in small and the latter to large doses of these Pills; and so also hysterical affections, hypochondriacism, restlessness, and very many other varieties of the Nervous class of diseases, yield to the efficacy of these Pills. Price, twenty-five cents per box, with full directions. For sale by C. & G. STANCILL.

Carrollton, March 21, 1843. 3-6m.

HULL'S WORM LOZENGES.

PROVED in more than 1,500 cases to be infallible, the only certain Worm-destroying Medicines in use, and are the greatest discovery ever made for dislodging the various kinds of worms, that so frequently and distressingly annoy both children and adults. Many diseases arise from worms, and occasion long and intense suffering and even death, without their ever being suspected. grown persons are very often afflicted with them and are doctored for various complaints, without any benefit; when one dose of these Lozenges would speedily cure them. They are an infallible remedy, and so pleasant to the taste that children will take them as readily as common peppermint Lozenges.

SYMPTOMS OF WORMS.—Pain in the joints and limbs, offensive breath, picking at the nose, grinding of the teeth during sleep, and at times a paleness about the lips with flushed cheeks; bleeding at the nose, a gnawing sensation at the stomach, flashes of heat over the surface of the body, slight chills or shiverings, headache, drowsiness, vertergo, torpor, disturbed dreams, sudden starting in sleep with fright and screaming; with a troublesome cough, feverishness; thirst, plaid hue, fits, bad taste in the mouth, difficult breathing, pain in the stomach or bowels, fatigue, nausea, squeamishness, voracious appetite, leanness, bloated stomach or limbs, griping pains in various parts of the body, a sense of something rising in the throat, itching of the anus towards night, a frequent desire to pass something from the bowels, and sometimes discharges of slime and mucus.

Read the following Letters:

New-York, September 13, 1841.

DEAR DOCTOR:—According to your request, we have used your Lozenges in several cases of worms, and found them uniformly successful. We have no difficulty in getting children to take them, as they are perfectly pleasant. We shall use them in our practice whenever occasion offers, believing them to be the best vermifuge medicine in use. We have also used your Cough Lozenges very extensively, and fine them fully to answer the purpose you recommend them for. We are yours, respectfully,

ZACHARIAH B. LANE, M. D.
W. E. PLEASANT, M. D.
GREEN H. BARRY, M. D.

Dr. Smith knew a child that was cured of fits by these Lozenges, after three years suffering, and when nothing else would give her the least relief. He has used them in his practice for the last two years in several hundred cases, and always with success. A boy on Board of one of the New Orleans Packets was cured of fits by only one dose of them.

Mr. Fulsom, of Spring street, cured three of his children of worms by only one box.

Captain Griffin, cured his child 8 years old, by only three doses she had been given up by the physicians as incurable, and was fast wasting away, being almost reduced to a skeleton. The doctors could not tell what ailed the child, and the father in reading the symptoms of worms, thought probably they might be the cause of all the difficulty, and consequently applied to Dr. Hull, who gave her a box of his Worm Lozenges; after the first dose the child ran to her father, frightened at the large quantity of worms that came from her. She is now as well and hearty as any child, and no doubt has been saved from an early grave by only three doses of these Lozenges.

Mr. W. Hopewell, East Broadway, gave them to his child and they brought away worms by hundreds.

Parents should always keep those Lozenges in the house, for they are the best medicine that can be administered to children afflicted with worms. Children will take them as readily as most delicious sugar candy. Price, twenty-five cents a box, with full directions. For sale by C. & G. STANCILL.

Carrollton, March 21, 1843. 3-6m.

DR. HULL'S WORM LOZENGES.

WORMS! WORMS!! WORMS!!!—To remove these troublesome and dangerous inhabitants of the stomach and bowels, which so often impair the health and destroy the lives of CHILDREN use Dr. Hull's Worm Lozenges, a certain and safe preparation for the removal of the various kinds of Worms, Dyspepsia, Sour Stomach, Want of Appetite, Infantile Fever and Ague, and Debility of the Stomach and Bowels and organs of Digestion. Price twenty-five cents per box, with full directions. For sale by C. & G. STANCILL.

Carrollton March 21, 1843. 3-6m.

DR. LACOUNTS VEGETABLE TOOTH-ACHE ELIXIR.

A certain and immediate cure.

DR. LACOUNT having appointed several agents for the sale of his valuable Drops for the cure of the Tooth-Ache, can with confidence recommend it as an infallible cure in all cases, however severe; giving relief in a very few minutes, and that too without any injury to the Teeth or Gums; it possesses the property of enlivening the Gums when in a morbid state, and of restorinng a healthy and vigorous action. Price, fifty cents a vial. For sale by C. & G. STANCILL.

Carrollton, March 21, 1843. -6m.

PROSPECTUS OF THE HORN

"TOUCH—AND WE STRIKE"

THE undersigned proposes to publish a weekly journal under the above name, commencing the first number on the 4th of July, and continuing it until the day of election. Prompted by no other motive than the welfare and prosperity of our State, we enter the field with honest intentions, and shall use all honorable means to redeem her once fair name from the foul stain of *repudiation.* A well conducted press is the great lever by which public opinion is to be directed to the right path of action, and by honest and good faith, it labors for the best and most righteous cause, to come boldly to its support, and give that assistance which is calculated to crown the enterprise with success.

Perhaps no one period has ever been more pregnant with the fate and future formation of our Government, than the present. Surrounded by many dangerous, ill-devised and ruinous measures, and calling loudly for the energy and assistance of the true sons of liberty. Was such a monster as Repudiation ever heard of, until it was promulgated in Mississippi? Has a faction of political aspirants, who call themselves "democrats" for the purpose of including the honest of that party, ever deceived them to the polls to ensure the success of an unholy cause.

Shall the foul stain of dishonor be permitted to rest on our flag of State—or shall we, as true patriots, rush to the threshold, wash out the stain, and bear it aloft in glorious triumph from the ranks of our enemies. We say, by acting in a good cause, and let us, like true and patriotic patriots, invoke the aid of the divine Providence in our behalf.

In the language of some distinguished writer, "the patriot may weep and lament the ruin and mischiefs that are performed under the influence of the giddy, ever-varying and tasteless thing called democracy, as it now rolls its billows, wherever its cry of resistance to the *rights* of man—to the preservation of Constitutions—and the *honor* of States, can gain it a response understood and practiced by the many. But in Mississippi, what is called democracy, signifies, one day, to charter and build, the next day, to borrow from them the possible amount, and the next day, on payment, depreciate the paper, and repudiate the institutions, in a double way, with a loud cry for a gold currency."

Such abhorrent and detestable principles will meet a fatal doom at the next election, the true spirit is manifested by the honest party of Mississippi. We appeal to the *Democratic party*, who claim to be the sons of Jefferson, and implore them to put their shoulders to the wheel and assist us in rolling the wheels of State out of the mire—and we are assured, from the tone of the Democratic bond-paying meetings which have been held in different parts of the State, that our expectations are not made in vain.

Aside from the bond-question, our paper will contain Foreign, Political, Miscellaneous, Poetry—Agricultural, N. Orleans Prices current, Legislative Proceedings of the Present Session, with all other news of importance.

In order to put this publication within the reach of every body, we propose to furnish to subscribers until the November election, at the reduced price of ONE DOLLAR per annum in advance. All who are in favor of the measure and wish it success, will please act as our agents and procure subscribers. A little activity on the part of our friends, will do us great good towards us in a pecuniary point of view, and would more fully enable us to issue a spirited sheet. We expect this much from them, and have no doubt but that our expectations will be fully realized.

☞ We have the promise of contributions from several of our worthy co-laborers in the cause, and in fact would be pleased to receive communications from all sources, on any subject that would be of interest to readers.

☞ We would respectfully request the citizens of Carrollton to take each a Paper and make an effort to increase our list.

G. W. H. BROWN.
W. H. TERRELL.

Carrollton, Miss., June 23rd, 1843.

American O

This OIL was recently discovered near [illegible] Kentucky, after penetrating through the earth upwards of two hundred feet below the surface. It was readily supposed to be possessed of Medical virtues, and has been applied with unparalleled success, and is most highly recommended for the treatment of Rheumatism, Cholic, Burns, fresh Cuts, Ulcers, Pains, Bruises, Weak Eyes, Cancer, Consumption, Cramp Cholic, Liver complaint, Phthisic, Scald-Head, Boils on the Head, Tetter Worm, Dropsy, Baldness, Ear-ache, Deafness, Worms, Shingles, &c. Also, in the treatment of the following diseases in Horses: Bots, Cholic, Sore Back, Sores, Weak Eyes, Film, Scratches, Splint, &c. So far as the proprietor of the American Oil has been informed, by those who have used it for the Cholic, they have never known it to afford relief, even from the most violent of the Cramp Cholic, within fifteen or twenty minutes after taking it, and usually in less than five. He has never heard of its failing to effect a cure for Scalds or Burns.

The above article has been left for sale, by the proprietor, at the Drug Store of Drs. McLean & Stansbury, where certificates can be seen from those who have used the oil.

CARROLLTON, June 12, 1843.

DISSOLUTION.

THE co-partnership heretofore existing under the name and style of Wood & Stancill, was this day dissolved by mutual consent. G. Stancill is authorized to settle the business of the said firm.

J. J. WOOD,
G. STANCILL.

Greenwood, Miss., April 15, 1843.

☞ G. Stancill will continue business at the stand occupied by Wood & Stancill.
