

The City Itenizer

ESTABLISHED 1864.

YALOBUSHA COUNTY, MISS.

THURSDAY, FEB. 7, 1907.

The days are in favor of true summer—thoriotism, and as sure for a have a great country his po-dava is a correct one. A large standing army is unnecessary where love of country ranks so high in the heart of the American citizen as it does. It may be, as some one said, the Philippines gives us the key to the situation; they also will give us the key to more trouble than we are able to take care of comfortably:

"They are howling at Washington for more army and navy, more money to fortify the Pacific coast to cut off imaginary enemies and more for fortifications in the blessed Philippines. The best thing to do with these islands is to give them away to the first man who comes along with a "yaller dog" he wants to swap. Then bring home the army that has been engaged in killing savages and dying itself of diseased livers, discharge it into the productive industries and hereafter keep a standing army of not over 20,000. That's enough to guard forts and police the country. If we should have a real war the people may be depended on to volunteer to fight it and quit after the trouble is over. Give the money saved from all these retrenchments to agricultural experiment stations and farm colleges where it will do some good."

Messrs. Gordon Gillespie and Edgar Jamison were down from the University and spent Friday and Saturday.

Mr. Ben Davis was down from Oxford and spent Sunday with friends in the city.

Miss Bertha Clower, who has been residing in our city for the past two years with her sister Mrs. Shine, left last week to make her home with her sister in Hattiesburg.

Death of Mrs. Barry.

Mrs. S. M. Barry after a short illness, died at the home of her daughter, Mrs. W. L. Addington, last Friday night at 9 o'clock, at the advanced age of 70 years.

Mrs. Barry was an eminently good woman, having nearly all of her long life, been a consecrated member of the Presbyterian church where she had zealously served in the cause of the Master. She was the mother of seven children—three sons and four daughters,—all of whom had been raised to an honorable manhood and womanhood, their lives being moulded and blest by the beneficence influence of a devoted and Godly mother. Her life was beautiful and amiable, and she was greatly esteemed by all who knew her. The deepest sympathy of our people goes out to the bereaved relatives in their great sorrow.

After services at the home by Rev. J. E. Hobson, her remains were laid to rest in Oak Hill cemetery.

Mrs. O. A. Harrison and two children, of Canton, after a week's visit our city, returned home last Sunday.

Mrs. G. L. Carlisle, or Birmingham, is in the city visiting relatives and friends.

An exchange says a minister in Maryland has organized the chickens of his neighborhood as lay members of his church. All the eggs they produce on Sundays are to be sold for the cause of missions.

Congratulations are being extended to Mr. and Mrs. Robert Allen on the arrival of a boy baby at their home last Tuesday.

Miss Daisy Mason left last Thursday for a week's visit to friends in Memphis.

A mosquito story comes up from Texas in which a northbound steamer's crew were almost put out of business by the varmints. Such mild mosquito tales have no force hereabouts. If they had said they drilled holes in the hull, some attention might have been given them.—Shelby County Times.
