OUR AGENTS.

The following gentlemen are authorized agents for the DEMOCRAT-STAR. Their receipts for all dues to this office will be acknowledged: Lewie J. Owen, Moss Point. A. G. Webb, Columbia, Miss. N. Butcher, Pass Christian. H. H. Minor, Ocean Springs. H. M. McCallum, Augusta. John H. Byann, Ellisville.

THE DEMOCRAT-STAR is the oldest newspaper on the Mississippi seaboard has a larger bona fide circulation than any other newspaper in this section; therefore it is the best advertising medium. Advertisers will bear this in mind.

A ONE-HALF interest in the Okolona Messenger is offered for sale. The purchaser must be a good business man, a practical printer and possessed of a few hundred dollars in cash.

THE Handsboro Advertiser is offered for sale in whole or in part. Here is a good chance for an investment in a newspaper. For particulars address the editor C. M. Liddle, Handsboro, Miss.

THE Clarion of last week administers a severe and just rebuke upon the acting editor of the Vicksburg Herald, which sheet has been criticizing the course of the Clarion's late editor, Maj. Barksdale, since his retirement from the tripod. The Herald should have fired off its little gun at Maj. Barksdale while he was editor of the Clarion, or not at all. It is in very bad taste to do so now.

COMMENDABLE ACTION

Since the editorial article on this page, under the caption "In Order," was put in type, we have received intelligence by private letter that Mr. Jas. H. Neville was too unwell to fill his appointment at Waynesboro last Monday, and that Judge Whitaker, in behalf of Mr. Neville, made a telling speech, and in it came square out for the nominee, and stated that he would give him his hearty support.

In the course of his remarks Judge Whitaker said that when he appeared before the people of Wayne before, he did so as a candidate for district attorney, but that now he appeared in behalf of one of his opponents, the nominee of the convention for district attorney, Jas. H. Neville. He said that as to the question whether the convention was fair or otherwise he had nothing to say—that was for the people to decide—but that he went into the convention, agreed to abide by its action, and that now he intended to do so. Said he had received petitions from each end of the district asking him to run against the nominee, but that he now wanted it understood that he would do nothing of the kind, and that he intended to earnestly work for the success of Mr. Neville. That he wanted to do right, that he did not want to do wrong, and that he wanted his friends to keep him right. Was embarrassed by the appeals of his friends, but this was a question not affecting any personal wrong, but it affected the people, that he would do nothing to divide the people of the State or district, and that he wanted his friends to give Mr. Neville a hearty support. He said that Mr. Neville would make an acceptable officer, that he had been an honorable opponent, and he could and would give him his cheerful support.

The speech, so we are informed, was well delivered and took well with the people, and no doubt will be the means of giving Mr. Neville additional strength in Wayne county. As we said in our other article, we did not believe Judge Whitaker would run as an independent candidate, that we had too much confidence in his fealty to the Democratic party to believe he would attempt to divide the people upon this issue, and we are more than glad that he has given us an opportunity to see him in a true light before the people of the Seventh district. There is now no probability of an independent candidate entering the race and the election of Mr. Neville is assumed beyond the shadow of a doubt.

IN ORDER

A rumor has circulated along the coast that Judge Whitaker has been petitioned from this and other parts of the district to become an independent candidate for district attorney. The Judge went into the Democratic nominating convention and was defeated, and is thereby pledged to do all he can to secure the election of Mr. Neville. It is in order for him, now that the charges as above have become so loud and frequent, to say something upon the subject. Handsboro Advertiser.

Since there has been so much talk about the probability of Judge Whitaker becoming an independent candidate (and a good deal of this talk was caused by paragraphs published in one of the Meridian papers), we think he should, in justice to himself and friends, publish a card denying the rumor, if indeed he does not intend to run as an independent.

Judge Whitaker, as did the other aspirants, went into the nominating convention, and therefore pledged himself to abide its decision, and we have too much confidence in him as an honorable gentleman, and as a good Democrat, to believe he could be induced to allow his name used as an opponent to the regular nominee of the convention.

We think the reply of Mr. M. M. Evan's to Judge Morris' letter which was published in our issue of last week, fully exploded the theory of Judge Whitaker's possible nomination before the convention, and showed conclusively that he was not nominated, and could not have been even if the majority rule had been adopted instead of a vote of thirteen, and there is nothing to be gained by agitating the subject further.

No one has had the temerity to charge that the nominating convention was conducted unfairly, or that any fraud was used, and as a consequence every man who went before it is in duty bound to stand square up to the nominee. We, in common with others, now think Judge Whitaker should not longer

remain silent, but come out and let the people know what he intends doing.

THE Times-Democrat always abreast of the times, commenced taking cablegrams, and will publish full telegraphic reports of the news from all civilized portions of the Old World. The T-D is the only paper south of Louisville that is furnished with cable news, and is there ahead of all other papers in the South. There is no enterprise too huge for the T-D to undertake, consequently its course has been upward and onward from the day it was first established.

This is the way a mean country editor tries to crush a man who thinks he possesses the "divine affluens." "An esteemed citizen, who is sending about fifteen pages of original poetry every day, is respectfully informed that it he doesn't let up, one of his pieces, with his full name attached, will be published. This warning is given in the interest of his family and friends."

ONE of the editors, as he was returning from the recent excursion, complained of rheumatism in one shoulder, and was compelled to retire to the baggage car occasionally, to bathe the affected parts with some liniment which he carried in a bottle. It leaked out, however, that he invariably applied the liniment inwardly, and rubbed his shoulder with the bottle. —Corinthian Submitter.

Come, Bro. Barr; you should not tell tales out of school just because you were not invited to rub your "inwards" with that liniment.

GOV. LOWRY, offers a reward of \$200 for the capture of Martin Sancer, who murdered John M. Grady, Jr., in Harrison county on the 15th of last July. Sancer is a Frenchman, about 5 feet 3 or 4 inches high, dark complexion, weighs about 130 pounds, 60 years of age, and speaks English imperfectly.

GEN. H. E. WILLIAMSON, of Holly Springs, will be a candidate for clerk before the next house of representatives. The General is a whole-souled, clever gentleman and well qualified for the position.

In New York the other day a butcher's son married the fat girl in the museum. Her name is Blanche Grey, and she weighs 517 pounds, while the young man weighs only 100.

Another Madstone.

Meridian Observer.

Rev. J. W. Moseley having come into possession of a madstone has presented it to Dr. Henry Izard, of this city. It is of a round, oblong, oval shape, very smooth and handsome. Since Dr. Dozier, in Jasper, saved his boy by one of these stones from the dreadful effects of hydrophobia, they have risen very greatly in value in that region. It is said that one will almost immediately relieve the very dangerous, and we may say mortal, bite of a rattlesnake. You make a slight incision into the wound and apply the stone, after its porosity is increased by a gentle heat either in warm water or milk. The scientific principle on which it acts is that the virus is absorbed and thus taken out of the blood.

STATE NEWS.

Butter sells at 25 cents a pound in Corinth.

Sardis wants a wind-mill. Where is the Star and News?

A genuine cottipede has been captured in Tate county.

Crystal Springs shipped \$100,000 worth of fruits and vegetables last season.

Hon. Geo. M. Govan is a candidate for floater for Pike and Amite counties.

Meridian expects to handle 95,000 bales of cotton this season. She handled 63,000 last year.

Senator J. Z. George has published a list of appointments, and will soon enter upon the canvass.

At the recent term of circuit court in Clay county there was only one conviction of a criminal nature by the jury.

The Natchez Democrat denies the report that the Illinois Central has purchased the Natchez and Jackson railroad.

Last Monday night the principal streets of Jackson were lighted up with gas, for the first time since the breaking out of the war.

The interstate levee convention met at Vicksburg last Monday. Gov. Lowry and other prominent citizens addressed the meeting.

In Warren county the Democrats and Republicans decline to make any nomination. They will have an open race and a fair field.

It having proven impossible to get sufficient depth of water in front of Vicksburg by dredging, the plan now is to turn Yazoo river into the lake through Chickasaw bayou.

Last Monday circuit court opened at Vicksburg with only 105 cases on the docket. A dozen or more hangings in Warren county would improve the morals of that vicinity greatly.

Hon. H. C. Campbell, mayor of Magnolia, will soon move to Centerville, Amite county, on the Mississippi Valley road, and another Mayor will have to be elected. We nominate Capt. Burke as his successor.

Last Monday Robert Wilson, one of the oldest and wealthiest citizens of Yazoo county, died at his residence in Sataxia, aged 75 years. He had been a merchant there for about forty years.

The entries at the United States land office at Jackson for the quarter ending September 30th were 135 cash sales, amounting to \$27,144; 390 homestead entries, amounting to \$1741, and 47 homestead proofs, amounting to \$173.

From the Natchez Democrat we learn that the tenants on Col. J. F. H. Claiborne's plantation, near Natchez, have voluntarily paid their rent in clean, good, merchantable cotton for the current year, delivered at his gin. Their accounts with merchants will soon be squared up.

December 27th the Mississippi State Teachers' association will be held in Jackson, at which time a number of interesting addresses and lectures on school matters will be delivered by some of the most able and experienced instructors in the State.

It is not often the case where public office is thrust upon a man against his will, yet Hon. E. P. Briscoe, of Port Gibson, is a living example. He is the mayor of Port Gibson, and finding the duties of his position too onerous tried to resign, but the board of Aldermen would not receive his resignation.

Smith Shaw and Dick Shaw, under indictment for the assassination of Gen. Tucker at Okolona, have obtained a change of venue and will be tried at the February term of the circuit court of Pontotoc county. It is said Smith Shaw procured the killing, while Dick Shaw, with the assistance of Matt. Simmons, perpetrated it. Simmons is already convicted and under sentence of death.

A fusion ratification meeting of the Democrats and Republicans of Hinds county was held in Raymond last Saturday. John R. Lynch and Dr. Geo. W. Bryant, another noted colored man, made speeches and advised all the colored Republicans to vote the fusion ticket. Their speeches were well received by both white and black, and it is said many converts were made among the colored people for the fusion movement.

The Jackson Ledger says the exhibition in the Mississippi department of the Louisville Exposition is shockingly poor and a disgrace to the State. The exhibit consists

of a cotton stalk, a bunch of millet, a tobacco stalk, two or three pieces of wood, a rocking chair, a table and a file of State papers. The display has done more injury to the State than anything that could have been suggested.

The Okolona Messenger says: Perhaps no town in the State, has experienced a more steady and permanent growth, during the past five years, than Okolona. There is no railroad being built by our doors, or manufactory erected in our midst to which this gratifying state of affairs can be attributed. We conclude, therefore, that there is a general improvement in the country surrounding.

Palmer Creek Camp Meeting.

Meeting commenced on this new camp ground Thursday week and closed Monday night last, and we are glad to be able to announce that it was a success in every respect. The camp ground is situated about seventeen miles north of Mississippi City, in Harrison county, on Palmer Creek. The location is pleasant, the water pure and good, the land some twelve acres was donated by Mr. J. J. Cowart. The tabernacle is 40x50 feet. Eight comfortable tents and one large one for the preachers. There were about fifteen present, among the most distinguished were Rev. Dr. J. B. Walker, of New Orleans and Rev. J. M. Weems, of Moss Point. These two brothers preached some powerful and effective sermons to large congregations. This camp meeting was conducted on the old style of camp meetings. There was no gate fee to pay or collection taken up. It was free gospel, free salvation, free eating and sleeping. The attendance on Sunday was supposed to be one thousand and one of the most quiet orderly bodies of people.

Thirteen conversions and accessions to the church. To Messrs. Geo. W. Walker, Rev. Alex. Scarborough, J. J. Cowart, Rev. Wesley G. Evans, Samuel Walker and others their brethren and neighbors are indebted for the capacious tabernacle and tents erected on the camp ground. P. K. M.

Dr. Milburn's Lecture.

MOSS POINT, Sept. 27.

Editor Democrat-Star: And what shall I say about it? What can you say of the blue, cloudless sky? You can gaze up into its mysterious depths and exclaim, how beautiful! how sublime! and that is all.

You may be deeply awed by a peal of thunder, entranced by a strain of music, charmed by a beautiful painting, or perfect marble statue, but you cannot describe it. So it is with true eloquence; it cannot be described, it must be heard. I might give you in substance an outline of all that Dr. Milburn said about the "Flash" incidents in the life of S. S. Prentiss, in which every true Mississippian ought to feel interested. I might tell you of all the interesting things he said about Paris, and yet give you but a slight conception of the lecture. In order to do this you must hear him deliver it.

It is not simply what a great orator says, but the manner in which he says it, that affects us. The purity of diction, the wonderful intonation of his voice, the action of the man, the expression of the countenance, the soul of the man, in what he said—these were not the least interesting features of Dr. Milburn's lecture.

I am well aware that there are some people who have but slight appreciation of such things. They had rather spend a dollar to enter a fourth-rate circus than to visit a first-class art gallery, where the finest paintings and statues of the master artists of the world are on exhibition. But this is no reflection on the artists; neither was the small attendance the other night any reflection upon Dr. Milburn.

Why don't our people improve these opportunities of expanding, enriching and refining their intellectual nature? Why live for the gratification of the gross material part to the neglect of the immortal mind?

Andrew's Bazaar for October, just received, is a striking example of what push and a knowledge of the people's needs will do. This number is the third published under the new management and shows a great improvement over previous issues. The illustration on the first page is equal to any published in the highest priced papers of its class. The ladies of America will always be well dressed if they take this sterling fashion journal as a guide. Its low subscription price, only \$1.00 a year, is bound to make it popular. Every subscriber is entitled to a choice from a list of valuable premiums, 67 in number. Sample copies 10c. Send for it to The American Bazar Co., 292 Broadway, N. Y.

FIRE COMPANY NO. 1.

Annual Election of Officers.

The regular annual election held by Ocean Springs Fire Co. No. 1, at their hall on October 1, 1883, resulted as shown below. The nominations, which are required to be made one month before the election, were as follows:

For president—R. A. Vanceleave, Jos. Kotzum.

For vice-president—E. M. Westbrook, H. H. Minor, Jr.

For secretary—Jus. DeBourgh, F. M. Dick.

For treasurer—Chas. E. Schmidt.

For foreman—George H. Tardy.

For 1st assistant—Louis Dolbear, Geo. Mathien and Duncan Minor.

For 2d assistant—Delmas Seymour, Narcisse Seymour and B. J. Ryan.

For steward—Beatregard Ryan, John Beugez.

For grand marshal—J. B. Simmons.

There was a large meeting and the election was close and hotly contested. The following were elected:

Joseph Kotzum, president; H. H. Minor, Jr., vice-president; Jos. DeBourgh, secretary; Charles E. Schmidt, treasurer; Geo. H. Tardy, foreman; Duncan Minor, 1st assistant; Narcisse Seymour, 2d assistant; John Beugez, steward; J. B. Simmons, grand marshal.

Palmer Camp-Meeting.

Editor Democrat-Star: Palmer camp-ground is situated in Harrison county, Miss., about 17 miles north of Mississippi City. It is the property of Whittington circuit, Seashore district, Mississippi conference, M. E. church South. Ample grounds for camping purposes have been donated by Hon. J. J. Cowart. The following persons have been prominent in projecting and executing the enterprise: G. Wesley Evans, George and Samuel Walker, C. Hudson, Elbert Miles, and others whose names I failed to get. Some three weeks ago a virgin forest of pine trees graced the ground where to day you will find buildings and property dedicated to the sole worship of Almighty God valued at some twelve or fifteen hundred dollars. "The people had a mind to work." —Nehemiah. The grounds are laid off in the shape of a hollow square. The tabernacle shed is a substantial structure, 40x50 feet, with planed seats, permanently fixed, with comfortable sitting for 350 persons. It was thought that this would be ample accommodation, but the congregation of a 1000 or more Saturday and Sunday proved it was a mistake.

There are eight large tents, 19 by 30, with open hall for dining table. Twenty families tented and fed the multitudes three times each day and gave sleeping places somewhere at night without charging one cent for the entertainment. No collection on Sunday or any other day. This was a mistake. People entertained as royally as were all who attended, would have felt better to have been allowed to help pay for the public buildings.

Water of the purest kind flows just the entrance from never failing springs flowing P. H. creek—water at one point 7 feet deep, clear as crystal. Rev. J. B. Walker, D. D., said of it: "It is like a good argument—deep and yet clear." The sand, bubbly bottom, waving tresses of green grasses ever in motion by the rippling water, made me sigh that I was not born a poet, so its praises might be sung. Rev. Chas. F. Gillespie, "Uncle Charley," as we call him, was the pastor in charge. Rev. E. S. Raynor, P. E., also the following ministers were in attendance: Rev. J. B. Walker, D. D., of Louisiana conference; Revs. J. M. Weems, Joe Nicholson and R. B. Downer, of the Mississippi conference; and the following local brethren: Revs. D. M. Donlap, M. D., G. W. Evans, Alex. Scarborough, S. D. Goff, C. J. Phillips, A. P. Cox, Michael Cox and James King.

The first service was opened by C. F. Gillespie. The preaching was plain, practical and effective, resulting in 50 conversions and 14 accessions up to close of 11 a.m. service Monday when I left, with the altar crowded with seekers after Christ. There is no estimating the moral, refining and Christianizing influences of this meeting. Many persons attended this, their first camp-meeting, and were surprised that such a concourse of people could be held together for four days and not hear an oath, see a fight or a drunken man. The spirit of love cemented heart to heart, so that peace and good will prevailed. THE DEMOCRAT-STAR was represented by Capt. P. K. Mayers, who found a host of friends up in Harrison welcoming him to their hospitality.

Only one mishap occurred. "Uncle Charley," in conveying two preachers from the railroad, had a buggy wheel to succumb to the heavy load, putting all afoot within 2 1/2 miles of the grounds. Nobody hurt.

REPORTER.

Meteorological Observations.

Range of thermometer and barometer at Dr. S. Moore's office, Scranton, Miss., for the week ending Sep. 19, 1883: Maximum thermometer 89; minimum thermometer 64; maximum barometer 30.7; minimum barometer 30.10. No rainfall, remarkable dry, many wells dry.

MOSS POINT ACADEMY

Fall Session Opened Sept. 17, 1883.

The Moss Point Educational Association has erected a commodious and slightly building, on an eligible site, for school purposes, and have secured the services of Prof. W. R. HALL, as principal, and Miss A. KOGER as assistant, both experienced teachers.

The school was established to supply a long felt want at Moss Point—a first class school—and was opened on the 17th inst. under favorable auspices, with a large attendance of scholars. The trustees are determined that every white child at Moss Point, or in the vicinity, shall have the benefit of the school, or it shall be their own fault or that of their parents or guardians. The price of tuition is regulated as below. All who are able are expected to pay these prices, but may be returned to the ability of the person to pay, and those unable to pay anything are allowed to attend free of charge. The scholastic year is divided into a fall, winter and spring term, consisting of three months each. The fall term commenced on the 17th of September and ends on the 7th of December, vacation one week. The winter term begins December 17th (Christmas vacation December 21 to January 1st) and ends March 14, vacation one week. Spring term begins March 21 and ends June 15.

There are five grades or departments in the school, as follows: Primary, including first reader and equivalents, \$1 per month. Intermediate, including second and third readers, \$2 per month. Common English, including third and fourth readers, U. S. history, arithmetic, geography and civil government, \$3 per month. Higher English and Mathematics, including algebra, geometry, botany, zoology, philosophy, chemistry and rhetoric, \$5 per month. Classical, including ancient and modern languages and their equivalents.

Tuition payable at end of each month. The patronage, assistance and co-operation of every citizen is solicited, and no person is excluded on account of race or color. Persons desiring to enter the school, board can be had near by at reasonable rates. For further particulars address A. H. Bremer, or the undersigned, at Moss Point, Miss. E. F. GRIFFIN, President.
