LOVE WAGON.

2 1/2 inch Steel Skein $47 25.
2 3/4 inch Steel Skein $49 50.
3 inch Steel Skein 54 00.
2 1/2 inch Cast Skein 42 75.
2 3/4 inch Cast Skein 44 60.
3 inch Cast Skein 49 50.
Delivered to any point on railroad in Mississippi at above prices.

This wagon has given pretty general satisfaction and is first-class in every particular; it is made in Mississippi and its manufacturers have always been liberal to our organization, being the first wagon factory having a Mississippi trade to give us inside prices. This action on the part of the Love Wagon Co. lost them a great deal of trade from merchants. If you want a first-class wagon, buy theirs.

"WHEEL" WAGONS.

Owing to a storm, Bro. Jackson, president of this factory, has been unable to get out his wagon orders in the past. He writes me that he can fill all orders promptly in ten days from now, but owing to the rise in iron will have to make his prices 5 per cent higher on orders received hereafter.

I desire to call your especial attention to wa agon manufactured by the Wheel of Kentucky. It is a warranted wagon with oil-boiled wheels, etc., and at remarkably close figures. See them:
Light 2 Horse at $34 75 or 3 for $99 75.
Medium 2 Horse at $35 75 or 3 for $100.
Heavy 2 Horse at $36 75 or 3 for $105.

I offer this wagon as a rival to the Penitentiary wagon manufactured at Jackson, and believe I am offering as good a vehicle as can be had for the money. You need not wrtte to me for the Penitentiary wagon as I cannot handle it.

FREIGHT RATES.

I have been getting up freight rates on the different lines of railroad in the State, and have a flour list on the I. C, R. The following are rates on flour per single barrel from St. Louis to stations on the L N O & T R R: Robinsonville 71c; Hollywood, Tunica and Clayton 72c; Clarksdale 78; Duncan and Shelby 80c; Merigold, Burdette and Hollandale 81c; Cleveland, Shaw, Helm, Leland, Nittayuma, Anguilla, Rolling Fork and Sniders 82c; Port Gibson, McNair, Hamburg, Roxie, Knoxville and Centerville 83c. Sugar.

Below I give the gradings of sugar:

1. Cut Loaf.
2. Powdered.
3. Standard Granulated.
4. L. A. Granulated.
5. Standard or Coffee A.
6. Fancy Y C.
7. Y C.
8. Seconds.
9. O K, different grades.

I would advise the brethren in buying to get the Standard Granulated or Fancy Y C, as while the others sell lower per pound, these two are cheapest in use and give better satisfaction.
