

WITH FATHER AS A MODEL

Seems Likely That is Where Impertuous Youth Got His Idea of the Duties of a Wife.

"You fill the pails with sand, and let me turn them out," suggested six-year-old Jack to little Doris.

His playmate obediently complied. "Now we'll build a castle, and you shall fetch the water to go round it," exclaimed Jack.

Dutifully the little maid struggled up and down the beach, carrying buckets of water.

"Can't you fetch the water now, Jack," she suggested, "and let me pour it round?"

"Girls can't do that properly," answered the boy. "Let's paddle. But, I say, Doris, do you want to marry me when you grow up?"

"Yes—oh, yes!" Doris was delighted at the prospect.

The boy, however, assumed a bored air, and lazily extended his feet toward her.

"Very well, then," he said nonchalantly. "If you're going to be my wife, take off my shoes and stockings!"

WOULDN'T TRUST THE 'GATOR

Darkey Had by No Means Lost His Faith, but He Was Just a Little Apprehensive.

Bishop McDowell tells a story about a southern baptism. A colored preacher was dipping his converts in the waters of a tropical stream when one old darkey saw a crocodile sunning himself on the opposite bank.

When his turn came to be immersed he drew back, casting terror-stricken eyes at the sleeping saurian.

"What's de mattah wid yo', brudder," said the parson; "yo' all ain't skeered o' dat dar gator, is yo'?"

The darkey admitted frankly that he was.

"Don't yo' all member de story ob Jonah an' de whale, an' how de whale dun spit up Jonah on de shoah?"

"Yes, parson, Ah members ebout Jonah. But dat whale dun hab a conscience. Dat 'gator looks lak he might go to sleep an' fergit all ebout me."

And she said: "Thank, my darling, I know it. Been thinking about it all day and have it all arranged. I have ordered a big wagon load of kindling to be delivered tomorrow afternoon, and you will come home early from the office and carry it into the cellar."

IMMIGRATION BILL PASSED BY HOUSE

MEASURE PROVIDING LITERACY TEST FOR APPLICANTS WINS AFTER HOT DEBATE.

NOT APPROVED BY WILSON

Similar Bill Has Been Vetoed by Two Former Presidents—Opponents of Literacy Test Made a Hard Fight.

Washington.—The Burnett immigration bill prescribing a literacy test for applicants to admission to the United States was passed by the house by a vote of 241 to 126. All proposed amendments relating to the exclusion of Asiatic immigrants previously had been eliminated.

As the bill passed it provides that every immigrant admitted to the United States must be able to read "the English language, or some other language or dialect, including Hebrew or Yiddish." It prescribes the method of testing immigrants, providing that each applicant for admission must read a slip on which is printed between 30 and 40 words.

In its present form this measure passed the house and the senate in the last congress, but was vetoed by President Taft. A similar bill was vetoed by President Cleveland's second administration. The supporters of the bill are confident that it will again pass the senate, although President Wilson has let it be known that he does not approve the literacy test.

Opponents of the literacy test fought strenuously to the last, but on a last effort to eliminate the test from the bill they were defeated, 140 to 239. The final vote came at the end of vigorous debate, which at times threw the house into confusion, and on several occasions threatened to cause serious trouble.

FIVE LIVES LOST IN FIRE

Several Missing and Thirteen Injured As Result of Minnesota Hotel Blaze.

Bemidji, Minn.—Five men are known to be dead, several are missing and thirteen were seriously injured as the result of a fire which destroyed a three-story frame hotel at Keillher, forty miles north of here.

The fire started from the furnace. It was discovered by two men passing, who gave the alarm. The flames had then reached the second floor. Nearly all of those who escaped did so by jumping from the windows. The temperature was 17 degrees below zero. The property loss was about \$25,000.

TO BE FIRST THROUGH CANAL

U. S. Cruiser Denver Will Test Locks of Panama Ditch Before Formal Opening.

San Diego.—With the promise from Col. George W. Goethals, in command of the Canal zone, that his boat will be the first to pass through the Panama Canal, Commander A. H. Robertson has started from San Diego in the United States cruiser Denver. According to Robertson, Col. Goethals intends to use the cruiser to test the canal locks before the big ditch is really opened. Unless the navy department interferes with Col. Goethals' plans, the Denver will enter the canal at Balboa on March 15, passing through to Colon and then returning to the Pacific side.

Nebraska Banker Indicted. Lincoln.—The special federal grand jury, in session here, returned an indictment of eight counts against Melchoir Lubben, president of the Sutton (Neb.) National Bank, which recently failed. Falsifying accounts and misappropriation of funds is charged.

Goethals to Be Governor. Washington.—The nomination of Col. George W. Goethals to be governor of the Panama Canal Zone was confirmed by the senate. The appointment becomes effective April 1, 1914, with President Wilson's order creating a permanent civil government for the canal zone.

Is Typhoid Conquered?

Vaccination to prevent smallpox is so general in this country and has been so effective in abolishing what was formerly one of the most destructive scourges of the human race that nearly everybody except the small number of people whose temperament predisposes them to "take the other side" accepts it as a matter of course and recognizes in it one of the greatest blessings conferred by modern medical advancement. But typhoid vaccination is somewhat comparatively new, with which the public as a whole is not familiar. Yet it will be well for the public to take heed of the results that have been obtained by its use in the United States army.—Cleveland Leader.

"Here is a queer case, ladies," he said, pausing at a particular cell. "This man has the delusion that he possesses the motive power that runs the universe. He is perfectly harmless, but he actually believes that without him the world would not move. Strange notion, isn't it?"

"Look at nature, the great judge of us all. Was there ever a harsher, severer judge than nature, who sentences each and every one of us to hard labor for life?"

IN PAIN WITH HEMORRHOIDS

Bissell, Ala.—"I was troubled for several years with protruding hemorrhoids. They caused pain of the most severe kind and some loss of blood. They were so inflamed that the touch of anything against them was most intense agony. I got no rest nights and had to have my legs and feet propped up in the bed."

"I tried all kinds of advertised cures, and I was told that an operation was the only relief. I suffered untold agony. I saw the advertisement of Cuticura Soap and Ointment and sent for a sample. I tried it and then procured a box of Cuticura Soap and Cuticura Ointment. I was cured sound and well in three weeks' time. His Vow Came to an Anti-Climax. A much-bearded man rambled into a barber shop and submitted to a shave, a haircut, a shampoo, a singe, a massage and everything else the barber could think of, at the same time listening with keenest enjoyment to the tonsorialist's remarks about all things on earth and in the waters under the earth. So long before that he had forgotten the gentleman's name and what office he was running for the old man had vowed never to be shaved or shorn until So-and-So was elected. No Rest—No Peace

There's no rest and but little peace for a person whose kidneys are out of order.

Lame in the morning, suffering cricks in the back and sharp stabs of pain with every sudden strain, the day is just one round of pain and trouble.

It would be strange if all-day backache did not wear on the temper, but it is not only on that account that people who suffer with weak kidneys are nervous, cross and irritable.

Uric acid is poison to the nerves, and when the kidneys are not working well, this acid collects in the blood and works upon the nerves, causing headache, dizziness, languor, an inclination to worry over trifles, and a suspicious, short temper.

Rheumatic pain, neuralgia, sciatica, lumbago, neuritis and gravel are further steps in uric acid poisoning.

Don't neglect kidney weakness. An aching back, with unnatural passages of the kidney secretions, is cause enough to suspect the kidneys. Use Doan's Kidney Pills, a remedy which has been used for years, the world

WOULD ALMOST FAINT Cured After Doctors Failed

Mrs. Henry Zumbach, Hutchinson, Minn. says: "Last winter a terrible sharp pain caught me in my back and from that day on I had a constant backache. If I sat in a room, it just seemed as if my back was breaking. I was in misery day and night and at times I got so dizzy I thought I was going to faint. At night I had to put a pillow under my back for the slight relief that this gave me. I got no rest. I couldn't do anything. The doctor said I had a floating kidney and two specialists in Minneapolis said the same. The physicians' medicine didn't help me a bit and reading about Doan's Kidney Pills, I had someone get me a box. As soon as I began using them, I got better and by the time I had finished the third box, I didn't have a bit of pain. I can now do any kind of work without suffering and all the symptoms of kidney complaint have left me. Doan's Kidney Pills have certainly spared me a great deal of misery and suffering. I am only too glad to recommend them to other kidney sufferers."
