## Zedeler Symphonic Quintet on Chautauqua Program

The Zedeler Symphonic Quintet, which will appear at the coming Redpath Chautauqua, will be under the leadership of Nicolai Zedeler, distinguished cellist, formerly with the symphony orchestras of Stockholm, Sweden, and of New York City.

Mr. Zedeler organized the quintet more than twelve years ago with a firm belief in the discriminating appreciation of the American public for the music of the masters. With two violins, a cello, piano, and a reed organ which fills the place occupied by the wind instruments in a larger orchestra, the organization has popularized the classics and has established itself as a high grade five-piece orchestra that approaches actual symphonic proportions in its musicianship.

Miss Booth, organist, is also a coloratura soprano and renders a number of vocal solos of great charm.

## A Menace to America—Japan- ese and Aliens.

The New World is a newspaper published in the Japanese language in San Francisco. If there is anybody who has any doubt as to what the intentions of the Japanese are in this country, let them read the following editorial from the New World:

"When we of the Yamato race arise with a mighty resolve, the Americans' opposition will be as futile as an attempt to sweep the seas with a broom. We should advance and not recede. To stop is to retreat. While we push forward boldly, the enemy has no chance to form plans. . . . These maxims are suitable for the present situation. Even if photograph marriages should be discontinued, we cannot be stopped from leaving our descendants on this American continent. Even if not a single Japanese woman comes it is not possible to prevent the seed of our great Yamato race being sown in the American continent, by marriages with Americans, with French, with Indians and with NEGROES; especially since there are already 100,000 Japanese here and 5,000 children are born to them annually. Suppose we Japanese are prevented from owning or cultivating the land. If we cannot conveniently do so in California we shall go to other states and devise some plan. Even the laws of California are not forever unchangeable. The day will come when the strength of the Japanese will make a clean sweep of all laws. Even the kaiser's empire was destroyed when its time came. What can the leaders of the anti-Japanese movement do to stop the advance of our great Yamato race?"

## "Can a Beef" Day Popular in Yazoo County, Miss.

Meat preservation demonstrations in rural communities of Yazoo county, Miss., have almost without exception taken the form of "can a beef" day, according to reports received by the U. S. Dept. of Agriculture. The entire community comes together for the day, and under the supervision of the extension agent cans the whole animal. This demonstration gives an opportunity for the agent to instruct the women in the proper cooking of the various cuts of beef and in the utilization of every piece suitable for food. The demonstration usually closes with a soap making lesson, so that nothing is wasted.

## Notice to Pensioners.

There is no money in the State treasury to pay the pensions at this time, and the pensions for the second quarter being now one month past due, I appealed to the banks at Aberdeen and Amory for help, and as heretofore, they came to our rescue. We owe a debt of gratitude to these banks that would be hard to pay, and I wish to express my appreciation as well as that of every Confederate veteran of the county, for this kindness.

Call or write me and I will be glad to mail your warrant to you. It is not necessary to make a trip to Aberdeen to get your warrant, unless you would prefer to do that.

JOE T. MORGAN, Chancery Clerk.

## Sunday School Notice.

The directors of the Monroe County Sunday School Association held a meeting in the law offices of Leftwich & Tubbs, in Aberdeen, on Sunday afternoon, April 23rd.

It was the decision of the meeting to hold five beat conventions during the month of July. Beat No. 1 is to hold its convention on the first Sunday in July; beat No. 2 on the second Sunday, and the other beats in regular order on the third, fourth and fifth Sundays in July. The time for the county convention was fixed as the first Sunday in August and Saturday afternoon before. The places for holding the beat conventions and also the county convention will be determined and announced later.

Invitations are extended to all State and county Sunday school workers to assist in making all these conventions a great success. Also the teachers of the public schools of the county are urgently requested to attend these conventions and to take part in the work. They can be very helpful in promoting the Sunday school interest of our county, and we hope they will receive ideas and inspirations that will benefit them in their work.

E. D. GILMORE, County President.  
W. R. SMITH, Sec'y.

## Judge John H. Mitchell An- nounces For Circuit Judge.

In this issue of the paper will be found the announcement of Judge John H. Mitchell, of Pontotoc county, Mississippi, for Circuit Judge of the First Judicial District of Mississippi.

Judge Mitchell served this district in this capacity from 1909 to 1913, and made for himself an enviable record, having been reversed by the Supreme Court as few times as any judge the district has ever had; and it has had many good and excellent ones. Judge Mitchell is a Christian gentleman and a lawyer of ability and distinction. He is and was courteous to lawyers, court officials, litigants and people alike. He believes in the strict enforcement of the laws with equal justice to all.

It is understood that it was only after strong pressure was brought to bear by the bar and the people generally, that Judge Mitchell decided to become a candidate; and if elected, it goes without saying that a man of his high character and attainments will give the people the best that is in him to make them an ideal judge.

## Candler Candidate.

Macon, Miss., April 27.—Hon. E. S. Candler, of Corinth, is in the city today in attendance on chancery court. Being interviewed as to the prospect of his becoming a candidate for the governorship of the State, Mr. Candler said in substance: "I guess it is a pretty well assured fact that I will be in the race. So many of my friends from different points in the State have urged me to make the race, and I have about decided to seriously consider it."

## 666 quickly relieves Colds, Constipation, Biliousness and Headaches. A Fine Tonic.

## Church Advertising.

At the quarterly meeting of the Massachusetts Press Association, held in Boston a few days ago, a resolution was passed inviting the churches to use the columns of newspapers at regular advertising rates. We do not understand this resolution to mean that the little local news of church activities will be omitted unless paid for. Such material is legitimate news and should be provided the readers of every paper in every community.

But there is a growing tendency on the part of religious organizations to go after members and increased attendance in a vigorous, modern way, and for such appeals display advertising is used just the same as would be employed by a lecture bureau, the movie theatre, the baseball game or any other function bidding for public support. Such appeals may be justly classified as advertising and entitled to be paid for as advertising.

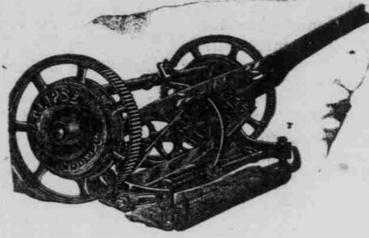

At that, if judiciously directed, it will be a good investment. If the work the church is doing is good—and that is not gainsaid—then every legitimate means to accelerate and increase that good is perfectly desirable. If display advertising can do it, display advertising should be included in the budget of the organization and paid for the same as is the coal, the electric current, the choir, the organist, the janitor, the pastor, the singing books, the Sunday school quarterlies, and all the other supplies which are needed to help the smooth functioning of the great business, as well as spiritual and social, institution which the church has come to be.

## Women Give Out.

Housework is hard enough when healthy. Every Aberdeen woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Aberdeen woman's experience:

Mrs. J. W. Bolding, 200 N. Hickory St., says: "I felt languid and tired most of the time. I also had a heavy, dragging down feeling through my kidneys which made it difficult for me to keep going. Dizzy spells made me feel miserable. I hardly knew what to lay it to unless it was my kidneys, I had heard and read a great deal about Doan's Kidney Pills, so I decided to try them. After using Doan's I was convinced the trouble had come from my kidneys. I have never had an occasion to use a kidney remedy since. This is convincing enough proof of the good merits of Doan's Kidney Pills."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bowling had. Foster-Milburn Co. Mfg., Buffalo, N. Y. 1Adv.1

Everything for Home and Farm. CASH OR CREDIT

## Chautauqua Announcement.

The irresistible comedy drama, "Friendly Enemies," Solis' Marimba Band of spirited Central American musicians, lectures of timely significance, and top notch musical companies, these are among the many varied attractions which will appear here at the big 1922 Redpath Chautauqua which opens May 31st and continues for five days.

The number of airplanes lost going from Florida over to the whisky islands, brings to mind the old truism that whisky and gasoline will not mix.—Toosan Sunflower.

## For Two Dollars we will

send Vardaman's Weekly and The Aberdeen Weekly for a year to any address in Mississippi. Send the \$2 to the Aberdeen Weekly, Aberdeen, Miss., and both papers will go forward to the address for one year.

More people are looking for positions than jobs, and more are after jobs than work.—Oneida N. Y. Dispatch.
