The man who endeavors to antagonize classes, in any way whatever, or an any pretext whatsoever, is a dangerous man in a community, even though his influence be small. Society is made up of classes, who are mutually dependent upon each other and all members should endeavor to foster the kindest feelings for each other. It is a self-evident truth that whatever conduces to the best interests of the whole, is conducive to individual interest and consequently no sensible man who is not the personification of selfishness, would do anything, under any circumstances, to injure the interests of any class. Then away with the idea that the town people are endeavoring to gain undue advantage over the country people, and when men try to bring about such antagonism, let them be relegated to the rear.—West Point Leader.

The trouble among the miners in East Tennessee is rapidly abating, and peace is promised at an early day. This wise action is brought about by the promise of Governor Buchanan to convene the General Assembly of the Legislature and repeal the convict lease system, a system that is a disgrace to any State. The outcome of the Bricville affair will forever doom the convict lease system in Tennessee, and we wish it would apply to other states.

TAKE BOTANIC BLOOD BALM FOR ALL SKIN AND BLOOD DISEASES.

The Best Household Medicine.
Once or twice each year the system needs purging of the impurities which clog the blood. From childhood to old age, no remedy meets all cases with the same certainty of good results as **BOTANIC BLOOD BALM.**

W. C. McCaskey, Webb City, Ark., writes: "B. B. B. has done me more good and for less money than any other blood purifier I ever used. I love the comfort of my life to it."
P. A. Shepherd, Norfolk, Va., August 20, 1890, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family nearly two years, and in all that time have not had to have a doctor."

Attorney General Miller has recently sent letters to the United States court for the Middle District of Tennessee has held the law constitutional.—Times Democrat.

A London cable says: "The statement that Mr. and Mrs. Henry M. Stanley had parted company and that the African explorer was rusticated by himself in Switzerland prior to his departure to Australia is false. There is no truth in either of these assertions. As late as last Friday the pair were together at Interlaken and no separation is contemplated. It must, however, be stated that there are rumors afloat of repeated quarrels between the two."

You've tried Dr. Pierce's Favorite Prescription have you and you're disappointed. The results are not immediate.
And did you expect the disease of years to disappear in a week? Put a pinch of time in every dose. You would not call the milk poor because the cream doesn't rise in an hour? If there's no water in it the cream is sure to rise. If there's a possible cure, Dr. Pierce's Favorite Prescription is sure to effect it, if given a fair trial.
You get your one-dollar it costs back again if it don't benefit or cure you.
We wish we could give you the makers' confidence. They show it by giving the money back again, in all cases not benefited, and it'd surprise you to know how few dollars are needed to keep up the refund.

Mild, gentle, soothing and healing is Dr. Sage's Catarrh Remedy. Cures the worst cases permanently. No experimenting. It's "Old Reliable." Twenty-five years of success. Of druggists.

The Cold Stream Guards, of the English Army, stationed at London, are in a state of rebellion and mutiny caused by overwork imposed on them during the Emperor's visit.

The 100 Tennessee militiamen who surrendered to the anti-convict rebels were allowed to march out with the honors of war. They are now under parole and of a great deal more value to the State than if they had all been killed after killing as many of their fellow-citizens as possible in support of a system that every Tennesseean is ashamed of.—Ex.
