JOHN M. ALLEN,
OF LEE COUNTY.

An Appeal for Funds.

Hon. W. V. Sullivan, member of the National Democratic Executive Committee from Mississippi, has sent the following throughout the state, appealing for funds to carry on the national democratic campaign. The appeal is in the following words:
"The National Campaign Committee of the democratic party is sorely in need of funds to carry on successfully and properly the campaign. As you are aware, the cost of printing campaign literature and information is very great, and there are many other expenses too numerous to mention, that must be met. In this contest the republican party has an inexhaustible fund to draw upon, while the democratic party must rely upon small contributions from a great mass of people. We cannot overestimate the importance of this struggle, upon the trusts and money power upon the one side, and the tolling and producing masses on the other. Please at once see what money you can raise and send it to W. P. St. John, treasurer, Bartholdi Hotel, New York City, at the same time notifying me of the amount contributed."

We have several times urged the

The Campaign Fund.

Those who wish to subscribe to the National Democratic Campaign Fund can send their subscriptions to the DISPATCH. The names of subscribers, with amounts of subscription, will be published, and when the amount has reached respectable proportions it will be forwarded to headquarters. Every little helps. Send in your subscriptions.

"My friends, I am no anarchist. There is not beneath the flag a truer friend of the government or a greater lover of law and order than the nominee of the Chicago convention. I love the government so well that I want to make it so good that there will not be one citizen in all the land who will not be willing to die for his government. I love law and order so much that I want the law enforced against the greatest enemies that law and order have in this country; not, my friends, the Killemen, but the great ones, who think that they are greater than the government itself"—William J. Bryan.

Ex-Lieutenant-Governor Sims, of this state, but at present First Assistant Secretary of the Interior at Washington, though a gold standard advocate, will support the democratic ticket and work for the success of Bryan and Sewall.

Letter From Kolola Springs.

The summer is over, and Kolola is almost deserted. Her health-giving waters are still abundant, her natural scenery is still beautiful; the little stream of Buttahatchie still flows on in its ceaseless course; but alas, that gay and happy throng, they have folded their tents and quietly slipped away! Let us hope that '97 will bring a larger crowd than any ever before enjoyed.

Fifty Years Ago.
This is the cradle in which there grew
That thought of a philanthropic brain;
A remedy that would make life new.
For the multitudes that were racked with pain.
Twas Sarsaparilla, as made, you know
By Ayer, some 50 years ago.

Ayer's Sarsaparilla

was in its infancy half a century ago. To-day it doth "bestride the narrow world like a colossus." What is the secret of its power? Its cure! The wonder of them! Imitators have followed it from the beginning of its success. They are still behind it. Wearing the only medal granted to sarsaparilla in the World's Fair of 1893, it points proudly to its record. Others imitate the remedy; they can't imitate the record!

50 Years of Cures.

Our farmers are quite busy looking after their agricultural interests.

Mr. Horne, of West Point, we are glad to learn, was much improved by his visit to the Springs. I regret the brevity of this communication, but as we are so dependent on Kolola for items of interest, please assign it to necessity.

Kolola Miss. Sept. 21 1896.

PAST

\$40,000,000, of the Surplus Funds which have been accumulated by any other Life Assurance Company by over \$13,000,000.

For the past Ten years the EQUITABLE SOCIETY has made its earnings of over \$46,000,000,

have been larger than those of any other company, and has, after paying Dividends to Policy-holders accumulated during the same period Total Surplus for its Policy-holders amounting to over \$27,000,000,

which exceeds the Surplus accumulated by any other Life Assurance Company in the same time by over \$6,000,000.

It would be wise for a person intending to assure his life to study the record of the Assurance Company proposed to him, and learn the facts upon which the promises of future Dividends and Profits are based. In other words, LET HIM ASCERTAIN FOR HIMSELF the results that have been secured by the Company suggested, in the accumulation of surplus during its history as well as its average profits in recent years. In entering into a contract which may not terminate for thirty or forty years, it will well repay the assurer to give the subject the careful investigation that would be devoted by him to any other affair of like magnitude and importance. One inquiry having been made, let the best company in which to assure be selected—one whose past record and present financial condition justify the belief that in the future it will afford both the greatest security and the largest profit of any.

The business of the Society is conducted on the purely mutual plan; all surplus belongs to the policy holders. Persons considering the assurance of their lives will find it to their advantage to send for a Prospectus, which contains a full description of the various kinds of policies issued by the Society.

Sour Stomach

Stomach, sometimes called water-brash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."
