WORKING DEMOCRACY.

Force of Half a Million to be Raised by National Committee.

Washington, June 12.—The Democratic national committee has adopted a system this year which is designed to be especially effective in campaign work.

Secretary Walsh says there is now ready for the ensuing campaign a force of 500,000 workers organized by election precincts in all the close states and congressional districts of the country. Each of these workers is also a contributor to the extent of \$2 to the campaign fund and is the accredited representative of the national committee in his election precinct. If every one of them comes up promptly with his \$2 the national committee soon ought to have in its treasury the comfortable sum of \$1,000,000.

Freight Train Meets Disaster Near Rienzi.

There was a large freight wreck on the Mobile & Ohio road one mile south of Rienzi yesterday afternoon.

While pulling up a grade a heavily loaded car of pig iron gave way and about twenty cars piled up in the wreck. The cars were loaded with lumber, iron, rosin, etc., and the loss to freight was not very large. A lot of baled cloth consigned to the Alcorn Woolen Manufacturing Co. of this city was also in the wrecked cars.

The loss in cars and delay in traffic was considerable. The track was blocked until about daylight this morning when a temporary track was completed around the wreck.

The special train from Baldwin carrying the veterans and reunion visitors did not arrive in the city until 7 o'clock this morning.

ANOTHER CONVENTION

Will Be Necessary to Create a New Executive Committee.

Jackson, June 12.—Col. Power, the secretary of the recent convention which assembled in this city, has received from Chairman Miller a courteous acknowledgement of the receipt of the list of names of the new executive committee proposed by the convention to be voted on in the primary June 21. Chairman Miller in his letter does not indicate what course he will pursue in regard to the names furnished. The resolution calling for the creation of a new committee provided that those nominated should be voted for in the primary in the event the present committee should be reconvened and authorize their names printed upon the ticket. As the model ballots do not contain these names and as they have been completed and are being sent out by Secretary Connor, it is an assured fact that the committee intends to ignore the action of the convention. The members of the convention will thus find themselves committed to another convention in September for the purpose of creating a new state executive committee.

Kilbourne, Wis., June 11.—Belle Boyd, the famous Confederate spy, died suddenly of heart disease here today, aged 57 years. She had come here to lecture.

Vicksburg Man Will Represent Shoestring District.

Vicksburg, Miss., June 12.—Judge Henry carries Warrea, his home county, by 1,300 majority. He also carries Sharkey by 250, Issaquena by 250, Quitman by 40 majority, Coahoma by 25 majority, Bolivar by 35. It is a Henry landslide, he having carried six out of ten counties. James D. Tuames, chairman of Judge Henry's campaign committee, estimates Judge Henry's majority over both of his opponents in the entire district at 1,250 majority.

LONDON STAGGERED.

Over Recent Railroad Cuttings and Other Boer Operations.

London, June 12.—the news that the shutting off of Lord Roberts' communication with the outer world was accompanied by such a serious loss came like a bolt from a comparatively clear sky. In London, until the news came, it was thought that the destruction of the railroad was accomplished by Free Staters who were avoiding rather than annihilating the British detachments stationed at the points attacked. Nor are Gen. Forestier-Walker's vague statements regarding Methuen and the situation at Heilbron looked upon as reassuring. The Boers appear to be in sufficient strength to completely separate all the British forces north and south of a line stretching some fifty miles between Rooodeval and Heilbron. Methuen's march upon the latter place seems somewhat in the nature of a movement for the relief of Colville. The only British officer left at Rooodeval appears to be the doctor in charge of the hospital, which is full of wounded.

What has happened to the troops immediately north of Rooodeval is still a matter for conjecture.

All in all, to-day's dispatches reveal that the situation is far more serious than anyone imagined.
