

What farmers need for continued prosperity are good roads and rapid means of transit.

Senator Tillman, of S. C., made the speech this week which has been expected from him ever since the session opened.

This vast new America of ours stands foremost in enterprise, in invention, wealth and generosity, but she can learn from her older contemporaries several important lessons.

The debate on the free coinage substitute for the House bond bill, which had dragged ever since the measure was reported to the Senate from the Finance committee.

George Nicholson, proprietor of the Pleysons, died suddenly in New Orleans Tuesday evening of gripal congestion of the lungs.

Miss Lillian Gwin Money, daughter of Senator-elect H. D. Money, of Mississippi, and Mr. Beverly Allen Reed, of Texas, will be married at the Epiphany Church, Washington City, Feb. 12, at 6 o'clock.

A malicious attack. The report of the marriage of Mr. James Bacon, one of the leading merchants of Oxyka, which appeared in these columns some days ago, was erroneous.

Editor Herald.—In looking over the different county papers we find that measles is a very common disease among our people at the present time; many of our schools have been exposed to this disease, but as yet we are free from it. Our school is progressing splendidly, one month longer will close the public term, but we believe our good people intend to extend the term three months. Quite a number of the patrons and friends visited the school Friday, 31st ult., to witness the exercise of the evening, which is very encouraging to the teacher and pupil.

Our Washington Letter.

WASHINGTON, Jan'y. 31, 1896. President Cleveland spent a day duck-shooting this week and that may have started the rumor of his intention to decline forwarding to the European nations which signed the Berlin treaty that Concurrent Congressional resolution, expressing sympathy for the Armenians and calling upon the powers named to enforce the ground that to do so would be a violation of the American policy inaugurated by Washington and endorsed by all our Presidents, of avoiding entanglements in European politics.

My First Visit to Liberty Baptist Church.

SOME IMPRESSIONS. Although I have been a resident of Amite county since January 3rd, 1884, a period of twelve years, somehow it has been my privilege to be at Liberty but very little, and I was never at the Baptist church there till Saturday 25th ult. Consequently, I am acquainted with but few of the members, and indeed few of the people generally. However, we shall soon become acquainted, I trust, and move on in the great work of winning souls to Christ and advancing his kingdom. The weather was cold on Sunday, yet the congregation was quite good, and the attention all that could be desired. It is an exalted privilege to attend church and engage in the worship of our Maker. We should embrace these gracious opportunities, for they will not linger by us always. I was pleased with the interest manifested in the Sunday School, superintended by Prof. F. L. Marsalis. This is also a work of great importance and value, teaching the Word of life to the young. Friend, go to church and Sunday School, and invite some one to go with you.

From Summit Sentinel.

Hon. Wm. F. Love of Amite, senator from Amite and Wilkinson counties, passed through Summit, last Sunday, on his way back to his post of duty at Jackson, having been home on a short visit. He says that quite a number of legislators have been sick with pneumonia, Mr. Frith, of Amite, among the number. He thinks the present session is likely to be a long drawn out one.

Liberty Male and Female College.

WHAT WE DO WE DO WELL, IS OUR MOTTO. This is an individual school, that is to say, we make the individual, not the class, the base of work; a bright student is not held back, and the slower one is encouraged. Crowded classes, lack of personal attention, and overworked teachers, are a few of the many causes which lead to loss of interest among pupils.
