

# IS KILLED WHEN TRAIN HITS HIM

### James Oliver, Smelter Employee for Many Years, Meets Tragic Demise.

James Oliver, aged 55 years and for 27 years an employe at the B & M concentration plant as a millman, was instantly killed just near the Great Northern roundhouse on the west side between eight and nine o'clock last night, either being struck directly by an engine or by a portion of a car endeavoring to board the train.

Engine No. 1160, pulling a special freight bound for Judith Gap, is the one which struck Oliver who was picked up a few minutes later with his right cheek badly gashed and neck broken. A search of his pockets disclosed two union cards, one showing him to be a member of the Western Federation of Miners and the other of the Great Falls Mill and Smeltermen's union No. 16.

Edwin Young, Great Falls man and employe of the smelter, stated last evening that he had worked with Oliver during the entire time he was employed at the concentrating plant, that he was a well respected employe and had made scores of friends, being considered a conscientious workman.

Oliver was a Canadian but was very reticent about speaking of his relatives and so far as Mr. Young remembers he never mentioned them but once, a few weeks ago stating he expected a letter from his brother who is believed to re-

# NEED 200 MEN TO FIGHT FIRE

### Foresters Will Keep Employment Office Open Today to Obtain Help.

High winds fanning the flames of the forest fires in the Kallispell country on Friday night resulted in an outburst of the fire and a call for 175 men was received by the local U. S. Employment office Saturday morning to be shipped at once to fight the flames.

Every effort was put forth to obtain these men but last night only 50 had been secured and these were sent out on train No. 43 for Belton and Kallispell.

To assist in finding men for the Flathead forest the local employment office will be kept open all day Sunday, and W. B. Willey, supervisor of the Jefferson national forest, will be in charge.

An order was received for 50 fire fighters to work near Coram and another order for 35 men for the Helena forest both of which orders the local office find impossible to fill.

Another fire occurred in the Jefferson forest yesterday burning 25 acres before it was controlled. It was started from the sparks of a passing train.

# GAMBLING RAID BRINGS RESULTS

### Sheriff's Officers Arrest Two Alleged Poker Players at Butte Bar.

As the result of a raid conducted at the Butte bar by Deputy Sheriffs E. J. Tait and W. C. Bean Saturday afternoon Tom Dixon, aged 39 and Walter Wheeler, aged 40 are facing a charge of gambling, the officers alleging they succeeded in breaking up a poker party.

Four other men, taken to the county jail at the same time, were released upon instruction from Deputy County Attorney W. J. Tighe. They were D. J. Cunningham, aged 36; John Doe, alias Henry Atchison, aged 39; Jack Greegs, aged 30, and Peter Kuleta, aged 35.

"There is entirely too much gambling on the sly in this city," stated Sheriff James P. Burns following the raid. "I am going to make another immediate effort to clean up these places where poker and other games of chance are permitted."

Raids conducted a few months ago seemed to have produced the desired result but at the present time some of the more daring devotees of the wheel of fortune are taking a fling once in a while, it appears, thinking the officers will not discover them.

### PLAN FINAL ACTION

County Superintendent of Schools Miss Jane Keeney, has called a meeting of the board of trustees of rural school district of Cascade county to reconvene at her office in the court house on Thursday morning at 9 o'clock. This board met a few weeks ago to act on the budget for county unit and is being called at this time to take final action.

### ALCAZAR NOW PLAYS TO LARGE CROWDS

The Alcazar played to large crowds last evening and with the presentation of the Jap's latest picture, "The Man Beneath", Sessue Hayakawa has a very large following especially among the ladies. The Fillers offered on the bill were the best that have ever been assembled on one program and the way Roscoe Kernan played the organ kept the audience thrilled throughout the entire performance. The patron's chorus took well with the audience and received much applause. The Alcazar offers the same program again today.—Adv.

# When Women Register Their Preference

—For a store or store service, they don't analyze or psychologize. They "just like it." If you were to press for a reason, feminine logic or intuition (call it whatever you wish) will tell you that "there's something about it that makes you feel that it is a good place to trade. The atmosphere, the folks and the goods are right." We like to have women say things like that about The Paris and we want very much to deserve such expressions. Keeping the store atmosphere just right is our job—a job into which we put our very best. Staying "on the key" keeps us in tune with ourselves and with our public. It is an effort worth while.
