

JOE DASHA DRAWS FOUR MONTHS TERM AND FINE OF \$200

Denies Guilt When Before Court; Selo, Sirola and Palagi Sentenced.

Joe Dasha, the man whose opinion of attorneys is practically nil and whose whisky still was stolen from the yard at the rear of the county jail after he had been placed under arrest, will serve a jail term of four months and pay a fine of \$200 for having manufactured and sold intoxicating liquor illegally. This sentence was pronounced upon him Saturday by Judge H. H. Ewing and he was taken immediately to the county bastille to begin serving his term. Dasha was arrested in his home at Belt, where the still was also found.

When asked by the court to say whether there was any reason why sentence should not be pronounced, Dasha stated that he was innocent. In proof of this he declared that he had arrived at Belt from Spokane only three days prior to his arrest and that it would have been impossible within that period to have rigged a still and fermented the several barrels of material found in his house.

Absent, But Sentenced.

Dasha's sentence was duplicated in the case of Tony Selo, arrested last August for operating a still. Selo was convicted early last week without having been present in court or represented by counsel. When located, he will serve four months in the county jail and pay a fine of \$200, but his \$1,000 bail will be immediately forfeited to the court.

After Selo had been convicted the court fixed Saturday as the day on which sentence would be passed. Bailiff Frank Donohoe called the defendant's name in the court room and when he failed to respond Judge Leslie pronounced the penalty after the same formal fashion when the defendant is present. The trial was conducted with the defendant absent through legal requirements in connection with the forfeiture of his bail might be met.

Julius Palagi, the Black Eagle soft drink stand proprietor who based his defense largely on the testimony of John J. Corr, was given the heaviest sentence imposed this term on any defendant convicted of bootlegging.

60 Days and \$200.

Palagi will serve 60 days in the county jail and pay a fine of \$200. Testifying in Palagi's defense, Corr asserted that he was alone responsible for the sale of the liquor alleged and that the defendant was without blame in the matter. Corr was arrested on order of the court.

NEGLECTED COUGHS AND COLDS ARE DANGEROUS

Lady in Brooklyn, N. Y., Narrowly Escapes Death.

If people would only learn the folly of neglecting a cough or cold, much suffering could be averted and the development of many fatal diseases prevented.

The experience of Mrs. R. S. Pedersen, 129 Putnam avenue, Brooklyn, N. Y., merely emphasizes the necessity of having the proper medicine on hand for such emergencies. She writes: "One winter I had a severe cold. I doctored myself for several weeks with various pills. Finally, I was forced to go to bed with heavy cold in chest and head. I had a good attack of Lagrippe with large lumps in my neck. My father persuaded me to take Pe-runa and I was out of bed in two weeks. I continued the remedy for several weeks and felt better than ever. Pe-runa has also relieved me of pains in the back and sides. I always recommend Pe-runa and my father is a constant user."

Pe-runa, being a tonic of general regulation, regulates the digestion, enriches the blood, tones up the nerves and carries its soothing, healing influence to the irritated, congested, mucous membranes in all parts of the body. It is very beneficial after protracted illness or an attack of grip or Spanish Influenza to restore strength and vigor to the wasted body. Do not fool with a cold or any other catarrhal disease. It is dangerous. Get the right remedy in the first place, the remedy that for 50 years has been known as a successful treatment for catarrh. Your dealer handles Pe-runa in both tablet and liquid form.—Adv.

NOTICE TO CONTRACTORS.

Federal Aid Road Improvement, Chinoock-Maitis Road F. A. No. 101, in Blaine County.

1. Notice is hereby given that sealed bids will be received for the grading, graveling and construction of drainage structures on the above project by the Executive Committee of the State Highway Commission of Montana at its office in the Capitol Building in Helena until the hour of 2 p. m. on April 19, 1920 and then be publicly opened and read immediately thereafter.

2. The proposals must be submitted on a form and in an envelope furnished by Commission and addressed to "President of the Executive Committee of the State Highway Commission at Helena" and endorsed "Proposal for Improvement Federal Aid Project No. 101."

3. No proposal will be considered unless accompanied by an unconditional certified check in an amount equivalent to five per cent (5%) of the total amount of the bid. The successful bidder will be required to furnish a corporate surety bond for faithful performance of the contract.

4. Plans, specifications, forms of contract and bond, proposal blanks, etc., may be obtained from the Chief Engineer upon a deposit of \$10.00 of which \$8.00 will be returned on surrender of same in good condition to the Chief Engineer.

5. Plans and specifications, etc., may be examined at the County Clerk's office at Chinoock; at offices of District Engineers at Helena, Great Falls, and Missoula; at State Highway Commission, Helena, and at District Engineer's office, U. S. Bureau Public Roads at Missoula.

6. The Executive Committee reserves the right to reject any or all proposals and to waive technicalities and may be deemed best for the interests of the state.

7. The project is in two parts joining on both ends of the 5-mile completed road extending east from Zurich. The part of proposed project running west from Zurich is 4.80 miles long. The part joining the completed road on east end is 5 miles long and extends to Hartland. 8. Following are approximate quantities:

and is quoted at the Sheriff's office as saying that he will enter a plea of guilty when arraigned.

Charles Sirola, another liquor defendant, joined those who have withdrawn their pleas of not guilty and entered pleas of guilty. Sirola appeared Saturday and was fined \$100 and ordered confined in the county bastille for 15 days.

Settings previously made of the cases against Mrs. Bertha Jackson and Thomas Bogzins were vacated, but will probably be placed on the calendar later in the term. Bogzins filed a physician's affidavit in which it was stated that the defendant's physical condition would not permit him to appear in court at this time and Mrs. Jackson informed the court that one of her witnesses could not be present on account of illness.

200 PUPILS EXAMINED.

Nearly 200 boys and girls were given the physical examination on Thursday and Friday of this week by Dr. Donald K. Wood assisted by Miss Helen Young, and representatives of the county superintendent's office. Children attending the rural schools at Geyser, Spion Kop and Cora creek and Armington were examined.

COUNTY SURVEYORS TO INSPECT ROUTE PROPOSED CUTOFF

Will Immediately Investigate Feasibility of Work Between Hardy and Craig.

To learn whether a feasible route can be found for the proposed cutoff on the Great Falls-Helena road between Hardy and Craig, County Surveyor R. G. Day of Cascade county and Surveyor George Poor of Lewis and Clark county will Monday, with a representative of the state highway commission, go over the ground for the purpose of making preliminary estimates and to discover

whether the nature of the Missouri river canyon at this point will permit of a survey being run along lines contemplated.

At places between Hardy and Craig the walls of the canyon are composed entirely of rock, the fact of which is so precipitate that special means may have to be employed in making a survey. The proposed cutoff is 13 miles in length, would shorten the road between this city and the capital by 20 miles and would eliminate the Sullivan hill and other difficult stretches in the route now followed.

The movement looking to construction of the cutoff was initiated last January by the board of commissioners of Lewis

and Clark county, who are enthusiastically in favor of the project. Five miles of the work would be in Lewis and Clark county and the remainder in Cascade but under a law now operative the expense would be equally divided between the two counties. It is believed that the important position occupied by the cutoff in the state's road building program would cause the government to give assistance from the federal aid fund. State aid would also be possible if the \$15,000,000 road bond issue to be voted upon next November is approved by the people.

The rhea, or South American ostrich, has three toes instead of two as is the case with the true ostrich.

EUCALYPTOLATUM

An external application for the prevention and relief of Colds, Croup, Coughs, and all Skin Troubles: Pimples, Eczema, Freckles, Chapped Hands and Face, Itching, Windburn, Sunburn, Inflammation, Ulcers, Dandruff, Etc. AT DRUG STORES.
