Mont. Historical Society

VOLUME VII—NUMBER 102.

GREAT FALLS, MONTANA, WEDNESDAY SEPTEMBER 10, 1890.

Webster's Unabridged Dictionary Given Away.

FALL GOODS

Pouring In. The most carefully selected stock in the country.

NEW AND UNIQUE.

Now We Are Ready

Ready to show our patrons the handsome assortment of Fall Clothing ever brought to Great Falls.

Tailor-Made Suits!

We are now prepared to show a complete line of tailor-made garments in Three and Four-button Outaway Frocks, square cut, as well as Outaway Suits, in elegant imported Worsted, comprising almost every conceivable pattern. These goods are thoroughly made in every respect, being thoroughly shrunk in the place before making and lined and trimmed with the best possible material. AS ANY "made-to-order" suits and not over half the price.

Fall Overcoats!

A "robby" and tasty line of these goods just opened in all styles, including the latest fad, the English Box Out. Now is the right time. Get one of these garments.

Gloves! Gloves!

In this department we simply have everything, including light Cotton, Un-dressed Kids, light Seal Pups for driving as well as elegant English Dogskin Drivers. We think we can suit any one in the glove line.

Hats! Hats!

Everything in Hats from a Crusher to a Knox.

Shoes! Shoes!

Our line of Men's and Boys' Shoes is undoubtedly the most complete in Great Falls. Our \$2 Shoe in Congress, Lace and Button cannot be equaled. Our \$2.50, \$3 and \$3.50 Cash sewed goods are the best value that can possibly be shown. In hand-sewed goods we are head-quarters.

Fall Underwear!

In this department we have selected the best line of goods the market affords, and are selling them at prices heretofore unheard of.

Now as to Prices.

We want to say right here that we guarantee our prices to be as low if not lower than any concern in Montana. We don't keep shoddy goods, so we can't sell goods for almost nothing, but we will give you VALUE RECEIVED every time you make a purchase.

Give us a call and get our prices before purchasing.

THE BOSTON ANDREW JENSEN, Prop. Next door to First National Bank.

BLONDIN OUTDONE AT LAST.

Dixon of Toronto Walks Across a Cable at Niagara Falls in 12 1/2 Minutes.

EIGHT THOUSAND PEOPLE WERE THERE.

Fifteen Men Killed and Others Injured at Spokane Falls.

Great Meeting in New York to Sympathize With the Men on Strike.

A Great Feast Performed.

NIAGARA FALLS, Sept. 8.—Great Blondin and all other tight-rope walkers were outdone this afternoon by a plucky resident of Toronto. J. Dixon who walked a cable seven-eighths of an inch in diameter, stretched across Niagara Falls between the suspension and the cantilever bridges. True to his announcement he appeared at the Canadian end of the cable at 8:25 o'clock, started at 8:30, reaching the American side at 8:42 1/2. On his way across he stuck one leg out at the quarter and the three-quarter distances, and lay down on his back on the center of the cable. At least 8,000 persons witnessed the feat. The wire on which Dixon crossed today is the one on which Stephen Peck walked on June 23, 1887, and below which his lifeless body was found a little later. It is supposed Peck while intoxicated attempted to walk the wire after dark and fell to the rocks below. Prof. Deleane, a well known rope-walker, attempted to cross on the cable in the summer of 1887, but after walking out about thirty feet he slid down the rope and took the first train for parts unknown.

A Sad Calamity.

SPokane Falls, Sept. 8.—At 6 o'clock this evening a premature blast in the Northern Pacific yards killed 15 men and possibly more. The full extent of the disaster is unknown.

A large force of men were engaged in blasting a huge rock pile in the Northern Pacific freight yards in the eastern part of the city. From 50 to 75 men were at work in the out at the time. 15 have been taken out dead. A number of the men are also injured.

Sympathy for the Strikers.

The Cooper Union was crowded tonight with men and some women for a meeting held under the auspices of the Central labor federation and the socialist labor party. August Delavan, of the baker's union presided and set before the flag of the socialist party. Resolutions were adopted extending sympathy to the New York Central strikers and pledging them moral and financial aid.

Coming to the Rescue.

KANSAS CITY, Sept. 6.—The Ashlison, Topeka and Santa Fe promises Oklahoma farmers \$10,000 worth of seed wheat at the cost, and will wait until the crops are harvested for the money.

Proposing Retaliation.

BERLIN, Sept. 8.—The Agricultural congress at Vienna has adopted a resolution declaring that in view of the protective tariff of the United States and Russia, it will be necessary to create a customs league in central Europe. It was proposed to form an international commission to prepare a scheme for a customs union. Several delegates who were asked to sit on the commission asked who would pay the expenses of organization, and they declined to act. It is not probable the league will take definite shape.

Shooting at Massena.

NEW YORK, Sept. 8.—Eliker street was crowded with pedestrians at 1 p. m. today, when policeman Edward Sweeney crazy, drunk, ran out of the bar room of the Maderia house and sent five bullets in succession into a throng of people. The people scattered in all directions, panic stricken. D. Branger rushed out of his house at the first shot and was stretched on the sidewalk instantly with a bullet in his side. He was taken to St. Vincent hospital. A policeman ran up and Sweeney turned hastily to flee but fell heavily and broke his leg. He was taken to the hospital. It appears that this was Sweeney's day off and that he went into the Maderia house to meet a woman. When he did not find her he fired his revolver at the mirror and shattered it. He then rushed into the street and fired at random in his crazy fit.

Bright Trade Prospects.

NEW YORK, Sept. 8.—R. B. Dun & Co's weekly review of trade says: Another large failure, that of Sawyer, Wallace & Co. comes at a time when the effects of the Foster-Lovell failure, at Boston, has had a more disturbing effect than was expected.

The prospect of speedy action on the tariff bill in the senate and considerably better rates by the clothing dealers, have made wool manufacturers more hopeful and purchases of wool are large at Boston, reaching 8,100,000 pounds, but customers have been made to secure sales on many grades. As the money market is pressing, both at Boston and Philadelphia, buyers are still acting with great caution.

The accounts of trade from all parts of the country are encouraging this week. It is the prevailing belief that a second order by the treasury to purchase bonds under the fair trade in all branches sales for the fall trade is certain ten per cent taken together are certainly ten per cent more than at this time last year, exclusive of speculative operations.

HACKING THE MCKINLEY BILL.

Fifteen Republicans Vote to Make Binding Twice Free.

WASHINGTON, Sept. 6.—In the vote on binding twice all the democrats except Blodgett voted in company with the following named republicans: Allen, Allison, Callon, Hulmon, Ingalls, McMillan, Mauderson, Mitchell, Moody, Pierce, Plumb, Sawyer, Spooner, Washburn and the so-called Senator Power.

The negative votes were given by Aldrich, Blodgett, Cameron, Chandler, Dawes, Edmund, Everts, Fry, Hawley, Higgins, Hiseock, Hoar, Platt, Quay, Sherman, Stewart, Stockbridge and Watcott.

Paddock stated that if he had been present he would have voted for free twice.

Senator Plumb moved to strike out the free list, hides raw or uncurd, whether dry, salted or pickled, and argued in support of the motion. The motion was rejected, yeas, 15; nays, 99.

The affirmative votes were given by one democrat, Mr. Pugh and by the following republicans: Allen, Allison, Cameron, Callon, Higgins, Ingalls, Mitchell, Moody, Plumb, Quay, Stewart, Washburn, Wilson and Watcott.

The democrats voted in the negative together with the following republicans: Aldrich, Chandler, Dawes, Fry, Hall, Hawley, Hiseock, Hoar, McMillan, Pierce, Platt and Sawyer.

Yeast moved to insert on the free list: "Tanned hewn and sawed, squared and sided, and sawed boards, planks and other lumber of hemlock, white wood, spruce, white pine and basswood."

Mauderson moved to strike out of the amendment the words "hemlock, white wood, spruce and basswood," thus leaving the amendment to apply only to lumber of white pines. After considerable discussion, a vote was taken on amendment to Vest's motion which was rejected. The vote was next taken on Vest's motion and it was rejected.

A Warning to Girls.

ROCHESTER, Sept. 6.—D. M. Wentworth, living north of this city, committed suicide because his girl went to a fair with another man. He hanged himself in a barn.

Cattle Slow and Easy.

CHICAGO, September 8.—Cattle dull and weak.

Natives \$3.00@4.50; steers, \$2.75@3.25; stockers and feeders, \$2.30@3.25; cows, bulls and mixed, \$1.60@2.25; western range, \$3.00@4.10.

Sheep—Steady. Natives, \$4.20@4.40; western, \$3.70@4.25; Lambs, \$5.25@5.35.

YESTERDAY'S MARKET.

CHICAGO, Sept. 5.—Cattle fairly active and firm.

Stocks and feeders, \$2.75@3.25; cows, bulls and mixed \$1.40@1.00; Western range, \$3.50@4.00.

Sheep—Active. Natives \$4.00@4.70; western \$4.00@4.70; Lambs \$5.00@6.00; Texas \$4.50@5.10.

Silver Somewhat Lower.

NEW YORK, Sept. 8.—Bar silver \$1.16 1/2.

Pig Iron—Steady and strong. Copper—Unchanged; Lako, September \$17.00.

Lead—Quiet; Domestic, \$4.97 1/2.

Tin—Firm; Straights, \$23.20.

Almost a Deluge.

NEWARK, Ohio, Sept. 6.—The heaviest rainstorm in years visited this section today causing untold damage. All the streams are raging torrents. The Baltimore & Ohio track on the division east of here is washed out for two miles, and no train can pass.

Killed by Lightning.

GREEN BAY, Wis., Sept. 6.—During a storm today lightning struck the barn of Jacob Bodorf near this city, firing the building and killing Bodorf and a team of horses.

The Beautiful Blue Danube.

VIENNA, Sept. 6.—The Danube is again rising. Steamers of the Danube company have ceased running and all freight traffic on the river at Vienna has stopped. The landing stages here are flooded and on sections of the Northeast Railway no trains are running, the track being submerged.

LATELY.—The Meldon river has fallen eight feet and all danger is considered over at Prague. The Danube is still rising and threatens to flood the Fredman race course and stop tomorrow's meeting.

THE RAILROAD CALAMITIES.

A Locomotive Strikes a Street Car in Cleveland, Ohio.

ABOUT TWELVE PEOPLE INJURED.

Some of the Unfortunate Victims Hurled Twelve Feet Away.

Details of the Great Fire at Salonica—Losses.

Terrific Railroad Accident.

CARON CITY, Col., Sept. 6.—A terrible railroad accident occurred on the Denver & Rio Grande railroad at 5 o'clock this morning near Adobe. The train was running in two sections. The first had two day coaches loaded with laborers and had become deranged some four miles below Florence. The second section dashed into them with terrific force, completely smashing the two coaches, injuring from 35 to 40 men and killing a number outright. The bodies of five have been recovered and 13 men are still missing. The wounded are now being cared for at the depots in Florence, Coal Creek and Canon City. Physicians are in attendance. All the men in the wreck were Italian laborers just shipped here from New York.

Struck by a Locomotive.

CLEVELAND, Ohio, Sept. 6.—A frightful accident occurred at the Wilson avenue crossing of the New York, Chicago & St. Louis railroad in this city about 7:30 o'clock tonight. At least a dozen persons were injured, one of them fatally. Just as the motor had crossed the railroad track a locomotive, running about 30 miles an hour dashed out and struck the motor and passenger car, tearing them apart and hurling one to each side of the track. At least a score of persons were on the car and they were tumbled about in all directions, some being hurled at least a dozen feet away and others were pinned under the car which was demolished.

An eye witness of the accident describes the scene as terrible. The engine ploughed right through the steel car. The screams of the frightened passengers rose above the crashing of the frame work of the car.

SALONICA, Sept. 6.—The origin of the great fire here has been traced to the burning of a spirit still in the Jewish quarter. The burned district comprises an area of 250 acres. The insurance on the property destroyed amounts to \$1,000,000, of which \$75,000 is held by British companies.

Speaker Read Has Hope.

WASHINGTON, Sept. 6.—The campaign in Speaker Read's district closed this evening, where more than 3,000 people attended mass meeting in the city hall, under the auspices of the Young Men's Republican club. McKinley spoke. Speaker Read stated today that he expected a 1,000 majority, but his friends feel confident that it will reach 1,500.

Binding Twice Free.

WASHINGTON, Sept. 5.—By a vote of 38 to 18 the senate has placed binding twice on the free list. The motion was made by Senator Davis of Minnesota.

Consul General Gunther Sick.

OSKOT, Sept. 5.—Richard Gunther Consul General to Mexico, is sick here.

Reconstituted a Powder Trust.

CHICAGO, Sept. 5.—The American Powder company was incorporated at Springfield yesterday. The headquarters are in this city. The company is backed by capitalists in Chicago and Cleveland. The capital stock is \$1,500,000. The projectors of the enterprise say it is intended to buy up a large number of powder mills.

A Small Village Storm Stricken.

MARSAH, Wis., Sept. 5.—The village of Anawa, in Marathon county, was visited by a hurricane last night. One house was completely wrecked and a number of buildings, including the postoffice, were badly wrecked. As far as known no lives were lost. The storm cut a swath in the pine woods 80 rods wide and two miles long.

A Settlement Come To.

PITTSBURGH, Sept. 5.—The Pennsylvania railroad machinists here wanted nine hours work and ten hours pay. The company gave them nine hours with the same rate of pay and the men accepted it.

Reciprocity in Favor.

MONTREAL, Sept. 5.—Reciprocity is gaining ground in this city.

Killed by Dynamite.

PARIS, Sept. 5.—Many persons were instantly killed and many injured by a dynamite explosion at Laroche.

A Case of Spontaneous Combustion.

Last night L. W. Curtis noticed flames rising back of Albrecht's furniture house. He ran up to the place and discovered the fence and a pile of boards on fire. Fortunately a pile of hose attached to a hydrant was near and in a short time the flames were subdued. Mr. Albrecht says a barrel of unslacked lime was standing against the fence and that the fire must have originated from the lime. It is certainly a case of spontaneous combustion. If it had not been discovered there might have been a serious fire, as the adjoining buildings are wood.

SLEEPLESS NIGHTS made miserable by that terrible cough. Shilo's Cure is the remedy for you. For sale by J. B. Driver, Druggist.

THE BELMONT PARK RACE.

Incidents of the Match Race Between Alfred and Maggie B.

PHILADELPHIA, Sept. 4.—Driver Hicker after taking Alfred around for a warming-up mile, expressed the opinion that the course was a "little hard" and this was afterwards found to be true; also the opinion of Marvin, who has two California trotters in charge. The sun was bright and warm. Very little breeze stirred and the air was dry. Nearly 15,000 people were present. Robert Bonner, the owner of Sunol, was expected from New York, but a letter announced his inability to be present. His sons Fred and Alvin and his brother Dayid were present.

Palo Alto was exercised in the morning but Sunol was not taken from her stall until an hour or so before her trial. After being fed at 10:30 o'clock, neither of the horses was given anything to eat, their trial being made with empty stomachs. Promptly at 2:30 o'clock the first event on the programme, the match trotting race between Alfred and Maggie B, best two in threin, the former being the wagon and the latter to harness, was started.

Alfred took the first heat in 2:21. In the second heat Maggie B broke badly near the first quarter post and Alfred trotted under the wire in the fast time of 2:15 1/2.

Then came the event of the day. Between the heats of the match race, Sunol, the beautiful California bred chestnut mare, had been brought out by Driver Marvin and given a warming up by trotting a mile in 2:35. At the conclusion of the match race, Sunol was jogged gently passed the grand stand and the assembled multitude was given an opportunity to take in her wonderful build. Little time was spent in getting ready and after scoring one Marvin nodded for the word and started.

Sunol's gait was perfection and the crowd watched her every stride with intense interest. She reached the quarter mile post in 30 1/2 seconds. This pace was maintained until within a hundred yards of the half mile post, when she left her feet. A murmur of disappointment ran through the crowd as the break was unlooked for. By the time the half mile was reached she had settled down and the rest of the mile was made without a skip. A running horse, driven by Orrin, joined her just beyond the half mile and seemed to urge her on. The time at the half mile was 1:04 1/2; three-quarter 1:32 1/2, and the mile in 2:11 1/2.

Scarcely a sound escaped the crowd as the mare dashed under the wire. It was realized that Sunol had lost her chances of making an extraordinary mile by the unfortunate break. Within a few yards of the wire Marvin used his whip lightly on Sunol's shoulders and urged her to did her best.

After alighting from his sulky Marvin approached the judges stand and in response to a question said he would not give the mare another trial. Although he did not say so, she was apparently somewhat tired. A floral collar was placed around Sunol's shapely neck and she walked back to her stable amid the applause of the assemblage.

The Chicago Wheat Market.

CHICAGO, Sept. 6.—Large business was transacted in wheat during the first half of the session, after that it ruled quiet and steady for awhile. The market closed 1/2c higher than yesterday. The New York failure caused some apprehension among operators, but it was asserted that the interest of this firm in grain was small.

A Daring Voyage.

R. C. Hite of Bossman is building a boat in which he intends to float to the Gulf of Mexico. He will launch his craft at Gallatin City about Sept. 15. The boat, which is 23 feet long, will be carried around the falls at Great Falls and its captain expects to make, with the aid of steam, 100 miles a day. The boat is large and commodious, fitted with a quick-acting engine, marine boiler, cabin and other necessary accessories for comfort and quick time. The boat will cost, when completed, fully \$1,000, and will be used as an abiding place this winter by Mr. Hite and Mr. Babcock, who accompanies him, on the Alabama coast. A great deal of interest centers around the boat and its crew—Jefferson County Sentinel.

MEADDER COUNTY ITEMS.

The Grasscopper shaft has reached a depth of 150 feet and the cross cut for the lead has been begun.

It is stated that Downing and Nelhart have sold their interest in the Queen of the Hills group for \$34,000.

There is a strong probability of a deal being consummated between Great Falls capitalists and the Red Bird mine owners at an early date.

The news from Nelhart is that some very fine ore has been struck in the Manhattan and that this property bids fair to come rapidly to the front.

Charles Severance and T. E. Collins made a tour of the Castle mines this week, and we may expect to hear of a new mining company in the near future.

The town council have had under consideration for the week past propositions from three water companies proposing to furnish the Springs with a water system.

There was an exciting scene on the Toward road, just beyond the range, Friday. A timber fire got started and when the coach arrived on the scene the flames were leaping like red-tongued demons far above the trees. Already the white billows of smoke black as Egyptian darkness rolled heavenward and the roar of fire sweeping through the tangles on the wings of a heavy gale was something terrific. Already the heat had leaped across the road and the heat was so intense the passengers had to go about, crossing the creek and going around the fire, while the driver plied the silk and raced through the fiery gulf. He had a hot ride and his face was somewhat burned, but he got his cargo through without its taking fire. It was a wild scene to behold and some of the passengers were very much frightened.—Husbandman.

WINDOM BUYING SILVER FREELY.

The United States Treasury Pays \$1.173 for the White Metal.

THE GREAT FIRE AT SALONICA.

No Persons Killed by the Wreck on the New York Central Railroad.

Differences Among Railroad Machinists at Pittsburg Settled.

More Silver Bought.

NEW YORK, Sept. 5.—The government yesterday purchased 250,000 ounces of silver at \$1.173 and \$1.173 per ounce. Secretary Windom tried to purchase 1,250,000 ounces between August 13 and September 30, so as to start with the even month. Bar silver is \$1.16 1/2.

The Big Fire Out.

SALONICA, Sept. 5.—The fire has been extinguished after destroying 12,000 houses.

The Wrecking of the Train.

ALBANY, Sept. 5.—No lives were lost in the New York Central wreck near here. The injuries received were slight. It was clearly a case of deliberate wrecking. The iron was wedged in the rails so as to obstruct the track. Five thousand dollars are offered as a reward for the detection of the criminals.

J. J. Holland of the general executive board of the Knights of Labor has just arrived and is in consultation with Wright and Devlin as to the advisability of offering \$1,000 reward for the detection and conviction of the persons who placed the obstruction on the track.

KILLED IN A COLLISION.

ALBANY, Sept. 5.—Engineer Thomas Murry, Fireman John Starr and John Anderson have been killed in a railway collision on the Delaware and Hudson railroad at Howardton.

WHAT'S IN A NAME?

Shakespeare says, "A rose with-out a name would smell as sweet."

There is not a name in the history of the century, in the year of grace 1890, there is quite a good deal in a name.

A clothier without a name and reputation is heavily handicapped in the race for trade. People like to buy from dealers whose established record is a guarantee for fairness and honesty.

Our name, A. NATHAN, The One-Price Clothier, has been before the public of Northern Montana for years and has an established reputation for honesty, fair-dealing and hearty endeavor to please customers.

The reputation of a clothier is the accumulated evidence of many transactions with many customers. A good name can only be founded on continued merit in merchandise and fairness in dealing. We can be surpassed in neither.

Our name has a value to you. It specifies a place where you can save money by buying better goods for less money than elsewhere. Try us and see if this good name is not well deserved.

Perhaps you may hear our customers speak of the tailor made clothing we carry, the work of Stein, Block & Co., wholesale tailors. There is so much in them to talk about it can't be half told. The fit, the fabric, the fashion, that extreme "fineness of finish" you can't find in other makes. When we call their suits tailor made, we mean every suit is made as much by hand as possible, no machine button holes or flimsily sewed on buttons, but enough said.

The name Stein, Block & Co., wholesale tailors, attached to all their work, speaks for itself.

Our fall goods are coming in. We are receiving the best goods of every kind in our line that can be found.

The latest styles in hats, neckwear and handkerchiefs continually in stock.

Shirts in quality, style, pattern, workmanship and prices that will suit you.

While we carry the best goods to be obtained, we also carry an immense stock of goods to suit all kinds of trade. We do not carry the cheapest grades, but will sell you good goods at prices that will surprise you; cheaper than the cheapest grades can be bought elsewhere. It will be to your interest to see our stock. Step in when you can. We'll be glad to see you whether you purchase or not.

If you cannot come yourself send your order and it will receive immediate attention. Don't forget that we guarantee the price of every thing we sell. Yours respectfully,

A. NATHAN, The One-Price Clothier
