

The Boston GREAT FALLS MONT. LADIES' SHOES!

If feet could tell a story of their wrongs some of them would speak pretty plainly. Shoes are not designed as instruments of torture. If you are made for the purpose of torturing your feet, you may know that a mistake has been made somewhere. Comfort as well as usefulness is what you are after and this you can obtain from our HAND-WEAVED FRENCH KID SHOES. They are made by the best shoemakers in America and are perfectly adapted to the climate of this country.

Our Cloth Top French Kid shoes in "Opera" and "Commode" styles are the most comfortable and prettiest for spring and summer.

We have them in Misses' Sizes with Patent Leather Tips, for Fine Wear.

Please also see a call when in need of a new pair of shoes. We shall be happy to show what we have and we feel certain that we can show you a better shoe for less money than any other store in the city.

MILITIA COMPANIES ARRESTED.

Capt. Loar and his Deputies who Fired on the Striking Miners Arrested.

EXCITEMENT INTENSE OVER THE MATTER.

The Least Act of Indiscretion Might Precipitate a Bloody Strife.

One of the Greatest Strikes that has Ever Occurred in the Country Likely to Take Place May 1st.

SCOTTSBURGH, Pa., April 9. - This place is in a fever of excitement tonight over the arrest of Capt. Loar and his deputies on a charge of murder. The suits are the outcome of the Morewood riot. Early this morning James Melville and Robert Wood, two leaders, appeared before Justice Eichler and swore out warrants for the arrest of company E. M. Grand; P. Harry Wilson, Richard Burns, Lewis Davis, Cary Brown, Horan Reece, Jacob Sundie, Steve Corsett, Miles Hand and Elmer Nichols, on the above charges. Officer Gay, armed with these warrants went to Mount Pleasant and succeeded in capturing all of them - save Reece and Gilbert, who are thought to have escaped. It is stated the latter has been located at Somerset, Pa., where he will be promptly put under arrest. They were brought here in squads and taken to the Squire's office in as quiet a manner as possible to keep the news from reaching the strikers. A large crowd gathered, however, and the sidewalk and street fronting the office were soon a mass of humanity. The defendants waived a hearing and commitments were taken out after which they will be removed to jail tomorrow. The feeling among the strikers against Capt. Loar and his deputies is still very high and it is probable for that reason that they were taken to the Eighteenth regiment camp, where they will be carefully guarded until daybreak. Nobody was admitted to Squire's office save Sec. Parker and the newspaper men. The defendants say they are not at all worried over the ultimate outcome of the suits, but expect it would necessitate considerable trouble. After the hearing they were marched to the Eighteenth regiment's quarters, where they are being confined by their comrades. At Squire's office it was again wired that Capt. Loar did not give that command to shoot, and that the evidence would be advanced before the courts. Officer Gay says that Loar at first remonstrated against the arrest on the ground that he was now serving the state, but finally waived his objections when convinced that he was wrong. On reaching Greensburg tomorrow efforts will be made to secure a writ of habeas corpus for them.

Judge Reyburn will preside over the courts. The two soldiers who were tried for disorderly conduct this afternoon were dismissed by Mayor Kays on the payment of \$5 fine each. The district attorney of Greensburg is blamed by the strikers as being instrumental in fixing bail, and it was this bail question that led to the sudden rearrest of Loar and his deputies.

Gigantic Copper Trust.

PHILADELPHIA, April 9. The Record says: The termination of a gigantic copper trust was inaugurated in this city today which in extent and importance promises to eclipse even the sugar trust. The scheme was practically consummated at a meeting of the Plumbers Copperware association of the United States, held at the Lafayette hotel, and was largely attended.

There was no attempt to disguise the fact that the object of the meeting was the consideration of plans by which a trust or combine could be formed among manufacturers to control the output of goods established a schedule of prices and devise means whereby the material interests of the business may be promoted. It was claimed that there has been a ruinous cutting of prices lately, so much so that plumbers' copperware has been selling at a loss. The wages of laborers had been materially affected and a better and sounder condition of affairs in trade was desirable.

Minnesota Legislature.

St. Paul, April 9. The senate today passed the McHale "fights" bill. The house passed Tripp's bill to punish frauds on the elective franchise. Feig's bill to inspect scales at public elevators and Cong's bill requiring eight hours a day on public works.

INTERSTATE CONVENTION CLOSED.

Every Indication Points to a Great Strike May 1st.

PITTSBURGH, April 9. The interstate convention of miners and operators closed this evening suddenly. After a fierce battle of words and opinions, for their talk was declared profane, and adjournment was made sine die, that fairly made the miners heads swim, though they accepted the proposition with a smile. This action means practically that the interstate agreement has been abolished, and that the amicable and harmonious relations that have existed between the two classes for the past five years are broken off and may not be resumed. It also means that the 75,000 mine workers of the two regions will stop work on the 1st of May affecting 500,000 directly and hundreds of thousands indirectly, as the mine workers of the country will also demand eight hours a day and the continuation of work after May 1st now seems almost impossible. The two great organizations of labor, the Knights of Labor and the Federation of Labor are back of the men and their money will be at their disposal. The demise of the convention was hastened by the report of the committee having the eight hour day in their hands. The miners formed propositions in the report to which the operators on the committee strenuously objected. The propositions were:

First. That a reduction in pay of day labor relative to reduction in hours will be adopted.

Second. That we proceed to make our wage scale with the understanding that eight hours constitute a day's work after the 1st of May, without the operators of hitherto endorsing it, but if it does not generally prevail within a reasonable length of time miners will not insist on its enforcement.

These had been modified from the first demands of the miners, but every operator in the two states, with one exception, will fight the movement. The one exception is Col. W. P. Bond of Chicago. He came into the convention and said he was in favor of a shorter day and made a speech that was favorable to the miners. He discussed the situation with the operators, advising a trial of the scheme, but found them so strongly opposed to it that he was unable to make an impression and gave up the hope of conviction.

The convention did not meet in its second session until 3 o'clock this afternoon, and the hope of both operators and miners was that an agreement had been arrived at. When the eight hour committee filed into the room, there was a rush for seats. On a call for the report, Chairman Rae, president of the United Mine Workers said the operators would not agree to the hour system of paying. Morton of Columbus, spoke on behalf of the operators. He moved to adjourn sine die and the motion carried unanimously.

MINES ON FIRE.

The Negligence of a Mine Engineer and His Assistants Cause Trouble.

HOOVEROS, Mich., April 9. The smoke of the underground fire filled the Quincy and Franklin mines last night, and the miners rushed to the surface in a panic. Two of the Quincy miners, lately from the iron mines, lost their way and did not get to the surface for some hours. Many others had narrow escapes. The fire was caused by the mine engineer, C. E. Baily, and his assistants building a fire yesterday to warm their dinner pails which they failed to extinguish properly. The miners succeeded tonight in closing up the hole between the Quincy and Powagie mines and the Quincy miners have gone to work, but the Franklin mine is so filled with smoke that a dense volume is pouring out of all the shafts. No prediction can be made as to the duration of the fire as the indications are fully as strong as at the latest Calumet and Hecla fire, and that lasted many weeks. John Perry, a miner, was brought up unconscious tonight and may not survive.

Snowing in St. Paul.

St. Paul, April 9. It rained all day and is snowing tonight. Similar reports have been received from a number of points in the state.

Base Ball.

California Redwood.

Extra fine and twenty-four inches wide California Redwood, The Goodrich Lumber company.

REGULAR DONNYBROOK FAIR.

The Bad Feeling Existing Between the Citizens of Kingston and Edwardsville Result in a Riot.

IT BROKE OUT DURING A CONFLAGRATION

There was a Long and Bloody Encounter in which Many were Badly Injured.

An Insane Mother Brains her two Children and then Commits Suicide.

WILKESBARRE, Pa., April 9. A serious riot occurred at Kingston just across the river from this city this morning while the local fire-brigade was engaged in extinguishing a fire. Mitchell Duffy from Edwardsville forced his way inside the lines. Upon refusing to get out a fireman turned the hose on him. A number of Edwardsville men who were watching the fire became angry at this and jumping over the ropes attacked the firemen fiercely. The latter stoutly defended themselves and in a short time no less than twenty-five men were engaged in a hand to hand encounter. Stones, clubs, wrenches and everything that could be used as a weapon was wielded. The firemen were soon outnumbered and were on the point of being a retreat when the police appeared and engaged at once with the rioters. Mountain reinforcements arrived from Edwardsville and the battle became general. Business men along Main street, seeing the police beaten back by the Edwardsville people, took a hand in the fray. The fight was long and bloody and when, at the end of an hour, the Edwardsville forces were put to flight, there were no less than twenty men badly injured on each side. Broken heads, noses and limbs kept the doctors of both towns busy for hours and it is feared that two or three may die from their injuries. Duffy was arrested and is now in jail.

A SICKENING SIGHT.

An Insane Mother Kills Her Two Children and then Commits Suicide.

HELMAS, Neb., April 9. A terrible triple tragedy occurred today. Mrs. Andrew Doll killed her two children and then took poison, dying shortly after committing the terrible deed. Mrs. Doll but recently returned from the state insane asylum, where she has been confined. She was pronounced cured by the officials of the institution, and her appearance and actions up to this morning led her friends to believe her mind perfectly clear. She has been an invalid for several years, and about a year ago planned to murder her children and suicide, but her plans were discovered and frustrated, after which she was adjudged insane and taken to the asylum. But on this occasion her plans were very complete and horribly successful, everything being favorable. Before the children - a girl and boy, aged respectively seven and nine years, were dressed, she took them to the kitchen and with an ax crushed their skulls. She then replaced the bodies in bed, nailed the doors shut and after taking a dose of concentrated lye, climbed out of the window and called for the neighbors to come and see her children. The door was forced open and the sight was sickening. On the bed lay the mangled forms of the two little ones, while in the kitchen was the insane mother in the agonies of death. The mother died in great pain a few moments afterwards.

Our agents make \$100 to \$200 a month selling our goods on their merits. We want county and general agents, and will take back all goods unsold if county agents fail to clear \$100 and expenses after a thirty days' trial, or a general agent less than \$150. We will send large illustrated circular and letter, with a special offer to suit territory applied for, on receipt of three recent stamps. Apply at once and get in on the boom. Address Fenner Manufacturing company, Pittsburg, Pa.

New line of Picture Mouldings at Calkins' Bookstore, Collins & Lepley Block.

Embossed Box Paper, new design, at Calkins' Bookstore.

Oysters and Fresh Fish Will be kept constantly on hand by the Great Falls Meat company.

Store Shades of all qualities and sizes at Rubottom & Gilchrist.
