**FILLIBUSTERING IN MEXICO.**

WASHINGTON, Nov. 21.—Senator Romero, the Mexican minister, called President Taft's attention to the Brownsville and Antonio telegrams recently published in the papers to the effect that a revolution in Mexico was heading a revolution in northern Mexico which was supposed to be on the increase. Senator Romero is in receipt of a cablegram from an Antonio Diaz of which the following is an extract:  
Carrizosa Garza organized in the territory of the United States in violation of their laws an armed band of about fifty men. As the boundary line is so extensive he was able to cross at a place where there were no troops, and while there and some armed ranchmen started pursuit, he robbed the unprotected stages he found on his way during the night or forty hours which he remained in Mexican territory and crossed over the Rio Grande river into Texas without being molested or interfered with by the proper authorities of the United States, and a few of his men are now organizing and recruiting on two ranches in Texas near the frontier, and so far without any interference from anybody. Garza never stopped to fight his pursuers, he only killed and few wounded he had were shot in their backs while running at full speed.

**UPRISING IN PERSIA.**

The Machinations of a High Priest Cause a Revolt.  
LONDON, Nov. 21.—A dispatch from Tehran, the capital of Persia, states that the mujahid or high priest of the Shiah sect which is the predominant religious sect of the country, its followers numbering nearly 7,000,000, recently organized a revolt in Manzerandan a province in northern Persia. The government took prompt measures to suppress the revolt and a body of troops was dispatched to restore order and to place the high priest under arrest. The rebels were prepared, however, and made a determined resistance against the Shah's soldiers. They entrenched themselves in a strong position and a long contested and desperate battle ensued. The rebels were finally defeated, not, however, until two hundred of their number had been killed. The loss of troops was 20 killed. A large number of rebels were taken prisoners, and it is expected summary justice will be meted out to them. Among the prisoners is the high priest to whose machinations the whole trouble was due.

**PRACTICALLY ONE.**

The Alliance and Farmers' Mutual Benefit Association Have Amalgamated.  
INDIANAPOLIS, Nov. 21.—The Alliance and Farmers' Mutual Benefit association are practically amalgamated, though each has refused to adopt resolutions looking to a consolidation. But the two organizations are just as firmly united as if the formal resolutions had been adopted. The arrangement looks to a disappearance of the Farmers' Mutual Benefit association before its next national meeting. Last night and today the alliance has been initiating into its membership many of the most prominent members of the Farmers' Mutual Benefit association. These are to go back to their homes to proselyte among the subjugated. The alliance agreed to admit subjugated of the Farmers' Mutual Benefit association into the alliance upon the payment of \$1 for blank.  
It is expected that before the time for the next annual meeting of the Farmers' Mutual Benefit association nearly all the delegates will have joined the alliance. Large numbers of delegates to all organizations have already left the city, and it is thought the supreme council decided not to longer permit state agents to act as members of the council. This is regarded as an evidence that the Reform Press association's charges against state agents are to be investigated by the supreme council.

**DIPHTHERIA EPIDEMIC.**

DEVILS LAKE, Nov. 21.—A sensation was caused here today by a personal encounter between Mayor Whipple and District Attorney Cowan. The parties met on the street and after some words came to blows, fighting till separated. Bitter political feeling over the recent election, when Whipple's candidate was defeated for commissioner and a law suit reported yesterday, caused the encounter. The parties were formerly political friends but are now sworn enemies.  
Navigation has been closed on Devils Lake and the mail is now being carried by stage.

**JURY DISAGREE.**

PIERRE, S. D., Nov. 21.—The jury in the case against "Touched," a nephew of Bull Ghost, for attempting to kill Wooden Horn at Stephen mission last August while digging a grave, returned a verdict of disagreement. The case will be tried again at Sioux Falls in December.

**DIPHTHERIA EPIDEMIC.**

VERMILION, S. D., Nov. 21.—Diphtheria has again broken out. There are numerous cases and two deaths have occurred. The congregational minister and most of the leading physicians are amongst those under quarantine. The superintendent of health ordered the schools closed and they have been closed until the first Monday in January.  
A fuel famine has been threatening the town for the past two weeks. For some reason wood dealers have not been able to supply the demand and very few of the people are furnished with coal burners. The price is getting high which will cause considerable suffering among the poorer classes.

**AN IMPORTANT SUIT DECIDED.**

HILLSBORO, N. D., Nov. 21.—After an all night session the jury in the case of W. J. Conrath against Dr. George McLain, brought to recover \$10,000, for alleged malpractice, brought in a verdict for the defendant. The suit has been the most important of the kind ever tried in the state and attracted the presence of leading physicians from nearly every town.  
Judge McConnell adjourned district court today.

**AN INDIAN NOT A LEGAL BONDSMAN.**

PIERRE, S. D., Nov. 21.—Judge Edger-ton of the United States court gave a personal opinion yesterday in the criminal trial of "Touched," that he did not believe an Indian not a citizen was a legal bondsman for another Indian charged with a crime. In a private interview he stated that an Indian has to get the consent from an agent to sell his live stock and the consent of the agent for an Indian to be bail for another is an act of the government and would in that case be good and that without it bail is worthless.

**IT WOULDN'T WORK.**

LEXINGTON, Nov. 21.—Prof. Robert L. Reynolds, who has been a student and professor in various colleges in this city, was arrested here today under peculiar circumstances by United States Deputy Marshal Daniels on the charge of blackmail. Prof. Reynolds is a young man of excellent habits and is highly respected in Lexington and Glasgow, his home. He is not twenty years of age. He has been in Lexington about two years and is inclined to be a practical joker. About six months ago he answered the advertisement of a man in the Transcript a morning paper in this city. The name of the Kansas City man was John Wheat, a rich widower, late of Bourbon county, Kentucky, who wanted a wife. Wheat wrote loving letters and sent his photograph to Reynolds. Finally the latter wrote to Wheat that he was "onto his racket" and told him he was a newspaper reporter and would give the "snap" away if he did not send him some "lush" money. Wheat never answered this letter and Reynolds never heard anything until today when he was arrested.

**THE EXECUTIVE COMMITTEE TO MEET.**

INDIANAPOLIS, Nov. 21.—S. P. Sherin, secretary of the national democratic committee and ex-officio secretary of the executive committee of that body, has, by the direction of Senator Brier, chairman, issued a call for a meeting of the executive committee at the Arlington hotel, Washington, Dec. 8, 1911. The executive committee is composed of twenty-five members of the national committee.

**DEFEAT OF FONSECA.**

The Opposition to His Government So Formidable and Threatening that He Steps Out.

He Retired in Favor of the Vice Chief of the Provisional Government, F. Peixotto.

Great Excitement Prevails but No Indications of Serious Disorder—Business Suspended.

**DOWNFALL OF FONSECA.**

LONDON, Nov. 21.—Dispatches from Rio de Janeiro this afternoon bring the intelligence that the opposition to Dictator Fonseca has gathered sufficient force to break through the barriers erected by the government to hold it in check and to make itself master of the situation. No details have yet been received as to the precise methods adopted. All that is known is that the uprising was so formidable that Fonseca considered it impossible longer to maintain his ascendancy and has surrendered his authority. In retiring or resigning as he called it he declared that he did so in favor of Florino Peixotto, vice president or vice chief of the provisional government of which Fonseca was the head. Whether the opposition will be content to allow Peixotto, about whom little is known here, to assume the leadership of the state is not known. It is not believed that he will be permitted to act as chief executive even temporarily unless he is in sympathy with the ideas and principles of the leaders of today's revolutionary movement.  
Rio de Janeiro is in a state of great excitement, but no reports have come as yet indicating mob law or serious disorder. The uprising, however, had the effect of putting a stop for the time being to all kinds of business. Exchanges are closed and everybody is so interested in watching political developments that no thought is given to commercial pursuits or business elements. The news that Fonseca had resigned spread through the city like wild fire. Everywhere it was received with enthusiastic cheers and an exclamation of satisfaction. The provinces have not yet been heard from, but it is believed from advices hitherto received in regard to the growing opposition throughout the country to Fonseca's supremacy that the news of his downfall will everywhere be received with the same satisfaction as at the capital. The revolution at Rio de Janeiro only broke out this morning and its work was quickly accomplished.

**EATING UP THE SURPLUS.**

WASHINGTON, Nov. 21.—The treasury department has paid out \$10,500,000 on account of pensions since the 1st inst. and will pay out \$2,000,000 more on that account before the end of the month.

**THE PRESIDENT NON-COMMITAL.**

WASHINGTON, Nov. 21.—The members of the Nebraska delegation now in Washington for the purpose of urging the selection of Omaha as the place for holding the next republican convention met at the white house in a body this morning and paid their respects to the president. The visitors were cordially received but were unable to persuade the president to express a preference for their city. The members of the delegation from the northwest favoring Minneapolis as the convention city also called on the president later in the day, but they were equally unsuccessful in causing the president to commit himself.

**ENTOMBED AND ASPHYXIATED.**

BROOKLYN, Nov. 21.—This afternoon a new conduit extension under course of construction burst and submerged a number of laborers. To add to the horror a large gas pipe which ran parallel with the conduit was broken, filling the place with the fumes of gas. Four laborers and possibly seven were buried alive. Hugh Murphy and two Italians known only by numbers were completely entombed by an avalanche of earth. Another Italian was partially buried in the sand and pinned down by timbers.

**HELENA SETS THE MIMING CONGRESS.**

WHEN we see a competitor posing in the above servile attitude and with a hypocritical leer prate about cheap goods, we grab our little hatchet at once and make for his scalp, metaphorically speaking, and never let up till we capture it, too, in an honest business way. No misrepresentation is necessary. We can touch prices that long-credit establishments cannot approach. Why? Because we pay spot cash for goods and get bottom figures on our purchases. That is the reason and a visit to our store will prove it.

**WE HAVE IT!**

From now until January 1st, 1912, on every dollar's worth of goods purchased at our store you will receive a ticket and when you have the required amount you will be entitled to the following:
