

### MONTANA OFFICERS OF EXPRESS COMPANY HOLD SESSION HERE

Route Managers and Agents Meeting With Superintendent Ward of Great Falls.

Route managers and agents for the Montana division of the American Express company met Tuesday morning in the office of W. W. Ward, Montana division superintendent in the First National Bank building for a two days special session. Mr. Ward is in charge of the meeting.

**Greater Efficiency Planned**  
The meeting was called to formulate plans for more efficient service on the Montana branch of the American Express company's service, the aim being to "promote 100 per cent efficient service," as it was expressed at the meeting. Most of the Tuesday meeting was devoted to an informal conference by the route managers and agents to discuss the work of the company in this state. Today E. M. Whittle of Seattle, general manager of the North Pacific department of the American Express company, will be here and will address the Montana officials this afternoon. It is probable that all action by the division managers will be postponed until after the talk by Mr. Whittle.

**Many Attend Meeting**  
At the meeting were B. A. Benton, general agent, Butte; A. C. Reed, general agent, Billings; C. L. Shaul, general agent, Helena; A. J. Dwyer, general agent, Great Falls; L. Withis, agent, Missoula; J. L. Benton, route agent, Miles City; G. F. Taylor, route agent, Lewistown; C. J. Barclay, agent, Lewistown; E. T. Allen, route agent, Spokane; L. M. Hughes, route agent, Helena; N. A. Bangs, route agent, Great Falls, and W. W. Ward, Montana superintendent, Great Falls.

Jotham's fable of the trees, recited in Judges, is the oldest fable extant.

### BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

### GRAIN INSPECTOR GRADES 900 CARS

Great Falls Office, First in Montana, Expected to Inspect 2,200 Cars by February.

The state grain inspection office established in Great Falls last August, which is the first one in Montana, has graded and inspected 900 cars of wheat and about 500 samples, according to C. D. Greenfield of Helena, state commissioner of agriculture and publicity, who is also secretary of the state grain grading commission.

"By February 1 it is expected that the office will have graded 2000 cars," George H. Moran, the inspector, is licensed by the United States as well as by Montana," said Mr. Greenfield. "Mr. Greenfield will leave this (Wednesday) morning to return to Helena."

### BOOTLEG CHARGE UP IN MOCK TRIAL

High School Boys' Senate Plans Program Tonight; Faculty Members on Jury.

Excitement prevails at the Great Falls high school. Terrance Slattery, of the junior class, has been accused of bootlegging. Evidence has been collected showing that he has had dealings for some time with various undesirable merchants of Canada.

Steps will be taken this (Wednesday) evening to ascertain just how guilty young Slattery is of carrying on an underground business with Canada. A jury selected from the members of the high school faculty will hear the evidence against Slattery presented by Ernest Balyant and Elliot Roberts, John Taylor and Ralph Mowery, friends of Slattery, who declare that he is being grossly maligned by black mailers and persons who are jealous of his place of respect among the members of the student and faculty body. Will defend him.

It seems that Mr. Taylor and Mr. Mowery besides being excellent students of impeccable character are attorneys as well. Archie Riley, who is quite impartial about it all, and merely says "You never can tell," when asked his opinion concerning Slattery's guilt, will act as judge.

The mock trial, which will be under the auspices of the high school senate, will take place in room 58 at the high school this evening at 7 o'clock. All students and others interested are invited to attend and hear the final decision.

### Rebuilds Health

Are you fagged out, all run down and feel as though you could hardly drag one foot after the other? If so you should try a bottle of Vinol, the greatest strength-building tonic.

Model Rx Pharmacy, Cascade Pharmacy, Wheeler Drug Co., Great Falls Drug Co.

### F. R. VAN DE PUTTE MADE COMMISSIONER OF POLICE BY MAYOR

Appointment to Succeed E. Homer Stone Announced at City Council Meeting.

F. R. Van de Putte, president of the Park hotel company, was appointed to a position on the Great Falls city police commission at the city council session Tuesday evening to succeed E. Homer Stone, who has left the city. Mr. Stone's office was declared vacant by formal vote and the aldermen voted unanimously approval of Mayor Louis Newman's selection of Mr. Van de Putte.

Alderman Harry Stevens asked the mayor whether he did not, as a permanent policy, have the resignation of all appointees, to which Mr. Newman replied that he did not. In this instance, the mayor said, it was necessary to find Mr. Stone's position vacant because of the fact that he had been absent from the city for more than 10 days without a leave of absence. It is understood that Mr. Stone has taken up his residence in Tacoma.

**Property Owner Asks Refund**  
A protest was filed with the council by Mrs. Mary R. Garey, owner of lot 7, block 400, against the alleged overcharge paid by her for the installation of water services. Four "shutoffs" were installed on her property, she asserted, where only three were necessary and she asked for a refund of \$25. The petition was referred to the water committee.

Reporting for the public welfare committee, Alderman George Calvert stated that the proposed ordinance regulating taxi cab charges is now being drafted and will be presented to the council next week. Dr. Aloysius Dolan, city health officer, reported that detention hospital No. 1 has been closed and that no patients were confined in hospital No. 2 on November 1.

Dr. Degan's report was accompanied by Sanitary Officer William Shen's statement of the condition of restaurants and dairies in the city. All establishments of these classes were found by the officer to be furnished goods in compliance with legal requirements. The report of R. S. Gaunt, inspector of the bureau of criminal identification, for October was filed.

**To Remove Temporary Signs.**  
Alderman G. T. Booth obtained an order for the removal of temporary signs kept in place by south side merchants beyond the time specified in their permits. Mr. Booth said complaints had been made by other merchants who asserted that the adornment of their competitors' store fronts was winning all the trade on First avenue south.

### Acquitted of Charge He Sues Complainant

Special to The Daily Tribune. Billings, Nov. 16.—Three days after he was acquitted by a district court jury of setting fire to two stacks of grain belonging to E. N. Phillips, Fred McGregor yesterday filed suit against Phillips for \$15,000 actual damages and \$10,000 exemplary damages. Phillips has been served with a summons.

## OPEN NIGHTS UNTIL 9 O'CLOCK
