I. W. W. CASE BEING TRIED.
Montesano, Wash., Jan. 25.—Conditions resembling those of a boom mining camp prevail in this little lumber town and county seat. There are said to be no rooms available, even the private homes of citizens being crowded with talesmen, attorneys and witnesses here to attend the opening Monday of the trial of 11 alleged I. W. W. charged with the murder of Warren O. Grimm, during an armistice day parade at Centralia, November 11, 1919.

The prosecution is said to have subpoenaed more than 200 witnesses. The defense counsel has announced that it will call about 100 witnesses. The jury venires total 380 taxpayers of Grays Harbor county.

Nearly all of these are either here in Montesano or at Aberdeen, about 12 miles distant. The housing and feeding situation faced by the people of Montesano were unprecedented. It was expected, however, that they will be met.
Arrangements have been completed to house and feed witnesses, prospective jurors and counsel at the city hall. These arrangements also provide for the housing and feeding of a number of members of the American Legion, who have come here to watch the progress of the case. The legion is particularly interested in the trial because the four men who met death during the shooting were members of that organization.
A large hall, vacant until a few days ago, is being used by the defense as a lodging house. It is several blocks from the court house, however.

GUNS ARE BARRED FROM I. W. W. COURT HEARING

Montesano Court Orders Veniremen and Spectators Questioned as to Arms Before Entering.

Montesano, Wash., Jan. 29.—George F. Vanderveer, counsel for the defense in the trial of eleven alleged I. W. W., charged with murder in connection with the Centralia armistice day shootings, was ordered by Judge John M. Wilson, today, to deposit his revolver in the office of the county clerk before entering court hereafter. Judge Wilson made the request of attorneys for both the prosecution and defense, but Vanderveer was the only lawyer in the case who admitted carrying a weapon.

Baliffs questioned veniremen and spectators today as to possession of a weapon before allowing them to enter the court room.
Influenza in this county had begun to assume epidemic conditions it was learned when it became known that at least 10 members of the American legion were confined to their temporary barracks as influenza sufferers. Sheriff Jeff Bartell has been unable to attend court for two days, and his illness is said to be due to influenza. Several other court attaches are said to be suffering from influenza. It has not become virulent, however.

Four veniremen were examined by the prosecution and defense at the morning session of court, three being excused for cause and one being accepted temporarily. The accepted talesman was C. C. Strayer, grain merchant of Aberdeen. He was accepted over the challenge of the defense.

The three dismissed were: Samuel Berdine, filer, Hoquiam; Frank Watkins, confectioner, Elma, and Adolph J. Pietsch, fill foreman, Aberdeen. Berdine was excused following a challenge by the defense, the other two because of opinions which the court ruled disqualified.

O. C. Schneider, temporarily passed Wednesday, was re-examined. The prosecution has challenged him for cause.

W. E. Hall was arrested here Wednesday night on a warrant sworn to by J. C. Horne of Hoquiam, who charged that Hall was spreading I. W. W. propaganda among veniremen of Hoquiam. Horne in his complaint alleged that Hall was an I. W. W. investigator. The complaint, issued by Justice William Lamb, alleged criminal syndicalism. Bail to the amount of \$250 was deposited for his release.

3000 ALIEN REDS LISTED FOR PROMPT DEPORTATION

Washington, D. C., Jan. 27.—Approximately 3000 of the 3300 aliens taken into custody during the recent nationwide round-ups of radicals are perfect cases for deportation, as a result of Secretary Wilson's decision that the communists and communist-labor parties are revolutionary within the meaning of the deportation law, J. D. Hoover, special assistant to Attorney General Palmer in charge of prosecutions, says.

Such cases are perfect, Mr. Hoover said, in that it will be necessary only for agents of the department of justice to present the alien's membership card in either party to make out proof of deportation. In cases of the other 500 or 600 aliens whose membership cards were not seized at the time of the raids, Mr. Hoover said it will be possible to prove their membership by other means.
Deportation hearings and the shipment of the reds from this country will be pushed rapidly, Mr. Hoover declared. Second, third and as many soviet arks as may be necessary, will be made ready as the convictions proceed, he said, and deportations will not wait for the conclusion of all the cases.

About three-fourths of the aliens taken in the raids were Russians.
The warrant prepared for the arrest of Ludwig C. A. K. Martens, "ambassador" of the Russian soviet government, will be served when Martens is released by the senate sub-committee investigating bolshevik propaganda in this country.

"How?"

Great Expectations.
A certain hard-boiled lieutenant called in a sergeant to letter his locker. After thinking it over, he said: "You might leave the lieutenant off as I expect to be made captain shortly."
"Why not," innocently suggested the sergeant, "leave a space between the lieutenant and your first name, so you could insert, 'Col. T.'—Booster."
