Dan McKay passed through the city Monday en route to his home at Glasgow from a protracted stay in the Yellowstone valley where he has been making an effort to give birth to Grant county, and predicts a successful conclusion to his efforts when the hearing is held February 24.—Great Falls Call.

**ENTERTAINMENT PLEASURES.**

The Gypsy Queen operetta given by Mrs. Memminger-Keith on Tuesday evening belongs to the same high order of performance which Mrs. Keith's entertainments always have. The operetta itself is bright and pretty from beginning to end and the parts so well taken it goes to show that we have some exceptionally good talent among our high school girls and younger children.

The scene opens upon a group of gypsy girls making merry because their queen, Old Mother Grouch, is away in the city. They do a series of pretty songs and dances. Mother Grouch returns, bringing with her a forlorn little waif she has kidnapped in the city. The gypsies tease and threaten the little girl until she is sent sobbing to bed in the tent.

During the stillness of the night Jimmie Leggs escapes but loses her way in the forest. The little gypsies come out to dance in the moonlight and discover her. They are much puzzled to know who and what she is and call the Dwarf to help them find out.

While the dwarf is dancing a merry little jig, Jimmie Leggs wakes up. She tells him she is lost. He calls in fairies to help her. They entertain her till day breaks and send the Dwarf to guide her on her way back to the city.

There is great consternation in the gypsy camp in the morning when they find the little waif gone. The play closes with an artistic dance by the snake charmer and chorus.

Those playing the parts were: Jimmie Leggs, little Ellen Lytle; Old Mother Grouch, the Gypsy Queen, and the Snake Charmer, Miss Hazel Hurd; The Gypsies, Misses Ruth Knowles, Vera Shoemaker, Signa Mattison, Gladys Poole, Rose Kocker, Rosabel Blanchard and Marie Moskoque; The Dwarf, Margaret Dignan; the Sprites, Helen Johnson, Theo Tatten, Gwendolyn Lytle, Thelma Jacobs and Letta Lowenow; The Bat, Beatrice Mix; The Fairies, Mary Elizabeth Tatten, Queen; Alice Gath, Marian McFarland, Adelaide Waller, Nellie Jacobs, Erma Shoemaker, Loretta Michel.

The proceeds, which netted \$100, will be devoted by St. Matthew's Guild to the basement fund.

## FARM BUREAU SHORT COURSE NEXT WEEK

(Continued from page 1)

speakers at the farm bureau short course, will explain in detail the campaign launched to put an end to the scrub sire.

The campaign which has as its aim the enrollment of livestock men in the work of producing better grades of livestock, was started in the United States last October and is already returning interesting figures. Work in Montana was delayed for many reasons, although interest among livestock men has been keen since the movement was first started.

The stockgrower who signs one of the government blanks promises to use only purebred sires on his farm or ranch. While the government holds that such practice will eventually lead to purebred females, it is not urging the use of purebred females in the present campaign to any extent greater than the ability of the individual easily to provide them.

To each Montana farmer and stockgrower who enrolls in the campaign and thereby promises to use nothing but purebred sires in the future, will be given an emblem, furnished jointly by the government and the state. The emblems are granted generally upon the day that the enrollment is received and will become the "badge button" of America's leading stockgrowers.

The use of purebred sires appears to lead automatically to the ownership of a considerable quantity of purebred female stock, says a statement from Washington upon the subject of the "Better Sires-Better Stock."

The use of purebred sires apparently results also in the culling out of scrub females, judging from the small proportion of scrub females to grade, cross-bred, and purebred female animals owned by purebred sire users.

Of all female stock owned by persons enrolled in the better sires campaign at the end of the year 71 per cent were purebred, 26 per cent were grades and cross-breeds, and 3 per cent were scrubs.

The scrub females are believed to be the remnants of former inferior stock before purebred sires were used, since purebred sires lead automatically to either purebred, crossbred or grade offspring, depending on the blood lines of the females used.

**STRIKING SCENERY IN "THE MIRACLE MAN"**

From the sordid slums of New York's Chinatown to the grandeur of high mountains and the majesty of the ocean—that is the range of the setting in "The Miracle Man," a big new Paramount-Artcraft picture, produced by George Loane Tucker, which is coming to the Orpheum theatre February 18-19. The same expansiveness of vision is reflected in the absorbing story, written by Frank L. Packard, later dramatized by George M. Cohan, and produced with striking success on Broadway.

The central figure is a white-haired patriarch, who lives in the hills near the sea and who has reputed power to heal the sick and crippled. Tom Burke and his band in their haunt in the New York underworld read of his miracles and conceive the idea of capitalizing them for their own gain. So they go to the town where the old man lives and frame up a miracle for him. To their surprise, they discover that he really possesses the healing powers accredited to him.

Gradually the beneficent influence of their new environment there is worked a transformation in the hearts of the crooks that makes Rose, the gangster's beautiful decoy, the charming girl she is at heart, that evolves a farm hand out of a dope fiend, and finally, brings out the better nature of even the hardened, sophisticated Tom Burke himself. In the hands of such capable artists as Thomas Meighan, Elinor Fair, Joseph J. Dowling, Betty Compton and others of similar merit, this powerful story becomes a vital, living thing and one of the greatest dramatic spectacles the screen has yet revealed.

**TO MEN OF AMERICA.**  
(By Rose Trumbull)

You talk of your breed of cattle,  
And plan for a higher strain,  
You double the food of the pasture,  
You heap up the measure of grain;  
You draw on the wits of the nation,  
To better the barn and the pen;  
But what are you doing, my brothers,  
To better the breed of men?

You boast of your Morgans and Herfords,  
Of the worth of a calf or a colt,  
And scoff at the scrub and the mongrel,  
As worthy a fool or a dolt;  
You mention the points of your roadster,  
With many a "wherefore" and "when,"  
But, ah, are you conning, my brothers,  
The worth of the children of men?

And what of your boy? Have you measured  
His needs for a growing year?  
Does your mark as his sire, in his features,  
Mean less than your brand on a steer?  
Thoroughbred—that is your watchword,  
For stable and pasture and pen;  
But what is your word for the home-stead?  
Answer, you breeders of men!

**LEGION BACKS ARMY BILL.**

Indianapolis, Feb. 10.—The Wadsworth army reorganization bill, carrying a provision for universal military training, will be supported by the American Legion, with modifications, it was announced last evening at the close of a conference of state commanders of the legion from all parts of the country. After an all-day discussion of the bill National Commander Franklin D'Olier was authorized to appoint a committee to cooperate with the legion's legislative committee and present the suggestions of the conference to congress.

During the session a telegram was sent to the chairman of the caucus of democratic members of the house of representatives in Washington, announcing the legion's support of the bill and this telegram was supplemented by several messages from state commanders to representatives of their respective states who were attending the caucus.
