The Excelsior Medical Clinic is completely equipped to give the latest and most modern scientific Diagnostic and treatment services.  
The highly trained Staff of Doctors and Technicians is so extensive that your physical conditions may be thoroughly checked during the day you arrive here.

## Treatments Are Particularly for Men

The Excelsior Medical Clinic is an institution devoted particularly to the treatment of diseases of men of advancing years. If you were to visit here you would find men of all walks of life. Here for one purpose—improving their health and adding years of happiness to their lives.

### Facilities for the Non-Surgical Treatment of Rectal and Colon and Reducible Hernia

Rectal and Colon disorders are often associated with Glandular Inflammation. These disorders if not corrected will gradually grow worse and often require painful and expensive surgery.

Our NON-SURGICAL methods of treating Hernia are so certain that every patient accepted for treatment is given a Lifetime Certificate of Assurance.

Our Hernia treatments require no hospitalization, anesthesia or a long expensive period of convalescence.

We have the facilities to treat either of these disorders with or without Glandular Inflammation treatments.

# Who are Troubled with Bladder Trouble Pains in Back, Hips, Legs, Nervousness-Tiredness, Loss of Physical Vigor The Cause may be Glandular Inflammation

Men as they grow older too often become negligent and take for granted unusual aches and pains. They mistakenly think that these indications of Ill Health are the USUAL signs of older age.

This negligence can prove Tragic, resulting in a condition where expensive and painful surgery is the only chance.

If you, a relative or a friend have the symptoms of Ill Health indicated above, the trouble may be due to Glandular Inflammation.

GLANDULAR INFLAMMATION very commonly occurs in men of middle age or past and is accompanied by such physical changes as Frequent Lapses of Memory, Early Graying of the Hair and Excess Increase in weight . . . signs that the Glands are not functioning properly.

Neglect of such conditions or a false conception of inadequate treatments cause men to grow old before their time . . . leading to premature senility, loss of vigor in life and possibly incurable conditions.

## NON-SURGICAL TREATMENTS

The non-surgical treatments of Glandular Inflammation and other diseases of older men afforded at the Excelsior Medical Clinic have been the result of over 20 years scientific research on the part of a group of Doctors who were not satisfied with painful surgical treatment methods.

The War brought many new techniques and many new wonder working drugs. These new discoveries were added to the research development already accomplished. The result has been a new type of non-surgical treatment that is proving of great benefit to men suffering from Glandular Inflammation, Rectal, Colon or Hernia trouble.

During the past few years men from over 1,000 cities and towns from all parts of the United States have been successfully treated here at Excelsior Springs. Undoubtedly one or more of these men are from your locality or close by.
