NEW LIST RECEIVED AT LAND OFFICE

NAMES OF THOSE WHO WILL BE PRIVILEGED TO FILE ON FLATHEAD IN FALL.

Yesterday the local land office received from Washington the list of those who are to be given opportunity to make entry in the second Flathead filing. It will be remembered that last May and June the names of the first 2,000 who were lucky in the registration a year ago were called and the people given the chance to select lands in the early fall the numbers from 2,001 to 4,000 will be called and those who drew them will be allowed to file on lands.

Number 2,001 will be called in Kalispell at 9 o'clock the morning of September 1 and in Missoula September 3. After those dates the calling will be continued in each office, first at the rate of 100 names a day and later 200 a day, until the list is completed. This will be on September 22 at Kalispell and on September 29 at Missoula.

It is probable that on or about the first of November whatever Flathead lands remain unfilled upon will be thrown open to settlement under the general homestead entry law.

STREET CAR MEN ORGANIZE.

Division 545 of the American Association of Street and Electric Railway Employees has just been organized in this city. The present membership is 10. Immediately after organization the following officers were elected: President, Edward Slung; vice-president, Mr. Cranston; recording secretary, W. A. Coulter; financial secretary and treasurer, Carl Hale.

UNDER CONTROL ARE MANY FIRES

SOME NEW TROUBLE REPORTED BUT CONDITIONS ON THE WHOLE ARE IMPROVED.

According to reports received yesterday from local forestry officials the forest fire conditions are much improved in some of the forests. Fires which have been burning in the Coeur d'Alene forest are now under control, as are a number of the fires which have been causing much anxiety in several other forests.

Two fires in the Lolo forest, are still uncontrolled, as are a number of those in the Kalispell district including the Flathead and Blackfoot forests. Yesterday also brought reports of two or three new fires in the Bend d'Oreille forest, but their extent of seriousness is not fully known.

District Forester Greeley will probably be in company with Secretary Wilson most of the time during the next two weeks, visiting and examining several of the national forests; but after that time he will devote himself exclusively to work in the fire districts, aiding the men in charge of the local forests in whatever way he can. It is probable that he will be away from Missoula a month.

HELD TO JURY.

Alek Parker, John Delaware and T. J. Teaton, three Indians, were arraigned before United States Commissioner W. P. Smith yesterday on the charge of having introduced liquor onto the Flathead reservation. All put up bonds in the sum of \$200 after being held to the federal grand jury. They were brought to Missoula by United States Deputy Marshal McKay.

COUNTY OFFICIALS HEAR KICKS

COMMISSIONERS MEET AS BOARD OF EQUALIZATION—BUSINESS OF DAY.

The county officials, sitting as a board of equalization, put in a busy session yesterday, a large number of taxpayers being entertained for periods of greater or lesser lengths. The commissioners have not yet decided on the exact dates on which they will meet as a board of equalization from now on, but these sessions will be between now and the second Monday in August. Today and tomorrow the board will meet.

Yesterday the county officials granted the petition of Charles Rose for a change in the public highway near Hudson.

The commissioners state that they have no idea of the exact date on which the new courthouse is to be occupied, as the steel furniture still persists in not arriving. The clock has been on its way to Missoula for nine days and is expected this week. It will be installed at once.

BEAR BITES A MAN IN HEART OF CITY

Misfortunes come to the best of people. Willie Wallraven, while feeding one of the bears at Greenough park Sunday, took a chance too many, and, as a consequence, carries a finger that resembles a blackberry. Old bruin did the pressing. He caught the finger in his mouth, gave it a smash and a twist, and Willie gave a yell. That was a remarkable occurrence for Missoula. It recalls the wild and woolly west. Neither the man nor the bear have felt any serious results from the experience. The wounded finger will regain its normal shape and composure by the end of the week and the bear has shown no signs of ill health.

THE WEATHER

Yesterday was comfortably cool in comparison with what Missoula has experienced in the way of heat of late.

E. L. MILLS IN TOWN.

Rev. Edward Laird Mills, district superintendent of the Methodist Episcopal church, was in the city yesterday. He has been at two or three points in the Bitter Root valley holding quarterly meetings, and last night conducted quarterly meeting at the local First Methodist church. Mr. Mills leaves this morning for Helena, spending a few hours in Butte on the way.

TWO JUDGMENTS.

In the case of the Garden City Brewing company against H. A. McGinnis and Cora McGinnis, a judgment for \$328 and attorney's fees was issued yesterday. In the case of Carl Greenhood against J. T. Knapp, a judgment in the sum of \$574.66 and attorney's fees was granted.

WILL EXTEND LINES FROM FALLS

ROCKY MOUNTAIN BELL TELEPHONE TO BUILD INTO CONRAD, VALIER AND CHOTEAU.

The Rocky Mountain Bell Telephone company has just completed a circuit from Great Falls to Conrad, Valier and Choteau. It is intended that this circuit be carried on to Cutbank and ultimately west to Kalispell, giving two outlets to that city. A line is also under construction from Great Falls to Havre, where it will connect with the toll lines of the Havre Electric company, which cover a wide territory.

In the Missoula district the Northern Idaho & Montana Power company has extended its toll line from Kalispell to eight miles from Poison and expects to reach that town within five days. The builders have been delayed by injunction from reaching Poison on the 12th, as was originally expected.

SECRETARY WILSON DEPARTS

ENJOYS HIS SOJOURN IN THIS NEIGHBORHOOD ALTHOUGH WEATHER IS HOT.

Secretary Wilson and son, Jasper Wilson, returned here yesterday afternoon from Hamilton, where they spent Sunday. They left on the North Coast limited last night for Spokane, where they will take a train for the Kootenai region.

Mr. Wilson spent a quiet Sunday at Hamilton. He attended services at the Presbyterian church in the morning and spent the remainder of the day at the Ravall hotel.

Although the weather has been extremely warm for this section of the country, Mr. Wilson enjoyed his sojourn here.

Late yesterday afternoon Mr. Wilson visited W. B. Greeley and his young men in the forestry office, and gave them a word of encouragement.

Best Clothing Values in Missoula

Coen-Fisher Co.

The Golden Rule Department Store wishes to announce to the purchasing public that they have placed on sale four of the best makes of clothing that money can buy: STEIN-BLOCH, made at Rochester, New York (the only American-made clothing sold in London, England); Hackett-Carlhart and Fechtheimer-Fisher, two leading New York makes; Kuppenheimer, Chicago made; besides three medium-priced lines made in New York. Why confine your selections to stocks that are made up of two or three lines—where there is bound to be a similarity—when you can come into our stock and select from seven distinct and different lines. Furthermore, every suit we show you is absolutely this spring's make. Why follow in the footsteps of your grandfather? Break away and buy modern clothing at money-saving prices.

Price and quality are what count—not newspaper talk—and we are prepared to prove every statement we make.

If you are interested in clothing, drop in and let us show you these values:
