EVERYTHING IN Montana Sapphires.

IS IN THIS CUTTING.

Have You Had Any Cut?

D. DE SOLA MENDES & CO.
61-69 Market Lane, N. Y.
TO THE CITIZENS OF HELENA.

We are now prepared to supply absolute and perfect samples of various Montana Sapphires, which we have often been requested by the Citizens of Helena to see before they purchase any of these stones, in order that they may be justified in purchasing them.

Mr. M. W. McCullough, who is a well-known and highly esteemed dealer in Montana Sapphires, has just called our attention to the large number of shoddy and inferior stones of that kind which are being sold in Helena, and we are anxious to try to correct this evil by impressing upon the public the necessity of being very careful in selecting the Sapphires they purchase.

We therefore invite the attention of the public to the above, and hope that our citizens will consider these remarks as kindly intended.
