Mr. and Mrs. Ben Buehler and children will leave Saturday for Illinois, where they will visit relatives for two weeks.

N. H. Browning always has second hand Fords for sale.—Ad

Mrs. Philip Deranleau and little daughter, Irene, of Boyes, Montana, accompanied by her parents, Mr. and Mrs. Henry Deranleau, arrived last week for a visit with the Cyprian and Peter Blais families. Mrs. Philip Deranleau is a sister of Mrs. Peter Blais and Mrs. Cyprian Blais.

Ed Kline of Otter Creek was severely hurt in a runaway last Sunday. Kline and family were driving along the road in a small cart when a large green car passed by them so closely

as to frighten the horse who immediately ran away. Kline was thrown out against a gate post and several ribs were broken. The other occupants of the cart escaped unhurt. The unfortunate man was picked up and cared for until Dr. Graybill could get there. The doctor does not believe that Kline was hurt internally but it will be some time before he is able to do much. He has been working for Harry Armstrong and seems to have had more than his share of ill luck. Some years ago he lost the bone between a shoulder and elbow through a gunshot wound. Last winter he had a severe attack of pneumonia and this last misfortune arouses anew the sympathy of his acquaintances.

Ed Dawson drove in his big team the other day to have a blacksmith look after their feet. Tom Wright says that the exceptionally dry weather has a tendency to contract their feet.

Driving a six-horse team down the East Belt hill hauling a wagon loaded with 120 bushels of wheat is not the safest operation but the Gillette boys have been accomplishing this feat with no thought of its risk. They can handle a six with all the dexterity of an old-time stage driver.

Mrs. Will Farmer and Frank Farmer were shopping among our stores on Saturday last.

G. W. Merkle returned on Monday morning from a trip through the east in the interest of the G. W. Merkle Coal Co. store. Tom Noble brought him out from Great Falls and on the way rendered what assistance they could to the occupants of the burning Millard car.

Mike Flood of Tiger Butte was in Belt early this week.

Pete Johnson and wife, Roy Johnson, Mr. and Mrs. Joe Disher and Mr. and Mrs. S. S. Johnson were in when the cattle were shipped on Tuesday.

N. H. Browning and Cal Sharrard started yesterday noon for White Sulphur Springs where they will disport themselves in the plunge for two days.

As this is the lightest season for work on the ranch, George Hubber is taking his vacation but we do not know where he went.

Mrs. A. A. Irwin of Bremerton, Washington, is visiting Mrs. Jude Hubber. They were school girl chums and had not seen each other for 30 years.

Harry Hamment, Belt's popular clothier and ranchman, is a candidate for the legislature on the republican ticket. No one knows the needs of Cascade county better than Harry and no one is less inclined to be forgetful of his constituent's needs or to throw away their money. When marking your ballot don't forget him.

There is a forest fire at Pilgrim Creek and numerous other grass fires have been reported along the railroad right of way. Campers should be exceptionally careful of campfires, cigarettes and matches.

Mrs. W. H. Fluhr entertained the Embroidery club last Wednesday. The afternoon was spent with needlework after which a delectable lunch was served. The guests of the club for the day were Mrs. Sam Wilson, Mrs. Pilgeram, Mrs. N. T. Wilson and Miss Elsie Bemis. The club met with Mrs. Jay Leland on Aug. 13.

Mrs. N. H. Browning and children left Thursday for Hamilton where they will visit at the home of Mrs. Browning's mother, Mrs. J. J. Dockery, for a few weeks.

Miss Dane Murray is visiting her sister, Mrs. Lee Johnson, a few days this week.

Mrs. Frank Rush entertained at her home Friday evening with three tables of 500. Those present were Mes. Bemis, Nohl, Wright, Fluhr, Millard, Graybeal, Leland, Spogen, Funk, Morrow, Remington and Miss Elsie Bemis. Mrs. Bemis and Mrs. Morrow received prizes for high score and Mrs. Millard for low score. At the close of the evening a luncheon of shrimp salad in pastry shells, hot rolls, apple pie a la mode and coffee was served.

Why this Gate Can't Sag

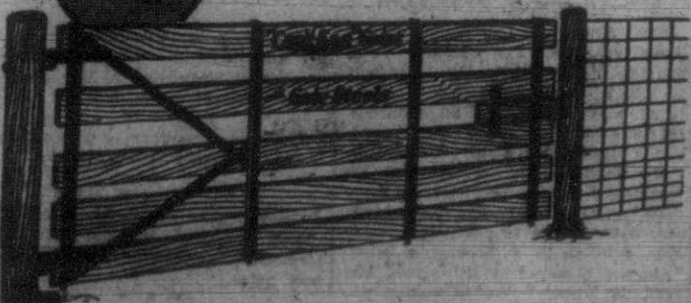

It is built of a sensible combination of wood and angle steels firmly bolted together. No nails to pull out or work loose. No loose joints where water can enter to rot the wood.

"Can't-Sag" Gates

—are in use "everywhere in America." They are the most economical gates you can hang. They cost less, look better and last longer. That's why we say—

Good Enough to use ANYWHERE
Cheap Enough to use EVERYWHERE

Come in and see this wonderful gate when you are in town.
