Everything in connection with the cafe is being painted white and when he is finished with the work the place will be as nearly spick and span as the ingenuity of man can make it. The back-bar is immaculate and if you look at the soda fountain you will find that the parts which are out of sight are just as clean as the parts which the customer usually sees. The floor is clean, the cuspidors are clean, the pool and billiard tables are well brushed and everything points to the fact that the proprietor, A. N. Prather, is responsible.

With feet that climb and hands that cling,  
And a heart that never forgets to sing—

—That's Pep.  
To look for the best in every man—

And come back with a laugh because you know  
You'll get the best of the whole darned show—  
—That's Pep.
