Numerous prairie fires have occurred the past week. Two of these on Otter creek have destroyed much range, a small amount of grain and have caused the farmers a lot of heavy work keeping the damage from assuming large proportions. The first fire burned over several hundred acres in the neighborhood of the Andrew Kivi ranch and the fire Tuesday gave Harry and Homer Armstrong a lot of trouble. A fire started in the Tiger Butte country at the Mrs. Porter ranch burned over seventy five acres and was stopped within a few feet of a grain field. The most of the men in that section were assisting in fighting it. The later was unquestionably a cigarette fire.

The Big Four went on a fishing expedition Wednesday. They said they would return on Wednesday but are not expected. The reason why they are not expected is because they took an Overland touring car when they should have taken a five-ton truck.
