### IMPERIAL ROYALTIES COMPANY

The largest and most outstanding royalty company in the United States is the Imperial Royalties Company of Tulsa, Oklahoma.

Organized in April 1920 by E. S. Horn, H. O. Bland and John E. Horn, the company started with a landowners royalty interest in three properties on which there were eleven producing oil wells. The company through conservative handling has added to its holdings until there is one hundred and thirty-six properties aggregating 7,535.86 acres upon which there are five hundred and ninety-eight producing oil wells. These royalty interests, which are perpetual, are held for the benefit of the company's shareholders free and clear without one cent of indebtedness against them, bank bonded, or otherwise.

Imperial does not engage in the leasing of lands or the drilling of wells, has to maintain no field organization and has no expense except the first cost of the royalty other than a small office expense. The company pays guaranteed monthly cash dividends. No. 83 which was paid December 30th made a total of 115 per cent in cash paid its stockholders since the organization of the company.

Imperial is represented in the state of Montana by the Edwin F. Hyland Co. of Great Falls, of which C. T. Gregg is manager.

Take it from me  
Who have toiled thirty years in a groceries  
Well, I guess I know what it ought to be,  
I reckon I've had a chance to see  
Something of every kind and degree  
That goes in a groceries.  
Why, he who isn't honest and frank and free  
To give his customers honest  
Weight and flavor and qualitee  
He isn't a man that can train with me,  
No, Sir-ree.  
But when Dahl says to me  
There is our name and our guarantee  
I know just what it means, you see  
Take it from me  
Who have worked thirty years in a groceries.

# It Doesn't Work Both Ways

Saved money may someday be spent, but this statement cannot be reversed. Spent money never can be saved—by you!

But the money you spend, which ought to have been saved, will circulate until it reaches the hands of someone who does save—then he will be using the dollar you should have put away.

There's no better habit than the saving habit—and it's easy to acquire once you're started. A dollar will open an account here.
