

# usually he is ready to talk

Usually the person you ask for is ready to talk when "Long Distance" rings his bell.

Therefore, in a majority of cases, a Station-to-Station call will get the same results for you as if you had called "Person-to-Person."

Station-to-Station calls range from 20 per cent to 50 per cent lower than Person-to-Person calls. And the service is noticeably quicker.

That's the modern way to transact "Long Distance" business.

Ask "Long Distance" for rates and other information about Station-to-Station service.

We encourage you to use this less expensive service because it takes us less time to complete the call and therefore costs us less.

## WUERTHNER

For Your Next  
**State Senator**  
Republican Ticket

To the Voters of Cascade County:

Representative Julius Wuerthner submits to you consideration his candidacy for the State Senate and refers you to his record in the 1925 Legislature.

What Measures He Favored and Publicly Advocated During the Campaign of 1924.

1. "A most drastic and radical program of tax reduction."
2. "One legislature session every four years."
3. "The establishment of a state highway fund from the tax on gasoline to match federal aid dollars in highway construction and repair."
4. "A law making the sale of stolen autos most difficult if not impossible."

How He Kept These Promises in the 1925 Legislature

1. He resisted all salary increases of state and county officers and voted to cut appropriations for state institutions wherever possible
2. With the Democratic floor leader of the House of Representatives he was joint author of a measure providing for one legislative session every four years, instead of two years. (His measure was smothered in committee and finally killed by politicians who had not the best interests of the State of Montana at heart.)
3. As Chairman of the House Conference Committee on the gas tax bill, he was enabled to save at least 15 per cent of the gas tax to match federal aid in the construction and maintenance of highways, when the Senate was committed to an opposite policy.
4. He was the author and procured the passage of what is known as the Auto Title Act which has already reduced auto thefts about 50 per cent, has broken up most, if not all the auto bandit rings in the state; has reduced premiums in auto theft insurance about 10 per cent; affords the owner of a stolen car a 50 per cent better chance to recover his car; will place about \$100,000 in the road funds of the various counties at the end of the fiscal year and has cost the car owner but \$1.00 for the life of his car.
5. In addition to this he was author of a law to protect laboring men from loss when dealing with paroled insane persons.

What Wuerthner Now Favors

1. The creation of three Commissioners' districts in counties so that each portion of the county will have active representation on the Board of County Commissioners.
2. Stricter banking regulations.
3. Fewer exemptions from jury duty, but making such duty compulsory only once in four years.
4. A sound and workable tax title law.

## KENNEDY - WHITE

In a setting of white chrysanthemums and fern which banked the altar and adorned the chancel of the church, the marriage of Miss Doris Kennedy, daughter of Mr. and Mrs. Walter Kennedy of this city, and Herbert Maris White, also of Great Falls, was solemnized at 11 Thursday morning at the Church of the Incarnation by the Rev. Christoph Keller.

As the opening strains of the bridal chorus from Lohengrin were played by George Muzzev, the bridal party entered the church and proceeded to altar led by the maid of honor, Miss Helen Kennedy. The bride followed with her father and they were met at the chancel by Mr. White and his best man, Claude Kiff of this city.

The maid of honor wore a frock of beige georgette elaborated with metallic embroidery and stitching, which formed an unusually pretty motif down the back. It was fashioned with full long sleeves and loose panels on the skirt. Her hat was of gold metallic and black satin, decorated with rhinestone pendant. Pink roses formed her corsage.

The bride's gown was fashioned of antique ruby panne velvet combined with satin of the same shade. The distinguishing feature of elaboration was the vionnet sleeve held tight from the elbow to the wrist by wide velvet cuffs. A crushed girdle lined with silver metallic cloth fashioned at the side by large rhinestone ornaments, accentuated the blouse treatment of the dress. A small velvet hat of the same shade as the gown decorated with crystal ornaments, and black footwear with silver hose completed her attire. Her bouquet was of golden Ophelia roses and pink chrysanthemums.

Immediately following the ceremony, a wedding breakfast was served at the Park hotel for the members of the two families and intimate friends.

A large wedding cake surrounded by ferns and pink chrysanthemums formed the centerpiece of the beautiful table. Tall pink tapers tied with tulle and pink and white place cards completed the arrangement. The place of each guest was marked by an individual box of wedding cake wrapped in silver and tied with pink.

Mr. and Mrs. White left on an afternoon train for Butte, where they will attend the University-Aggie football game Saturday. From there they will go on to Spokane and on their return will visit in Missoula. They will be at home in the Lexington apartments after November 1.

Mrs. White is traveling in a frock of navy blue bengaline trimmed with tan and rose and a coat of golden brown and navy blue trimmed with fox. Her hat and accessories are of tan.

The bride is the daughter of Mr. and Mrs. Walter Kennedy of the Kennedy apartments. She was graduated from the Great Falls high school with the class of 1921 and from the state university at Missoula in 1925, receiving a B. A. degree from the school of journalism. She was prominent in campus activities and served as president of the Associated Women Students, representing Montana at a national convention of university women's league at Eugene, Ore., in 1924. Her fraternity is Alpha Chi Omega and she is also a member of Theta Sigma Phi, national journalism fraternity for women.

Mr. White is the son of Mr. and Mrs. C. M. White of Billings. He was graduated from the Billings high school in 1921 and also attended the University of Montana. He received his B. A. degree from the school of journalism there in 1925 and is a member of Sigma Nu fraternity. He came to Great Falls early in June, and is now associate editor of the Montana Farmer.

Out-of-town guests attending the wedding were Mr. and Mrs. C. N. White, parents of the bridegroom; Miss Helen Kennedy of Billings, Miss Myrtle Shaw of Livingston, Miss Peg Harris of Havre and many people from Belt, where the bride formerly lived.
