BRITISH FACTORIES TURN OUT AS MUCH AMMUNITION IN TWO DAYS AS IN ENTIRE FIRST YEAR OF THE WAR

London, Jan. 5.—(Correspondence of the associated press.)—English munition factories are now turning out every 48 hours more heavy gun ammunition than they manufactured in the entire first year of the war and the production is increasing each week in preparation for the great offensive on the west front which British military critics believe will come next spring. "The improvement in our position may be illustrated in this way," remarked an official of the machinery. "We are now manufacturing every week three times as many 155 millimeter shells, five times as many 200 millimeter shells and three times as many 230 millimeter shells as we made during the whole first year of the war. "Of smaller shells, we are turning out in about a week the same quantity as was produced during the first year. Finally, the number of shells of all kinds completed during the last week exceeded by about 20 per cent the entire stock of munitions held in reserve at the outbreak of the war."

first year of war by 100, the number for the second year would be 84, and for the third year will be somewhere in the neighborhood of 1,350. The manufacture of lighter pieces had to be slackened recently, owing to the fact that the equipment of the British army in light field pieces is approximately complete and it is only necessary to provide for replacements and renewals. The improvement in the manufacture of machine guns, rifles, grenades and explosives has been equally satisfactory. Representing the total number of machine guns delivered to the army during the first year was 100, the total for the second year was 1,250, and for the third year will exceed 6,000. The production of trench mortar ammunition and grenades has been so much developed that any further increase scarcely seems necessary. The increase in the manufacture of explosives has been tremendous. For every ton of explosive employed in September, 1914, 250 tons were employed in July, 1915, and 12,000 tons in July, 1916.

MUSTEROLE

FINE FOR RHEUMATISM!

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on! Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

ANNUAL BANQUET BY SILVER BOW LAW SCHOOL

The usual enjoyable annual banquet to the members and alumni of the Butte law school was held Saturday evening at the Silver Bow club, Attorney I. G. Denny being the host. Attorney Earl Blodgett assisted as toastmaster of the evening. Talks were made by Miss Jessie Roscow, Dr. David H. Wittenberg, John Emigh, Al G. Shone and others.

RUSSIAN ARRESTED FOR CARRYING WEAPON

A Russian who was using a revolver in an indiscriminate manner in the McQueen addition yesterday was arrested by Deputy Sheriff Mike Boric and lodged in the county jail. It is claimed that one or more houses in the addition suffered from bullet holes as the result of the man's careless use of the weapon.

CATTLE EXPERT ON MODERN HIGH COST

E. H. Grubb Has Some Philosophy to Offer on Housewives' Problems.

Eugene H. Grubb, one of the livestock experts of this country, who has gone to Europe as official representative of the United States government and who secured the first pair of Coronation sires imported from America from England for the recent Panama-Pacific exposition, was in Butte last week on his way to his ranch properties in Colorado. Mr. Grubb visited with Miss Mary Newell at the Butte high school and was greatly interested in the campaign conducted through the Post by the domestic science class in the interest of more economical living. He had the following to say about high prices and cheaper living:

"It requires 56 pounds of cornmeal to produce five pounds of gain in a beef steer, of which only about two pounds are food for man, after deducting slaughter waste of bone and fat, etc. Cornmeal now costs 90 cents for 56 pounds. Why therefore the present discussion—situation is a better word—on the high cost of living? Why not eat corn? It's good in cakes, mush, bread, puddings, hominy. My, but hominy is good! Why must we all have beef all the time? The Germans seem to be doing pretty well without beef and they are surely enduring great hardships.

"And why not discuss the pig? It only requires 56 pounds of corn to make 10 pounds of good pig, of which about 80 per cent is edible and is good meat; the fat of the pig, which from hock to shoulder is as good as the ham or loin, is to many persons much more palatable than the tallow of beef animals.

"And what about 'agua pura' for drinking? Has any one thought of good sweet water for fluid to replenish the waste tissues of the body? It is about as good food as tea or coffee. Animals drink large quantities of it and like it, and we are only another genus of animals.

"Cannot any one but the farmer stand a little adversity without so much kicking? Don't begrudge a little prosperity and the good prices on his investment and labor. It is the first prosperity the farmer has had in a long time. Up to the present farming has been the most poorly paid of any vocation and the farmer and his family have worked long hours and hard for their board and clothes with a very small stipend compared to the city man."

WALKER OFF TO HELENA FOR SESSION OF COURT

Because of the illness of George W. Sproule, clerk of the federal court, and the pressure of business incident to the trial of the Northwestern Trustee company case which starts at Helena this morning, Harry Walker, deputy clerk, has been called to the capital to assist Charles Garlow, deputy clerk, who has been in attendance upon sessions of the court thus far at Helena. During the absence of Mr. Walker the local office of the clerk of the court will be closed and attorneys are requested to forward papers for filing to Helena.

Several days ago illness forced Clerk Sproule to leave for California, leaving Mr. Garlow to handle the business of the court at Helena alone. This involved not only attendance upon sessions of the court but payment of witnesses, jurors and the like and a mass of routine business. With some 75 witnesses and a jury panel of 60 called for the Northwestern Trustee case Mr. Garlow found that it was more than he could handle and Judge Bourquin wired for Mr. Walker to come over and assist him.

SPECIAL SERVICES AT BETHEL BAPTIST CHURCH

"Everybody Go to Church" services were an admirable success at the Bethel Baptist church yesterday. The attendance at every service was remarkable and each meeting was inspirational. There will be preaching again Tuesday at 8 p. m. by the Rev. Emmett B. Reed, pastor. The subject of the sermon will be "When God Gave Jesus." Everybody is cordially invited to this service and are urged to request to bring their Bibles.

SUNDAY SCHOOL BANQUET

Twenty-five members of the Sunday school class of the Mountain View church held a banquet Saturday evening at the church parlors and discussed a Sunday school league for basketball and baseball teams. It is hoped to be able to use the high school gymnasium for the league games.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

WAKEMAN SUTTON DEAD PROMINENT MINING MAN

Was President of Silver King Leasing Company and Other Mines.

Wakeman Sutton, aged 59 years, who was prominent in the Butte mining world, died Thursday and the funeral services were held at his home in Joseph, Ore., according to word received by relatives in Butte. He came to Butte in 1894 and was president of the Silver King Leasing company which operated the Silver King mine on the site where the Silver Bow county courthouse stands today. He also operated the Modoc and Nora mines here. He was born in Bloomington, Ill., and later moved to Santa Barbara, where he was educated. He is survived by his wife and two daughters, Mrs. J. S. McKinley of Butte and Mrs. M. L. Cole of Joseph, Ore. His son William died in Butte in 1901. He was a resident of Tucson, Ariz., in 1881.

CELESTIALS OF BUTTE REVERE CHING QUONG

Ching Quong, aged 84 years, and for 43 years continuously a resident of Champion, an old mining camp near Deer Lodge, is receiving the homage and attention of the Chinese population of Butte. Ching Quong has a number of gold nuggets which he extracted from the mining ground at Champion by painstaking toil.

For the first time in a generation Ching Quong, who is among the old-time residents of the state, is visiting in a city. His arrival here meant his introduction to the modern methods of transportation, which surprised and delighted him. He saw, for the first time in his long life, a train, street car, automobile, electric locomotive. When he went to Champion to win a fortune he made the trip by the aid of horses, pack trains and oxen and was not apprised of the change in methods.

WILKINSON A VICTIM OF MISTAKEN IDENTITY

Harry Wilkinson, who was arrested on a charge of burglary in having entered the tailor shop in the Broadway theater building and was brought back from Salt Lake, has been released from custody on an order of County Attorney J. R. Jackson. An investigation resulted in it being shown that it was a case of mistaken identity and that Wilkinson had nothing to do with the burglary. The young man had a job in Salt Lake which he has probably lost through his false arrest.

GIVE CARD PARTY

The members of the ladies' auxiliary of the Temple B'Nai Israel will entertain at a card party tomorrow night in the vestry rooms of the temple, corner of Washington and Galena streets, at 8:30 o'clock. Refreshments will be served.

THE POST FOR THE NEWS

What kind of a cigarette would YOU call sensible?

Check up and see how nearly this comes to fitting in with your own ideas:—

A SENSIBLE cigarette must taste good. It must be cool and smooth to your throat and tongue. It must be properly mild—mild enough so that you'll feel all right even though you may smoke more than usual.

In short, it must be comfortable. If it isn't, it can't be sensible.

Fatimas are comfortable be-

cause of the balance of their Turkish blend. The milder tobaccos in this blend are in such perfect balance with the richer, fuller-flavored leaves as to entirely off-set that uncomfortable, "oily heaviness" found in so many other cigarettes.

You'll notice the difference as soon as you try Fatimas.

HOW THE KAISER INSTITUTED THE PEACE PROPOSALS MADE IN BERLIN

Amsterdam, Jan. 15 (via London).—The Nord Deutsche Allgemeine Zeitung publishes the following autograph letter from the German emperor to Chancellor von Bethmann-Hollweg, of date of Oct. 31, 1916: "My Dear Bethmann: I have since been turning over our conversation thoroughly in my mind. It is clear that the peoples in the enemy countries, who are kept in hard endurance of the war by lies and frauds and deluded by fighting and hatred, possess no men who are able or who have the moral courage to speak the word which will bring relief—to propose

peace. What is wanted is a moral deed to free the world, including neutrals, from the pressure which weighs upon all. For such a deed it is necessary to find a ruler who has a conscience, who feels that he is responsible to God, who has a heart for his own people and for those who are his enemies, who is indifferent to any possible willful interpretation of his act and has the will to free the world from its sufferings. "I have the courage. Trusting in God, I shall dare to take this step. Please draft notes on these lines and submit them to me and make all necessary arrangements without delay."

SPASMODIC REFORM IS NOT FAVORED BY SOUTH SIDE MINISTER

In a sermon delivered at the People's community church on the south side last evening, Rev. L. A. Wilson, the pastor, took the stand that more useful work is done by the preacher who is always at work in a quiet way than by the spasmodic reformer who conducts a whirlwind campaign in Butte for a few days and then says good-bye to the city. He refuted the claim made by a recent visitor for the credit of closing the restricted district, and in referring to the evangelistic campaign carried on here some months ago said that of the 1,100 alleged conversions, half of them were Sunday school pupils and practically the other half "good fellows" who merely wished to show the evangelist that they were with him. He said that the number of conversions at that time might have been estimated more correctly at 100. His plea was that the church is always doing good and the constant doing of good brings more results than spasmodic efforts.

DORCAS SOCIETY

The Dorcas society of the Emanuel Lutheran church will be entertained Wednesday evening at the church by Mrs. Nellie Thompson. A good program will be rendered and refreshments served. A meeting of the choir will be held at the church Friday evening.

HIGH COST OF PRINT PAPER FORCES DAILY INTO RECEIVERSHIP

Johnstown, Pa., Jan. 15.—Financial difficulties due, according to a statement by officers of the company, to the increased cost of news print paper and other items of production have forced the "Johnstown Leader," an afternoon daily, into a receivership. The Leader was established five years ago.

POPE APPEALS TO CATHOLICS FOR AID

A letter of appeal from Pope Benedict XV, asking aid from America for the poor in Belgium was read in local Catholic churches yesterday at all the masses. The letter had been forwarded to Bishop Carroll by Cardinal Gibbons and by Bishop Carroll to the local priests. The appeal is very urgent and a special plea is made to the children of America to contribute their mites for the relief of the poor children in Belgium. The pope forwarded the sum of 10,000 lire for the fund.

AYE! THERE'S THE RUB!

Most to blame for the high cost of living are the speculators and exporters. As to the remedy, many tell us of economizing on different foods. One said by using the bones left from the previous day one can make soup. But what if you had liver?

COMMUNITY SINGING REHEARSAL TONIGHT

Preliminary Work for the winter Concert Will Start This Evening.

Beginning at 8 o'clock this evening the first rehearsal for the mid-winter community concert will be held. Several hundred Butte residents who participated in the big festival at Christmas and did much to make the occasion a success are requested to attend these rehearsals again. The rehearsal tonight will be held in the Butte school auditorium.

SLOAN'S LINIMENT EASES PAIN

Sloan's Liniment is first thought by mothers for bumps, bruises and sprains that are continually nagging to children. It quickly soothes and soothes without rubbing. Clear and more effective than musky plaster or ointments. For rheumatic pains, neuralgia pain and that griping weakness after colds. Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains, all external pain. For the thousand whose work calls them outdoors, pains and aches following exposure are relieved by Sloan's Liniment. All Druggists, 25c.—Adv.

EIGHTEEN ADMITTED TO PRACTICE DENTISTRY

The following 18 young dentists have been admitted to practice dentistry as a result of examinations last week: Dr. Pauline Parker, Carl W. Verheyen, Dr. John B. Gess, Dr. Robert Peadar, Dr. H. O. Danford, Dr. Frank S. Roberts, Maurice H. Hiddings, Dr. Harold C. Dr. John Henry Alexander, Dr. G. ton B. Norgaard, Dr. John C. Campbell, Dr. Joseph K. Thompson, James A. Campbell, Dr. George Drinkwater, Dr. Burnett T. Dr. Bert C. Lee, Dr. William A. vin and Dr. Michael C. Campbell.
