**SPECIAL RATES ON ROADS TO BUTTE**

**Attendance at Auto Show From Over State Will Break Records.**

Special rates on all railroads to the Butte automobile show have been arranged and out of town visitors are expected to number many hundreds, according to Manager Carl Horst of the show. Tickets may be purchased at any point in the state at fare and one-third rates, and good until March 10.

Automobile dealers from all parts of the state will be in Butte on Monday and Tuesday to form a state association. Probably 150 of these will be on hand for the first meeting.

The last touches on the lower floor of the building were made yesterday and most of the cars moved in. The cars are carefully covered with canvas to protect them from dust. A big crew of workmen is now busy finishing the upper floor of the building and there is not the slightest doubt but that the show will open on schedule time.

Yesterday Preston Berry, the Premier-sales-manager for this territory, visited the show rooms and expressed his pleasure. "I've seen but four big shows in the country that can be compared with the Butte show," said Mr. Berry. "The dealers here are to be congratulated." Mr. Berry was so much impressed that he announced his intention of returning to Butte during next week, after a business trip to Seattle.

**SOUTH SIDE NOTES**

Staple and fancy groceries; prompt delivery. Taylor Grocery, 1033 Harrison avenue. Phone 1031--Adv.

The Bluebird club, an organization of young girls of the Central Presbyterian church and a branch of the Camp Fire Girls, was entertained last night by Miss Gwendolyn Dunstan of 1725 Whitman avenue. The evening was happily spent by the small folks in games and music. Refreshments were served by the hostess. Those present were: Misses Margaret McGillic, Pauline Ralston, Dolly Tripp, Dorothy Stafford, Leslie Hatcher, Mercedes Stribler, Helene Smith, Myfanwy Thomas and the hostess. The guests were taken to their homes by Mr. Hatcher in his automobile.

Spring has come. The harbinger is not in the form of a game of marbles nor a hop-sotch contest. It is one which has the nerve to defy a temperature of 15 degrees below zero on the south side. The sign is a grocery store on Front street. It was found by Jess Ralston, head clerk in the store, when he went to work this morning. Mr. Ralston believes that the butterfly came from a bunch of Florida bananas which was opened this morning.

Mrs. L. E. Beaver of Ennis is a guest at the Bennett hotel while visiting friends on the south side.

**Restored to Health by Lydia E. Pinkham's Vegetable Compound.**

Fulton, N. Y. — "Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness, when I could hardly stand and was afraid to go on the street alone. Doctors said medicines were useless and only an operation would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work." — Mrs. NELLIE PHELPS, care of R. A. Rider, R.F.D. No. 5, Fulton, N. Y.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. **PENSION SYSTEM FOR BRITISH ARMY**

**Government Will Care Liberally for Disabled Men and for Widows.**

London, Feb. 28.—An order in council establishing a new pension plan for the British army was issued today. Under it privates totally disabled will receive a minimum of 27 shillings, six pence weekly. If this sum is insufficient to enable the soldier to live approximately up to his before-the-war standard he will be given an alternative pension based on his earnings previous to the war. No single pension, however, shall be in excess of 75 shillings weekly.

The allowance for children is five shillings for the first child and a sum slightly less for each subsequent child.

A soldier not totally disabled will receive a pension based on the degree to which his disablement affects his earning powers. Widows will receive half the sum to which their husbands were entitled if totally disabled. A disabled soldier requiring the services of an attendant is allowed fees up to £1 a week for such services. Widows will be granted special funds for expenses of training to enable them to earn their own living.

The actuary's report accompanying the plan estimates the expense for the first year at £25,000,000, which thereafter will decrease annually.

**FIVE EXTRA BUILDINGS FOR SCHOOL DISTRICT**

(Continued from Page One.)

gymnasium and auditorium in each building. It is the plan of the school board to include such a combination wherever possible. The new buildings and the annex will give to Butte a series of school buildings which cannot be excelled in any city in the United States for comfort, convenience, safety and practicability. The Washington annex will be the largest of the new buildings. It will be of reinforced concrete and similar in plan and outline to the present building and will take longer than the others to construct. However, the other four buildings will be ready by Sept. 1 and every effort will be made to have the Washington annex also ready for that date.

**The Harrison Annex.**

The Harrison annex will provide for a two-story building with four rooms and combination gymnasium and auditorium in the roof space above and will include modern fan-ventilating system, alterations in the present plumbing system and additional toilet facilities, also principal's office, two sets of stairs leading from the ground floor to the fireproof and enclosed in a fireproof chamber. The advertisements for the bids for the construction of this annex appear today. The bids are supposed to be in within two weeks from last night. The Harrison annex will accommodate 160 pupils.

**Washington Annex.**

The Washington annex will be fireproof and constructed along the lines of the present building with three stories. On the ground floor will be the combination gymnasium and auditorium, 90 feet square, with locker rooms, toilets and showers for boys and girls and a stage to accommodate their performances. On the second and third floors there will be eight class rooms for grade pupils, with cloak rooms, toilet facilities, etc. The purpose of the annex is to provide for the overflow from the Grant school. This annex will accommodate 320 pupils.

**Lake Avoca School.**

The new school for the Lake Avoca district will have one story with a half basement. There will be six class rooms, with a large combination gymnasium and auditorium, toilet rooms and locker rooms and principal's office, all on the main floor. The teachers' resting room, lounging room, toilets and storage space will be located on the mezzanine floor. The new school for the district south of the Emerson will be constructed along identical lines. Each will accommodate 240 pupils.

**BAPTIST WOMEN IN RUBY ANNIVERSARY**

National, State and County Officers in Important Meeting in City.

With Mrs. T. S. Tompkins, national representative, from Pasadena, Cal.; Mrs. R. R. Rathbone, state president, Dillon; Mrs. W. R. C. Stewart, state secretary-treasurer, Bozeman, and Miss Anna Nelson, missionary for the Hopi Indians at Sunlight, Ariz., in attendance, the fortieth anniversary of the Women's American Baptist Home Missionary society was held yesterday. The meeting was in the First Baptist church and was devoted to inspirational talks on the work of the home missions. Reverence was also paid to Johanna P. Moore, founder of the organization by her work among the negroes of the south in 1877.

Mrs. R. R. Rathbone of Dillon presided. She was a leader in the discussion of means of increasing and making more effective the missionary work. She also spoke highly of the work of the founder of the organization.

Mrs. Tompkins spoke on "The Ruby Sacrifice" and reviewed the work of the national organization. Miss Anna Nelson gave an interesting talk on her work at the Sunlight mission among the Hopi Indians in Arizona. She reported that among the converts a number have taken up the mission work also. Her talk was illustrated with stereopticon views. Prior to an informal banquet arranged by Mrs. H. T. Swenson, with the aid of a number of others, it was announced that the Ruby gifts for missionary work amounted to \$50.

Young Butte Miss Will Be Attended to—Meeting of the School Trustees.

So that one little tot who has been attending the Greeley school may not be denied the advantages of education because there was no seat for her, Clerk E. M. Sylvester of the Butte school board today ordered a special desk and seat. The action was taken as a result of a report made to the meeting of the trustees last evening that there was one more pupil at the school than the number of seats.

Architect Wellington Smith, the official architect for the district, was authorized to go ahead with his plans and specifications for the Lake Avoca school and the annex to Greeley. He is already working on the plans for the addition to the Harrison school. The matter of handling the grade school pupils on Saturday at the high school gymnasium was left to the discretion of Superintendent W. E. Maddock.

**Recruit Lights 3 Cigarettes With One Match; Shell Kills Him Soon After**

London, Feb. 28.—Among many superstitions that keep the Tommies in the trenches on the lookout for their lives is that of lighting three cigarettes with one match. A group of soldiers in a house away from the front line met St. Eloi had not seen a shell for weeks. A recruit passed around a box of cigarettes, struck a match and before the others realized it had lit the cigarettes for them men with one match. Shortly after a shell struck the house and when the men got out of the ruins they picked up the recruit dead.
