### PAVING ON STREET MAY DELAY CHANGE

#### B. A. & P. Ready to Move if Street Car Service Can Be Provided.

Whether the Butte, Anaconda and Pacific Railway company will be in a position to move its passenger business to the Milwaukee depot Friday, June 1, is a matter that is being seriously considered by officials at the present time. It is pointed out that Montana street is now being paved and the street car rails will have to be taken up and service on that line will be seriously interrupted for at least a month while there will not be any service, at least on parts of the line, for ten days at a stretch, because cars are not permitted to run over rails that are newly set in cement.

According to the present arrangements will handle the Milwaukee will handle the local end of the B. A. & P. passenger business, but Agent Wallace will continue to handle all arrangements for transfers and special trains. His office will be located at the old depot, and from that point the general business, with the exception of the selling of tickets and the operation of trains, will be conducted.

That more street cars will be necessary on the Montana street line when the B. A. & P. passenger business is transferred to the Milwaukee depot is admitted by all. Passenger trains between Butte and Anaconda carry from 50 to 100 people on each train, and the great majority of those people use street car service. Within the next day or two definite announcement will be made of the transfer of the passenger business from the Utah avenue depot to the Montana street depot if satisfactory arrangements for handling the increased traffic can be made by the street car company while the Montana street paving is in progress.

### BUTTE IN BRIEF

Miss Mildred B. Brown has gone to Chicago, routing over the Short Line via Denver. Miss Brown is a teacher in the schools at Columbus. Two of her associates, Miss Helen Everette and Miss Ruth Cunningham, also left for the east at the same time, the former for St. Paul and the latter for Colorado Springs.

### PLAN TO DECORATE COMRADES' GRAVES

#### Lincoln Post No. 2 Will Hold Celebration in the City Auditorium.

Memorial day will be fittingly celebrated in Butte Wednesday. Not only will the members of Lincoln post No. 2, Grand Army of the Republic, decorate the graves of 200 veterans buried in Butte, but there also will be a most interesting Memorial day celebration in the City Auditorium.

Gen. Charles S. Warren as chairman of the committee on arrangements spent the entire day in preparing a Memorial day program. This will be submitted to the members of the Lincoln post for their approval at a meeting in the post's quarters in the courthouse tonight.

Flowers to the value of \$400 or \$500

and sufficient to decorate the grave of every civil war veteran, have been donated by Columbia Gardens.

Whether there will be a formal parade or whether the old-timers will simply ride to the cemeteries, will be decided at tonight's meeting. General Warren declared today that the old-timers will gather at the courthouse Wednesday morning and either parade or informally march to the street cars. At the cemeteries, the ritualistic services of the order will precede the decoration of the graves.

The Memorial day services will take place at the Auditorium either in the afternoon or evening. The exact hour will be decided upon tonight. Former Mayor Joseph Corby, a member of the Spanish war veterans, will preside at the services and Attorney Peter Breen, a member of the Sons of Veterans, will deliver the Memorial day address.

It is the intention of General Warren and the co-workers on the committee to make the Memorial day observation as impressive as in years gone by. While the ranks of the Lincoln Post have been gradually reduced by death until there are only a score and half members left, the few remaining are showing the old-time enthusiasm.

General Warren's co-workers on the committee on arrangements are: Simon Hauswirth, commander of the department of Montana; C. P. Brinton, post commander; Charles S. Shoemaker, post adjutant, and E. L. Kellogg.

### BIG PROFITS OF THE SOUTHERN PACIFIC

San Francisco, May 28.—The Southern Pacific company made \$1,297,907 more clear profit in April of this year than in the same month a year ago, according to the company's balance sheet made public here today.

#### "SPUGGED."

Prim Lady—I want a useful present for my nephew in the trenches. Tobaccoist—Pipe? Tobacco pouch? Cigarettes?

Prim Lady—No. He has plenty of those. Have you any pretty ashtrays?

—Punch.

### THEY'RE WAITING FOR ROOSEVELT TO COME

#### Clemenceau Writes to Wilson Appealing to Him to Send the Colonel.

Paris, May 28.—Former Premier Clemenceau, in an open letter, appeals to President Wilson to send over Colonel Roosevelt and "his companions." M. Clemenceau says:

"To invade France at the present hour there is a name which represents, by I know not what force of intuition, the beauty of America's intervention—it is that of Roosevelt. You are too much a philosopher not to know that great popular leaders have influenced men out of all proportion to their own real value, by the intangible atmosphere of legend which has formed around them.

"Whatever may be the reasons and without attempting to analyze the phenomenon I yield to the imperious need to tell you that the name of

Roosevelt has in our country at this time a legendary power. It would be an enormous error in my view to neglect a force which everything conspires to make use of as soon as possible.

"We have learned that the American unit has arrived at the front. However, you should know that the American unit has not yet been identified that more than one chevroned polo said to his comrade in an astonished voice: 'But what is Roosevelt? I don't see him.'"

#### THE PROFITEER

Harold McCormick of Chicago has outlived the whole generation of profiteers. He is a very old man and a very generous man. He does not like to be "done."

Mr. McCormick, on one of his trips to Florida, neglected to stop at a hotel in advance. The hotel manager took advantage of this oversight and the bill he presented was exorbitant.

Mr. McCormick, however, paid out a murmur. Then he said, "I folded the receipt in his wallet."

"By the way, have you got any cent stamps?"

"Yes, sir," said the hotel manager. "How much are they worth?"

"Er—," said Mr. McCormick. "I don't know."

"Er—," said Mr. McCormick. "I don't know."
