MAY BRING CHILDREN FROM OUTSIDE SCHOOLS

Arrangements Being Made for Happiness of All Kiddies in the County.

Arrangements are to be made to bring the children belonging to outside schools to Butte on future children's days. It was announced last evening following the opening of the season of free holidays on Thursday at

Proper Thing Now Is to Peel Off Soiled Skin

Those who abhor sticky, greasy, shiny, streaked complexions should religiously avoid creams, powders and rouges during the heated days. There's no need for them, anyway, since the virtues of mercurochrome wax have become known. No amount of perspiration will produce any evidence that you've been using the wax. As it is applied at bedtime and washed off in the morning, the complexion never looks like a make-up. Mercurochrome wax gradually takes off a bad complexion, instead of adding anything to make it worse. It has none of the disadvantages of cosmetics and accomplishes much more in keeping the complexion beautifully white, satiny and youthful. Just get an ounce of it at your druggist's and see what a few days' treatment will do. Use like cold cream.

Another effective wax weather treatment—heat tending to cause wrinkles and flabbiness—is a skin-tightener made by dissolving one ounce of powdered azoicite in a half pint of witch hazel. Its use (as a face bath) leaves no trace. Remarkable improvement is noticed immediately, and there is no harmful effect whatever.

the Columbia Gardens for the summer vacation months. In excess of 4,000 children and parents and guardians attended the Gardens yesterday. C. V. Munsey was in charge of the entertainment of the children, assisted by Miss Gertrude Cherry, Mrs. Nyla Metcalf Lovell, Miss Gail Passmore, Miss Myrtle Dunstan, Miss Helen Lair and Miss Olive Gorkin.

A dust storm that swirled from the south and west interfered for a time with the amusement of the children, but the afternoon cleared quickly and the sun shone again and the children were able to resume their games. Miss Cherry started the folk dancing classes yesterday. The children are distributed into classes, according to ages; one class for those under 9 years, another class for those from 9 to 12, and a third class for those over 12. All children desiring to receive instruction in folk dancing are urged to register at once as the classes will be held regularly every Thursday afternoon.

Yesterday's wind and dust storm did no damage. However, it delayed the Milwaukee trains for a while, a fuse having been blown out; street cars slowed up on their schedules for a time because of the dust and minor inconveniences were caused.

BUTTE OSTEOPATHS FORM ASSOCIATION
