MOVE TO PUT NEW LAW IN OPERATION

Commissioners Favor Creating Improvement District Number 1.

The first move to put into operation the law passed at the last session of the legislature was taken today when the county commissioners passed a resolution declaring in favor of creating improvement district No. 1 in the Boulevard addition.

The action of the commissioners was the result of a petition presented to the board signed by 68 residents of the locality asking for the creation of the district for the purpose of constructing sanitary sewers and a sewer outlet. In the resolution it is stated that the approximate estimate of the construction of the sanitary sewers and the outlet is \$6,532.60.

The payments are to extend over a period of three years and the work is to be paid for by improvement bonds. Each lot or parcel of land shall be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of the streets, avenues, alleys and public places.

The law requires the publication of the resolution and that a notice be sent to each resident of the district as to the time when any protests may be heard to the creating of the district. The commissioners have fixed Tuesday, Aug. 28, at 2 o'clock in the afternoon at the commissioners' office as the time for the hearing of protests.

OPERATE ALONG LINES OF VIGILANTE COMMITTEES

Bisbee Citizens Refuse to Suspend the Deportation of Men Suspected of I. W. W. Activity. Governor Campbell Starts an Investigation of Conditions and May Call for Federal Troops to Take Charge of Situation in the Warren Mining District.

Tucson, Ariz., Aug. 10.—Long distance telephone messages from Bisbee this morning say it was reported that Governor Campbell had asked that federal troops be sent to the Warren district, but the report was denied today by Governor Campbell. The governor said he had not yet called for troops, that he would have a full discussion with the sheriff of the county and the mayor before taking action.

The following account of conditions in Bisbee and the surrounding district is taken from reports and statements of Arizona officials.

The business men and other citizens of Bisbee are standing behind the Loyalty league and Vigilance committee, which is deporting all persons believed connected with the I. W. W. from the Warren district.

The vigilance committee meets daily and takes up the cases of men charged with being sympathizers with the I. W. W. The committee is composed of about 20 members, chosen by the Loy-

alty league, and has a chairman of the proceedings. There also is a marshal who executes the judgments of the committee from which there is no appeal. The marshal is a deputy sheriff and has a large posse at his command to enforce the decrees of the committee. Sheriff Wheeler sometimes sits with the committee.

The Deportations.

When a man is ordered deported he is informed of the judgment of the committee by two deputy sheriffs and told that he is to leave the district within a stated time. During that period he is continually under surveillance, the deputies assigned to see that he leaves the district accompanying him, assisting him in getting his effects together and finally seeing that he is put on a train at Osborne, a junction near Bisbee.
