ALL CANTONMENT BUILDINGS READY

Last Construction Work at Camp Lewis Has Been Completed.

Camp Lewis, Tacoma, Wash., Nov. 5.—Practically all work has been completed in the erection of the 75 new buildings being erected east of the base hospital for the training battalions of the depot brigade. The glazing and steam heating remain to be done.

Capt. James A. Greene, son of Maj. Gen. H. A. Greene, in command of the 51st division at Camp Lewis and an aide on his father's staff, and Capt. Stockman Beudel, assistant to the division quartermaster, today received commissions as majors. Both officers are West Point men.

Every enlisted man at Camp Lewis will be given a thorough course in the art of self defense. This was the information received today by Capt. T. G. Cook, camp athletic director from Washington, D. C. The first step will be the training of squad leaders who, when proficient, will pass their adeptness on to the entire division. Boxing instructor Willie Ritchie pronounced the system an excellent one.

Sixteen hundred and twenty-four fourth quota men from Washington, Montana, Utah, Nevada, Wyoming and California are due at Camp Lewis today. All will be assigned to the training battalions of the 166th depot brigade.

MENAGE TO AMERICA'S AEROPLANE PROGRAM

Officials Believe Pro-German Agencies at Work to Hinder Plans.

Washington, Nov. 5.—Convinced that pro-German agencies are at work to hinder the aircraft production program, officials believe a drastic campaign against saboteurs may be necessary, resulting to the spruce forests of the northwest where the wood for airplanes is being cut.

Numerous cases of sabotage have been reported from mills that are cutting the airplane wood. Labor disturbances fomented by the I. W. W. have been also hampering the government in building air fleets.

The menace takes the form of accidents to mill machinery, fires in important lumber yards, boiler explosions and other happenings that might be due to chance or to carelessness. The regularity with which they have occurred, however, convince officials here that a definite sabotage campaign has been organized by hidden enemies which must be stamped out.

SOLDIER VOTE MAY CUT A FIGURE IN ELECTION

Fully 70,000 New Yorkers in Training Camps Will Cast Ballots.

New York, Nov. 5.—Results of the majority election tomorrow, unless successful candidates receive large pluralities, may not be known for several weeks. There are 70,000 New Yorkers under arms in the army and navy, of whom 46,000 in training camps are registered and entitled to vote. In addition many in the overseas forces are eligible to vote. Suffrage leaders predict victory.

SOLDIERS IN FRANCE ARE VOTING TODAY

With the American Army in France, Nov. 5.—American soldiers, sailors and marines stationed in Paris, in other French cities and at the American general headquarters, who are legal residents of New York state, voted today for state, county and city officers. New York voters with units in other parts of France cast their ballots last week.

The voting in Paris was done at the Hotel Sainte Anne, which is now used for American offices. Polls opened at 8:30 o'clock this morning and will close at 5 tonight. The hotel office is being used for the balloting.

COL. BLETHEN HERE TO INSPECT HIS TROOPS

(Continued From Page One.)

called each officer by his first name and firmly grasped his hand. As the colonel and the other officers walked from the depot into the street, the artillerymen came to "attention." "Rest," called the colonel, and he followed the military order with a quick, "hello, boys; glad to be with you again." The crowd and the members of the artillery companies applauded as the colonel was escorted to his motor car by Major Drevers.

"Our men are pleased with Butte, yet they are anxious to get into action in France," said the colonel on his way up town. "We are proud of our men on the here, and our artillery regiment in the United States to report in with more than the required war strength. Our men were rated 100.1 per cent in numbers for war footing."

"Am I still in the newspaper business?" he repeated in answer to a question. "No, now, I am in the war business now, and I don't know whether they will ever let me get back to my paper or not."

Spirit of Patriotism.

"We find a wonderful spirit of patriotism on the west coast," he said. "People there, as here, are beginning to wake up to the real seriousness of the war and are beginning to give their whole support to the military forces. The draft business has been tedious. While you hear people talking of the errors and mishaps of the law, you also must realize that perhaps no other nation in the world could accomplish what America has accomplished in the past six months. One has but to visit Camp Lewis to realize what a wonderful thing has been done under the draft law."

Colonel Blethen is not sure how long he will be in Butte. It is stated unofficially that he will visit the Washington artillerymen at Anacosta, Helena and Wallace, Ida., before returning to Seattle. He will inspect the local artillerymen tomorrow.

GERMAN SAILORS NOT INTERNED IN DENMARK

They Are Held to Be Shipwrecked Mariners; Return to Germany.

London, Nov. 5.—According to the Copenhagen correspondent of the Times, German sailors from the auxiliary cruiser Marie, which is apparently identical with the steamer Crocodile, will not be interned, being regarded as shipwrecked. Nine have gone to Berlin.

The British admiralty on Saturday announced the sinking of 11 armed German ships, including an auxiliary cruiser, by British naval forces in the Categat. Copenhagen dispatches on the same day reported that the German auxiliary cruiser Marie had been destroyed in the naval action and that several German patrol boats, including the Crocodile, were also sunk.

CRUISER IS ONLY WARSHIP LOST

Copenhagen, Nov. 5.—It is officially announced in Berlin that a small auxiliary cruiser has been sunk by destroyers, but no other warships are missing.

BOLSHEVIKI GETS NEW HOLD IN PETROGRAD

City's Garrison Passes Under Influence of Pacifist Organization.

London, Nov. 5.—At a meeting in Petrograd on Saturday, as reported in an Exchange Telegraph dispatch from that city, representatives of the whole Petrograd garrison passed under the guidance and influence of the Bolsheviki (the radical pacifist group). There was great excitement in the city.

Leon Trotsky, president of the central executive committee of the Petrograd council of soldiers' and workmen's delegates, spoke with great confidence, saying the soldiers' and workmen's delegates would come into power on Sunday (yesterday). Many meetings were organized by the Bolsheviki.

On the other hand, the Cossacks held a religious procession, carrying the cross and their banners and inviting the public to participate. There was the most intense excitement in Petrograd on Saturday, the dispatch says:

STEEL, IRON AND TIN PRICES

President Approves New Regulation of Business—To Be Revised Jan. 1.

Washington, Nov. 5.—President Woodrow Wilson today approved an agreement made by the industries board with the steel and tin manufacturers of fixing maximum prices on steel and tin. On certain steel products, including sheets, pipe, cold rolled steel, iron, wire and tin plate.

The prices for sheets range from \$6.25 per hundred pounds to \$10.00 according to grades. On cold rolled steel, the price is fixed at \$10.00 per hundred pounds. On tin plate, the price is fixed at \$10.00 per hundred pounds. On tin, the price is fixed at \$10.00 per hundred pounds.

The agreement on cold rolled steel was a 10 per cent discount from the March 1, 1917, price. The price for scrap iron, L. & B. 100, was \$1.00 per ton. On heavy iron, the price was \$1.00 per gross ton; cast iron, \$1.00 per gross ton; pig iron, \$1.00 per gross ton. On tin, the price was \$1.00 per gross ton. On tin plate, the price was \$1.00 per gross ton. On tin, the price was \$1.00 per gross ton.

NOT SATISFIED WITH NEW SHIPYARDS SCALE

Workers Today Consider Adjustment Effected by the Federal Board.

Seattle, Nov. 5.—Seattle shipyard workers were to meet today to consider the shipyard wage scale adopted yesterday by the federal ship labor adjustment board in San Francisco.

The men assert the scale is much lower than the wages paid in the plant of Skinner and Eddy and several other Seattle shipyards, and it is believed by labor leaders that a general reduction in wages will result if the new scale becomes effective.

Das P. McKinn, president of the Metal Trades council, declared the men may strike again to press their demands for higher wages.

SPANISH WAR VETS WILL JOIN PARADE

Members of the Spanish-American War Veterans are urged to meet tomorrow morning at 8 o'clock to join in the parade that will lead Butte in the parade to the train. It is especially desired by the officers of the Henry Lawton camp that all members turn out.

LEE LOVINGER WILL PROVIDE AMUSEMENT

Will Have Charge of Boxing Matches to Be Staged at Camp Lewis.

News was received here that Lee Lovinger, well known in Butte, has received the boxing concessions at Camp Lewis. He promises some lively bouts for the benefit of the soldiers camped in that place. Mr. Lovinger, while his home is in Salt Lake, has been coming to Butte for many years on business.

Das P. McKinn, president of the Metal Trades council, declared the men may strike again to press their demands for higher wages.

PHILIP HARRINGTON BURIED THIS MORNING

Philip Harrington, who was killed in the Pilot Butte mine accident a few days ago, was buried this morning. The funeral was held from the St. Lawrence church. The pallbearers were John Sullivan, Quinn Sullivan, Michael Murphy, Michael Lowney, Michael Driscoll and John Downey. The interment was in the Holy Cross cemetery.

CONGRESSMAN EVANS TO BE HONOR GUEST

Montana Statesman to Address Workers of Ad Club Wednesday.

Congressman John M. Evans will be a guest of honor at Wednesday's meeting of the Butte Ad Club. He will make an address of interest to the business men of the city, and all of these are invited to be present.

Members of the ad club are urged to bring friends with them. The luncheon will be held at noon in the Firgen grill. Congressman Evans recently paid a visit to Camp Lewis and he will tell of what he saw at the place.

Those expecting to attend the banquet are asked to telephone to E. M. Taylor of the Milwaukee road. The number is 5899.

TO ELIMINATE ALL UNNECESSARY LETTERS

Business Men of the Country Are Asked to Aid in Campaign.

New York, Nov. 5.—Every business man in the United States will be asked to co-operate in a movement to eliminate millions of unnecessary letters and other business details in a campaign launched today by the National Association of Credit Men.

One of the first reforms to be urged will be the systematizing of office routine so as to avoid the writing of unnecessary communications. Rubber stamps bearing the word "unnecessary" will be sent to the heads of departments in each business house to be used on all letters which deserve such characterization and returned to the men who dictated them.

The association hopes through the elimination of the unnecessary letters that "seven persons, girls, boys or men over military age, can do the work of ten men."

A BAD LOT.

When General Sherman was through Georgia a citizen came and said: "General, your men stole my pigs, looted my house and emptied my cellar; they are immortal; thank goodness, can't steal that."

"I don't know about that," said General Sherman, "but the Nineteenth century is coming along next."

NO CHANCE.

"You got short measure now and then."

Observed old Mr. Bubble;

"But you won't get short measure when you get your peck of trouble."
