MONTANA VARSITY TURNS DEFEAT INTO VICTORY

Missoula, Nov. 12.—Coming from behind, the Montana State university eleven on Saturday defeated the State Agricultural college boys 9 to 7 in one of the best football struggles ever witnessed here. The victory was due to the great work of Captain Bentz, who took the ball over for a touchdown after Driscoll had carried the ball 42 yards on a forward pass.

TEN RANKING PLAYERS ARE IN THE SERVICE

San Francisco, Nov. 12.—Johnny Strachan, California state tennis champion, has followed Billy Johnston, former national champion, and Bill Marcus and Bill Whelan, two other players of local prominence, into the ranks of the navy. The sport of the court now has the proud distinction of having one of the ten ranking players in the country in the service, in one department or another. Only recently Strachan made a tour of the east for the benefit of the ambulance unit which the National Tennis association is outfitting.

RECORD ACCEPTED.

The Swedish Amateur Athletic association has officially accepted John Zander's new world's record of 3:54.7 for the 1,500-meter run. The old record of 3:52.8 was made by the American runner Kiviat in the preliminaries of the Stockholm Olympic games in 1912. Zander's splendid performance is the more remarkable from the fact that he ran the entire distance alone.

NEWS OF THE SPORT WORLD

OHIO STATE WITH ONE HARLEY WAS TOUGH MEDICINE BUT WITH TWO "BIG TEN" OPPONENTS HAVE TO STEP

CHICK HARLEY

Look out for Ohio State was the word passed around the Big Ten early this season. And subsequent results have proved that the warning was not a false alarm. Ohio State, champion of 1916, and Northwestern, Illinois, Indiana and Northwestern were taken into camp, was treated considerably for the war. As a result the same team, with the exception of Captain Sorenson, fullback, and one of two others, is in the harness again and as the season nears its climax there is nothing in the west with the possible exception of Michigan which even approaches the Wildcat machine. The development of Pete Stinchcomb in the backfield is a big element in making Ohio State a greater team than in 1916. This youngster is said to be almost as brilliant as his teammate, Chick Harley, almost universal choice on the All-American backfield last year. Ohio State with Harley on it was bad enough for most opponents, but Ohio State with two Harleys would certainly stand a lot of these teams on their heads. Another old star on the team is Helen...

PETE STINCHCOMB

"SHIFTY" BOLEN OHIO STATE TEAM LIKELY TO REPEAT

Buckeyes Crush Wisconsin. Meet Undefeated Illinois Next Saturday.

Chicago, Nov. 12.—The powerful Ohio State football eleven is within striking distance of its second western conference championship. The Buckeyes continued their unchallenged drive Saturday, crushing Wisconsin, 16 to 3, and will meet the undefeated Illinois team at Columbus next Saturday in a game that probably will decide the 1917 honors of the "big ten." Michigan, admitted to be a power this season, is not regarded as a contender for the championship, as it only has one conference game on its schedule. Critter Ohio, which won the title last season for the first time, to repeat. The Buckeyes rolled up a larger score against Wisconsin than did Illinois, which defeated the Badgers, 4 to 0. Forward passes gave Ohio its victory over Wisconsin. Wisconsin's only points were the result of a field goal, which Simpson, the quarterback, kicked from the 40-yard mark. Michigan's 12 to 0 rout of Cornell in one of the most important inter-sectional contests of the season demonstrated that Coach Yost has developed one of the most powerful teams that ever represented Michigan. Veteran critics declare that Michigan has the fastest charging line in its history. Northwestern displayed a dash of its 1916 form in taking the Michigan Aggies into camp, 29 to 6. The players seemed to be working together for the first time this season. Morningstar gave Notre Dame, conqueror of the Army, the stiffest kind of a battle that surprised even the followers of the Iowa institution. For the first time Notre Dame was held scoreless, but managed to tag a 13 to 0 victory. Eastern college football teams apparently reached the zenith of their gridiron form in Saturday's games. If the results can be accepted as a criterion, when compared with the previous play of the season. Almost without exception, the elevens battled true to the standards expected. Not in many seasons had there been a day when top-heavy scores were so prevalent. Two games stand out owing to the closeness of the struggle. Pennsylvania fought Dartmouth to a standstill and won in the closing period of play. As usual Howard Berry was the scoring factor, but considered as a whole, the Pennsylvania team outplayed its opponents.

GALLATIN ELEVEN GRID CHAMPIONS OF THE STATE

Despite Tie Game With Butte Saturday, Bozeman Has Shown the Most Consistent Work. Butte the Only Team to Score on Them. Locals Put Up Great Fight. Little Chance of Any Montana Team Meeting the Salt Lake Eleven.

SCORES OF BUTTE AND BOZEMAN FOR SEASON

- Butte.**
- Butte 9, Anaconda 9.
 - Butte 29, Missoula 7.
 - Butte 0, Great Falls 19.
 - Butte 6, Bozeman 6.
- Bozeman.**
- Bozeman 7, Great Falls 0.
 - Bozeman 18, Anaconda 9.
 - Bozeman 41, Billings 9.
 - Bozeman 6, Butte 6.

By playing a tie game with Butte Saturday and going through the season without a defeat the Bozeman high school eleven is conceded the championship of the state. While there are some who contend that because of Saturday's result the title is somewhat clouded yet Coach Shirey and the followers of the Purple and White agree that the honors rightfully belong to the Gallatin county boys as their work for the year has been the most consistent of the high school elevens in Montana. Butte was the only team to score on them. There is a chance for Bozeman to play the East Side high of Salt Lake in the Mormon town on Thanksgiving day, but it is not likely, as reports from Salt Lake are that the East Side boys are not very likely to play. Taking cognizance of this fact the Bozeman high boys have broken training. Coach Shirey is well pleased with the score Saturday, taking the stand that the result is a virtual victory for Butte. On comparative scores Bozeman should have defeated Butte 40 to 9, but to the credit of the local lads it must be said that with the score 6 to 9 against them, they played the game of their lives, literally sweeping the Bozeman boys off their feet. The punt which Fisher blocked on Bozeman's 5-yard line and then took over for a touchdown was such a sensational performance that it demoralized Bozeman. It was not until well toward the end of the game that Cabaner's men recovered their confidence. But it was too late and the game ended in a tie. Butte will probably wind up the season by playing in Billings next Saturday. There is a game scheduled with Butte Central high for November 24. As no contract has been signed, this game may not be played. Coach Shirey refused to discuss the Billings game this morning, but according to the dope, Butte should win hands down. When it is considered that Shirey's men played a tie game with the team that walloped Billings 61 to 0, Butte should have no trouble in winning next Saturday. With the exception of Captain Meyers, whose knee is giving him considerable trouble, the Butte boys emerged in good shape from Saturday's game. "It's too bad we didn't play against Great Falls as we did against Bozeman," declared Shirey today. "If we had we would have won from the Electric City boys hands down."

HEAVY ARTILLERY TEAM BATTERS DOWN CENTRALS

The Central high school football team went down to defeat but not to disgrace yesterday at Washoe Park, Anaconda, at the hands of the heavier Washington Coast artillery squad. The score was 23 to 4. The Butte boys played a very plucky game considering the fact they were outweighted at least by 25 pounds. There was a large delegation of the soldier boys in the grand stand and they kept the game very lively with their cheers and songs, led by Corporal McClinton. Cutesy Spears, who succeeded Frank Cavanaugh as coach of the Dartmouth football squad, has developed quite a formidable eleven to sport the green.

SPORT GOSSIP

The first skating in Butte this season occurred yesterday morning when four regular skating "bugs" hied away to the lake and spent the morning on the ice. Last year the first day on which skating was enjoyed on any of the rinks was November 12, just a year ago today. Only a select few knew that the ice was thick enough on the lake to permit the sport. The day was warm, an ideal day, and the skaters doffed their coats and hats and glided gaily about in their shirt sleeves. One of the men lacked the nerve to carry his skates in his hands while passing in a small group of town, fearing that on account of the extremely warm weather for this time some would think that he had gone plum loco, so he hid them away in a small grip and brought them from their concealment only after arriving at the lake and being assured that he had not been "jobbed" about the ice. At any rate the four had a gay old time "finding themselves" on their steels. There were many "spills" but no casualties for the ice was about six inches thick. The skaters are planning several parties on the open ice until the weather becomes cold enough to permit of the regular rinks being put into shape for the winter's sport.

HUBS AND ENGLEWOODS BATTLE SCORELESS TIE

Battling every minute, the Hub Addition and Englewood football teams played a scoreless tie on Holgen field yesterday afternoon. The teams which were evenly matched played the old style game throughout. Duke Schroeder was referee and Gus Hope of the Coast Artillery was umpire. An effort will be made to arrange a game between the pick of the two teams and an eleven of the coast artillery.

CHANGE BUSINESS END OF THE GAME

Baseball Magnates Will Discuss Plans Looking Toward Improvements.

New York, Nov. 12.—Baseball magnates, players and followers of the game in general, are almost unanimous in expression of the opinion that the coming winter months will witness important changes in the methods and arrangements governing the professional end of the national sport. It appears certain that the mass of suggested and proposed changes relative to developments will occur relative to the conduct of the business end of the game during the duration of the war at least. Both major and minor league magnates will discuss and consider numerous suggestions looking toward improvement of conditions existing at the present time during the coming annual meetings. While no hasty action will be taken it is considered likely that several innovations both in combination and conduct of the sport will be adopted before the season of 1918 is reached. Owing to the difference of opinion on these points among the various club owners, it is difficult to name the proposals which may eventually be enacted in baseball law; but there has been no dearth of these both from official and unofficial sources. Among the plans advanced are the following: Shorter season and schedule in the major leagues, coupled with a suggestion to start the world series several weeks earlier than has been the case in recent years; curtailment of the number of players now permitted to each club and a reduction of the present salaries; the shifting of one or more club franchises to new and more profitable fields of patronage; the elimination of long and expensive southern training trips; rearrangement of schedules with the idea of reducing the large annual transportation readjustment or combination of minor league circuits in order to provide more attractive and lucrative play. It is exceedingly doubtful if all of these suggestions are adopted, but it is equally certain that some will find their way into the codes or agreements of the league since those in charge realize that baseball, like all other sports, is confronted by conditions which are far from normal. An example of these conditions can be cited in the draft problem which confronts the major leagues, coupled with a suggestion to start the world series several weeks earlier than has been the case in recent years; curtailment of the number of players now permitted to each club and a reduction of the present salaries; the shifting of one or more club franchises to new and more profitable fields of patronage; the elimination of long and expensive southern training trips; rearrangement of schedules with the idea of reducing the large annual transportation readjustment or combination of minor league circuits in order to provide more attractive and lucrative play. Famous Cigar Advances Price

San Felice Cigar Now 6c

The high standard of quality of the San Felice cigar will be maintained. During the past year the increases in taxation, raw materials and wares have been so great that it is impossible to continue to sell San Felice cigars at the old price. It is necessary that we advance the price of San Felice cigars to 6c. To our friends who smoke the San Felice because of its high quality we ask for the continuance of your patronage. San Felice cigars now 6c. The Deibel-Warner Lima, Ohio.

STAR AT ALABAMA MAY BE A SECOND ELMER OLIPHANT

West Point is usually able to take pretty good care of its football, which scarcely ever languishes for want of well-trained, experienced men, to take the place of those who graduate. There are two reasons for this. The army team is not bound by the same eligibility rules which govern other big schools, freshmen, or plebes as they are called at the army school, may play, and a man who has played three years at another school may come in and play four years at the Point. Although the navy is governed by the same regulations the army has the advantage as the age limit for entering West Point is 21, while at Annapolis it is 18. One of the best cases in point at West Point is Elmer Oliphant, who played football three years at Purdue and was the choice of many as All-Western halfback. Oliphant is playing his third year at the Point and has one year to go. Perhaps the greatest halfback in the country had he should be. The army has this year yet another who should be considered the greatest line men in the country. He is "Bull" Vandergraff, who three years has played tackle at the Army's first game with Camp Tech he wrenched his knee and was chosen for All-American tackle of unanimous choice for All-Southern. Another who should be mentioned is Vandergraff may be called the luckiest player in football this year. He is "Bull" Vandergraff, who three years has played tackle at the Army's first game with Camp Tech he wrenched his knee and was chosen for All-American tackle of unanimous choice for All-Southern. Another who should be mentioned is Vandergraff may be called the luckiest player in football this year. CHANGE IN COAST LEAGUE CIRCUIT MAY PROVE RISKY

Oakland, Nov. 12.—Northwest baseball fans are already warming up prepared to have their little say about any changes in the Coast League. Seattle fans have been given to understand that they have a good chance at Coast league ball and they do not like this talk of Portland dropping out of the Coast league and going into a Northwestern league along with Seattle and three or four other cities. And Portland fans are complaining because they do not exactly see how the McCredies or anybody else figure that a city brought up on Coast league ball is going to be content to drop to Northwestern ball. Here's the way a Seattle scribe foretells the death of baseball in the northwest if an attempt is made to revive the old Northwestern league: "Adding Portland will make it possible for the Northwestern league to apply for and secure class A classification. A six-city league composed of Portland, Seattle, Spokane, Tacoma, Vancouver and a sixth club will give a combined population of slightly more than 1,000,000. The Southern league has a combined population of 1,200,000, while the Western league has a population of only 824,239, as at present constituted. Both are class A. "While ideal from the magnates standpoint, the change is not what the fans had hoped for. "Seattle is larger than any city with class A or B baseball except New Orleans, and larger than many of the class AA cities. "This city has a multitude of baseball fans who wanted to see the commercial rivalry between San Francisco, Portland and Seattle, transferred to the Pacific Northwest. "Seattle, instead of fighting with commercial rivals and losing one of its good baseball cities, is carrying with attendance, at least four weak links. "And while Portland's entrance into the Northwestern league will strengthen the league on paper, it remains to be seen whether the fans of Portland will support the class A baseball. "The McCredies have educated the fans of the Rose City to demand baseball of a type only slightly inferior to the major leagues. They flock to the games or at least playing real baseball. "They refuse to support semi-professional ball or the class which the Northwestern league displayed while it was showing in the Rose City. "The Northwestern league may be vastly improved in playing strength. Portland will prove a disappointment to that league. "And there are no other cities in the northwest but Portland and Seattle which will stand for much improvement. "Improvement means better salaries, get better ball players. "Increased salary limits might be possible in Spokane and Vancouver with war funds over, but Tacoma, Vancouver or any of the other cities in the jurisdiction of the Northwestern league prove themselves next to impossible. The Montana cities are too far away."

CAMP LEWIS GOLFERS

Camp Lewis, American Lake, Wash. Nov. 12.—The golf enthusiasts in the national army are here perfecting plans for a big tourney to be held on Tacoma Country club links on Thanksgiving day. There are many fine players in the camp here, it is stated. The tourney is being arranged by Tacoma Golf club, and some matches are looked for.
