TROY TAKES UP WAGER BY BUTTE

New York Town in Race for Sale of Red Cross Christmas Seals.

The anti-tuberculosis society at Troy, N. Y., has accepted the challenge issued by the Butte branch for the greatest sale of Red Cross Christmas seals for the holidays, population considered. The Troy branch claims: "You can quote us as saying that we do not think Butte or any other city can come within hailing distance of us this year. We're going to see their hand." Miss Peoples, who received the answer to the challenge of the Troy branch, said: "The local anti-tuberculosis society has organized very carefully for the local campaign and no effort will be spared to make Butte the first city in the country, population considered, for the sale of Red Cross Christmas seals."

PERFECT WORK IS SENT IN BY BUTTE SOCIETY

U. S. Marines Will Wear Comfort Articles Manufactured Here.

A total of nearly 300 articles of wearing apparel sent by the Women's Patriotic association of Butte to the navy league of the United States was so perfect in finish and quality that the articles have been turned over to the United States marine corps because these men, above all others in the service, "face both cold and exposure." The acknowledgment of the perfection of work of the local organization was received here today by Eugene Carroll. At the business women's meeting held Wednesday evening the following ladies were active in the work: Mrs. J. Laehaine, Mrs. Eugene Wilcox, Miss Helen Nicol, Louise Fredericksen, Helen Fourmier, Mabel Gilbert, Mrs. Leonard G. WOMEN ENTER SEATTLE MARKETS TO STAY

Seattle, Dec. 7.—Seattle women today entered the meat markets and packing plants of this city to stay, according to G. I. C. Barton, general manager of Barton & Co., one of three Seattle packing plants whose male employees, numbering approximately 100, struck yesterday to enforce their demands for union recognition and a closed shop.
 Barton said he expected all shops in the future to employ several sales women in addition to the men cutters.

MARK ANNIVERSARY OF WEST SIDE PARISH FEAST

Forty Hours' Adoration Starts With High Mass by Fr. Leonard.

A special adoration of forty hours in honor of the Feast of the Immaculate Conception, the patron saint of the Immaculate Conception Catholic parish on the west side, was started this morning. A solemn high mass was sung at 8 o'clock by Father Leonard, who is acting pastor in the absence of Father Barry, who is attending the consecration of a schoolmate as bishop in California.
 Father O'Shea will deliver the special address this evening, and Father Tracy, vice president of the Mount St. Charles college, will speak tomorrow evening and Sunday morning. Father Connolly and St. Joseph's will preach the sermon on Sunday evening, when the forty hours will come to a close. There was a large attendance at the special mass this morning.

CHRISTMAS PACKAGES FOR CAMP LEWIS BOYS

Will Be Similar to Those Sent by National Red Cross to Europe.

Camp Lewis, Tacoma, Dec. 7.—Christmas packages will be presented to the national army boys at Camp Lewis by the National Red Cross, according to a memorandum posted at division headquarters this morning. The packages will be similar to those sent by the Red Cross to Europe and will contain many articles of use to the soldier in addition to candy, tobacco, pipes, playing cards and the like.
 Target practice on a large scale will begin at Camp Lewis next week, extending over a period of more than a month.
 The big Y. M. C. A. relay race, postponed from Thanksgiving day, will be held Saturday morning at the parade ground of the big camp. A track five miles around the grounds is being laid out today. Six organizations will be represented by teams of 25 men each.

DR. A. KARSTED BUYS THE B. E. CALKINS HOME

Fine Residence Property on West Side Changes Hands.

Dr. Alfred Karstedt has purchased the B. E. Calkins home at 815 West Park street and will take possession tomorrow. Mr. and Mrs. Calkins are moving to the Virginia apartments, where they will remain for several months.
 The Calkins house is one of the most handsome and substantial homes on the west side. It has 10 rooms, modern in every detail and richly finished in hardwoods and white enamel. The house was too large for Mr. and Mrs. Calkins. They had planned to convert it into a double house, but there had been a delay in securing plumbing supplies and the work was not started. In the meantime the home attracted the attention of Dr. Karstedt, who bought it.
 Mr. Calkins is treasurer of the fund now being raised in Silver Bow county for the army Y. M. C. A. Until this campaign is closed Mr. Calkins, who recently disposed of his business interests here will remain in Butte.
 In fact, Butte will continue to be the home of Mr. and Mrs. Calkins, although they will spend a part of the present winter in southern California.

NATIONAL PROHIBITION DURING WAR PERIOD
