WASHINGTON NEWS.

WASHINGTON, June 5.—Col. Bliss resumed his opening address to the jury on the Star Route cases this morning.

If any human being has any doubt that Conkling resigned without the distinct intention of being re-elected, there is a bit of circumstantial evidence on the subject which Conkling might call out by addressing another letter to Senator Jones. The Senator said to-day that it was a legend of the Senate, accepted on all sides, that when Cameron, of Wisconsin, took Conkling's seat, which he now occupies, it was after consultation with Senator Jones, and the agreement was that in case of Conkling's return he should have the seat again.

The full officials say that the fact becomes more apparent every day that Guitau is ailing mentally and physically. His condition yesterday was startling in the extreme and forebodes a total finish up before the 30th. A certain sign of physical and mental disintegration is the failure of a person's appetite. Guitau's appetite is falling. He has become taciturn and uncommunicative since lawyer Reed's visit yesterday and spends his entire time stretched on his cot, pondering perhaps, on the intervening days between life and death.

He will surely fall before hanging day, is the opinion of those who see and know him, and the jail officials will have to carry him to the scaffold and prop him up till the fatal drop falls. An object fear has taken possession of him, and the assassin will present a pitiable appearance when the penalty is reached. Some are inclined to think he will go stark mad a few days prior to the event, and present indications surely point in that direction. One thing is certain, and that is Guitau will surely sink into abject fear and become seriously sick or wholly crazy before many days elapse.

A Journalist just from Mississippi says that General Chalmers will be elected to Congress against Manning, in whose district he is running. If he does come back to Congress he will be the most bitter enemy of the Democrats on the floor.

Ex-Senator Padlock has arrived, and it is reported that he is to be made Commissioner of Indian Affairs. Price, the present Commissioner, says he is weary of the office. Padlock is known to be very strong with the administration, and was favorably mentioned in the cabinet. He was very popular in the Senate, and if appointed Commissioner of Indian Affairs would undoubtedly administer the affairs to the satisfaction at least of those who are most affected by Indians. He has had a good deal of personal acquaintance with the Indian tribes and with their relations to the government, and would come to the office well prepared to perform its important duties.

Chief Justice Carter and Judges James and Hagner constituted the court in banc to-day, and rendered a decision upon the last motion filed by Reed in behalf of Guitau. The Chief Justice delivered the decision as follows: In the case of Guitau, the judges who listened to the argument in that case have come to the conclusion that they have exhausted their powers upon it; that they have heard it patiently, fully and fairly and that a re-argument would bring no other conclusion than that already arrived at, and they declined to reopen the case for argument.

Death of Garibaldi, and Other Foreign Items.

BENTON, June 3.—The *Zeitung* draws attention to the growing feeling and hostility to Germans penetrating the highest aristocracy in Russian circles.

LONDON, June 3.—Brennan, Secretary of the Land League, after his release yesterday addressed a large assemblage in Kilkeny, in which he said his real feelings were Gladstone, Bright, Chamberlain and the whole crowd of pseudo humanitarians and renegade Republicans who composed the British cabinet. He hoped that if the 800 suspects were called upon for real sacrifices, they would be ready if necessary, to die for their country. They had seen the Government acknowledge Michael Davitt as a conqueror. Much remained to be done; they must tear up the very roots of landlordism.

ROME, June 3.—The death of Garibaldi produced an intense impression. The session of the Municipal Council adjourned on the arrival of the news, and the performance in the theatres stopped. A great popular demonstration of sorrow will be arranged. The Chamber of Deputies will adjourn. King Humbert sent a dispatch to Menotti Garibaldi, expressing his grief at the death of General Garibaldi, and the loss his family and country has sustained.

The Imprisoned Miners Rescued.

SAN FRANCISCO, June 3.—A Virginia dispatch to-night says six men penetrated the Alta drift with refreshments for the imprisoned miners. All wore ice helmets to enable them to pass a belt of three hundred feet of foul air between the entrance and the end of the drift. The prisoners were found in a comparatively good condition. They had turned the water from the drift into their ice water keg, and when emptied they twisted the end of the compressed air pipe into the barrel, and standing around breathed the air thus cooled as it rose through the water. About midnight all were removed from the drift, whistles along the lode signaling the event. The bodies of Bennett and Callahan, who perished in attempting a rescue by boat, were recovered.

Arrested—Ranged.

NEW YORK, June 3.—Wm. Brockway, alias Edward Spencer, was arrested and placed in Ludlow street jail.

ATLANTA, Ga., June 3.—Wm. Moon sentenced to be hanged yesterday at Carrollton, but who received a respite of 24 hours on an account of an attempt at suicide, was executed to-day.

A Lynching.

CINCINNATI, June 3.—A special from Cincinnatusburg, Ky., says a masked mob of three this morning came by rail from Ashland and took George Ellis out of jail at Cincinnatusburg, took him to Ashland, near the scene of the murder and outrage of Gibbons' girls last December, and hanged him to a sycamore tree. Geo. Ellis was convicted of manslaughter yesterday on indictment for the murder these girls. It was his testimony that convicted Wm. Neal and Ellis (Cobb), who are now in jail in Lexington, Ky., and George Ellis and these two were taken by the river from Cincinnatusburg under military escort last January to escape the mob.

Labor Troubles.

NEW YORK, June 3.—Representatives of Troy Iron Works say orders are so large they cannot fill them. Local manufacturers of nails report immense orders from Pittsburgh and from speculators in consequence of new strikes in the iron regions.

CINCINNATI, June 3.—One brickmaking firm yesterday turned off 40,000 bricks, employing non-union men, and they as well as other firms will run at full capacity next week.

A Des Moines special says brick-makers numbering over three thousand have struck for 25 cents raise of wages. Five hundred employers are not likely to concede the demand.
