Loup City Township Ticket.—Lonis Bechthold, Supervisor; G. H. Gibson, Treasurer; J. A. Alinger, Assessor; W. R. Mellor, Clerk; G. W. Hunter and W. H. Conger, Justices of the Peace; W. D. French and W. P. Reed, Constables.

With Fuller for treasurer none of these banks would be busted with county money in like they did with I. M. Polski as treasurer.

Polski could not tell that the People's State bank was insolvent when he looked at those bank books. He had to take Nichols word for it, and the county lost that \$5000.00.

The trial of H. H. Holmes, the wholesale murderer who has been attracting so much attention through the papers the past two or three months is set for October 28th. The particular charge against him is the murder of Benjamin Pitzel, in the city of Philadelphia, on September 24th, 1894.

Do not adopt the idea that alfalfa can live without water. Most annual plants consume during their growth three hundred times their own weight in water. But alfalfa is a "rustler." Authenticated instances are on record where the roots of this plant have penetrated the soil twenty to thirty feet and in one instance 200 feet.—Nebraska Farmer.

From the present outlook there will soon be another batch of government bonds issued. Late reports from Washington D. C. say that the treasury is in no shape to stand the drain now being made upon it. Neither the customs nor the internal revenue is bringing in the returns which were so confidently predicted by the advocates of the Wilson bill.

Judge Maxwell says that in accepting the populist nomination for supreme judge he does not sacrifice any of his republican principals. Since when did the populist party adopt republican principals? The fact of the matter is Judge Maxwell don't know what he is, and would accept a nomination on any ticket if it would fetch him the office.—Stromsburg News.

F. W. Fuller, the republican candidate for county treasurer is probably the very best man that could be elected for that position in the county. For many years he was a practical book keeper and examined and checked up the books in his father's bank. Under the present deposit system such a man is needed as treasurer. He is so well posted in bank books that he can examine the books and condition of any bank that may be designated to put the county money in, in a very short time.

HEADQUARTERS PEOPLE'S INDEPENDENT PARTY. LINCOLN HOTEL. LINCOLN, NEB. OCT. 1, 1895.

Dear Sir: In the campaign now upon us we must lend all energies to the election of Judge Maxwell. In order to do this, the Committee must have funds. We therefore think it best to request all Populists holding lucrative County offices to contribute at once not less than \$5.00 to the Campaign Fund.

We would be pleased to hear from you at once. Make your return in enclosed envelope to A. H. Weir, Treasurer, Lincoln, Neb. Yours for success,

J. A. Edgerton, Chairman Frank D. Eager, Secy

The above letter was handed to us by one of our pop nominees for county office and who evidently don't believe in that way of campaigning it. Now what on earth does a "simon pure party" like the populist party claims to be, want of \$5.00 from each of its populist office holders. No doubt every populist nominee in the state has received a letter of this kind and if each would respond to them it would make a campaign fund of thousands of dollars. Do they want it to buy votes for a man like Maxwell who is rich and can easily stand the expenses of his own campaign, or do they want it to stuff down in the pockets of some of their leaders.

Will Joe Edgerton as chairman of the populist party please arise and tell us what on earth the party leaders want of this money if it is not for some corrupt purpose. Oh! these pop leaders they are schemers and want to feather their own nest, but little they care for the dear people, if they can succeed in getting their money. The county officers are called on by the state committee to "put up," and the county organization is pleading with the people at every convention or alliance meeting to drop a quarter in the slot and make good the amount.

Louis Rein and Patten, candidate for sheriff on the pop ticket were out electioneering one day last week, and the only qualifications Lou could advance in favor of his man Patten was that he was better looking than R. L. Bissell the nominee on the republican ticket. Now it may be that Patten is the best looking but Bissell is the best qualified for the position and will make the best officer of the two, which is the qualifications we deem necessary in an officer?

When Judge Sinclair took a seat on the bench the clamor for two judges in this district died. He has demonstrated the one judge can handle the business very easily without unduly pushing the cases. He has simply extracted time killing speeches by lawyers from the court room and brought business methods to the aid of the court. Judge Sinclair will be his own successor.—Kearney Sun.

If the NORTHWESTERN had secured a scalp every time that the Times-Independent has charged it with being after one it would have all the scalps that there is in the county except the little wolf scalp that was in the People's State Bank, and that the pop treasurer has got as security for the \$5,000.00 county funds which he deposited therein.

The Times is "wondering how long it will take Bill Fisher to get Conger's scalp?" And Bill is wondering when it was that he made any attempt to get Conger's scalp, and also wondering what it was that set the editor of the Times crazy and when he is liable to recover if ever.

The Lincoln Journal reports that the Nonparil, a paper now published in Council Bluffs, Iowa, will be moved to Omaha. The Nonparil is a straight republican paper. Omaha has been without a republican paper for some time now, and no doubt feels pretty good over the prospects of having one.

The republicans did the right thing in nominating Norval for Supreme Judge. He is the right man in the right place, as his past record shows that a better choice could not have been made.

Reader, did you ever take SIMMONS' LIVER REGULATOR, the "KING OF LIVER MEDICINES?" Everybody needs a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Biliousness, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons' Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons' Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens. Every package has the Red Z Stamp on the wrapper. J. H. Zella & Co., Philadelphia.

### THE WORM TURNED.

An Incident Which Happened in the Pearly Days of Cheyenne.

Any one who knew Cheyenne when it was the terminus of the Union Pacific railroad will admit that it was a hard town, says the New York Sun. There was more cutting and shooting there in a given time than any other Western town could ever boast of, and no doubt most of the blood-letting was a good thing for the community.

In the pearly days of the town I had a business there, and next to me was a Jewclothesier. He came on fresh from New York, knowing nothing of Western ways, and he hadn't got his goods in before he was half scared to death. But for the fact that the boys would have bursted in his shanty, he would have kept the door locked half the time. The toughs soon caught on to the fact that he was a coward, and one after another went in and bulldozed him and had great fun at his expense. I privately advised him to get a gun and wing some of them, but he raised his hands in holy horror and exclaimed: "Great heavens! But I never handle nothing but clothing! I kilt ten thousand dollar to be out of dis!"

His cowardice was pitiful to behold, but a climax was coming! One afternoon a tough called Apache Joe entered the store, having three more toughs with him, and began the usual routine. The Jew begged and entreated, and actually cried, and in his disgust at such conduct Apache Joe kicked him. That kick acted like magic. The Jew sprang forward, grabbed the revolver which Joe had temporarily deposited on the counter, and I heard six shots fired as fast as I could count. Running in, I found Apache Joe and one of his chums kicking their last, while the other two were badly wounded. It took three of us to hold the Jew from further violence. The worm had turned and become a tiger. After he was acquitted by the coroner's jury, of which I was one, he bought a brace of revolvers, began to practice shooting, and in two weeks was known for fifty miles around as "The Dangerous Jew." The most exaggerated stories of his prowess were afloat, and inside of a month he had to build on, hire two clerks and get a new stock. It was the making of him socially, financially and all other ways, and I know that his action assisted very materially to help the law abiders get the upper hand and drive the lawless gangs further on.
