

DEWEY TAKES A WIFE

Hero of Manila Bay Quietly Married to Mrs. Mildred Hazen.

WEDDING ARRANGEMENTS SECRET

Ceremony Performed at the National Capital—Wedding Breakfast Served at the Residence of Mrs. McLean, After Which the Couple Leaves for New York.

WASHINGTON, Nov. 10.—Admiral George Dewey and Mrs. Mildred M. Hazen were married quietly at the rectory of St. Paul's Catholic church in V street near Fifteenth in this city shortly before 10 o'clock yesterday.

The arrangements for the wedding were made with all the secrecy which has attended the whole affair. After procuring the license for the wedding yesterday Lieutenant Caldwell called on Father Mackin of St. Paul's, of which Mrs. Hazen is a communicant, and arranged for the wedding this morning.

At 9:45 this morning two carriages containing the wedding party drove up before the modest red brick rectory in the rear of St. Paul's. The general public had no intimation that the ceremony was to take place and not a single spectator was present as the party alighted.

Admiral Dewey and Lieutenant Caldwell quickly stepped from their carriage and the admiral assisted the bride-elect and her mother and sister from the other carriage. Mrs. Hazen was gowned in a pearl gray silk, over which she wore a long stylish black wrap trimmed with silver fox and lined with lavender silk.

Upon entering the rectory they were ushered into the reception room, where Admiral Dewey was presented to Father Mackin and the two clergymen who were to assist in the ceremony.

FIGURES ON THE ELECTION.

Pluralities for Successful Candidates in a Number of States. Ohio—Plurality for Nash (rep.) for governor, 50,000. Iowa—Plurality for Shaw (rep.) for governor, 60,000. Kentucky—Estimated plurality for Taylor (rep.) for governor, 7,000. Massachusetts—Plurality for Crane (rep.) for governor, 65,000. Pennsylvania—Plurality for Barnett (rep.) for treasurer, 125,000. South Dakota—Estimated plurality for republican supreme court judges, 7,000. New York—Legislature republican by majority of 35,000. New Jersey—Legislature republican by plurality of 8,000. Maryland—Plurality for Smith (dem.) for governor, 11,000. Nebraska—Plurality for Holcomb (fus.) for supreme judge, 15,000.

HOLCOMB'S PLURALITY.

It is Figured Out to Be Not Far From Fifteen Thousand. LINCOLN, Neb., Nov. 10.—Complete returns from counties polling nine-tenths of the vote of the state give Holcomb a plurality of 13,584. These same counties last year gave Poynter a plurality of 2,115 and his total plurality in the state was 2,721. Allowing for the same rate of gain in the remaining counties as Holcomb has made in those reported his plurality will not be very far from 15,000 either way.

Warships Ordered Home. KINGSTON, Jamaica, Nov. 10.—The German consul here received today an intimation that owing to war conditions the German corvettes Stein, Stetsch and Charlotte, now in these waters and due here on Sunday, have been ordered to proceed home immediately. The incident has caused considerable speculation.

Meat 40 Cents a Pound. HAVANA, Nov. 10.—Fernando Capote, mayor of Cardenas, has submitted to Governor General Brooke a scheme to coin Cuban silver and copper into currency, stamped with the heads of the initiators of the revolution. The local papers are again exercised about the price of meat. Last month they say 35,000 head of cattle were imported, but there is no reduction in price. Many of the poor cannot buy meat at all, as a good deal of the meat is sold at 40 cents a pound, while all kinds could be sold at 15 cents a pound.

KENTUCKY YET IN DOUBT.

The Votes Will Have to Be Canvassed for Results.

FRANKFORT, Ky., Nov. 10.—The county returning boards met in all the counties today to canvass the returns, and until then the result of Tuesday's election will be in doubt. Both sides are charging fraud.

Governor Bradley is being telegraphed by hundreds of republicans offering to come to the state capital to prevent Taylor being counted out.

Chairman Young of the democratic state central committee charges the republicans with attempting to perpetrate fraud in the mountain districts, where the heavy republican vote lies. Young says the official county by county returning boards today will give Goebel over 4,000. He also says all minor candidates on the state ticket win, though by less pluralities than Goebel.

Senator Goebel received the following telegram tonight: "Hon. William Goebel, Frankfort, Ky.: Have just learned that returns are enough complete to insure your election. Congratulations. I am sure your administration will strengthen the party. W. J. BRYAN."

CLAIMS AND COUNTER CLAIMS.

Likely to Be a Contest in the Kentucky Election.

LOUISVILLE, Nov. 10.—A confusion of claims and counter claims, to quiet which the official count or perhaps a contest before the legislature, is all that is left of Tuesday's election. Above it all vehement cries of fraud, committed or contemplated, are heard. Each side claims the election of its ticket by a plurality of about 4,000 and present figures to back up the claims. These figures in some counties vary widely and it is impossible to tell which side, if either, has accurate returns.

Chairman Long, of the republican campaign committee, when asked for an estimate of the vote on the gubernatorial race, said:

"I have no estimate to give, but I can furnish the actual figures. On the face of the returns Taylor's plurality is 4,136. All of the precincts have been heard from. Twelve counties are not official, including the returns from Kenton and Brent."

DEMOCRATIC CLAIMS IN OHIO.

It is That Their Lieutenant Governor Has Been Elected.

COLUMBUS, O., Nov. 10.—A flurry was created in political circles today by the claims of the democratic state committee that Patrick (dem.) had been elected lieutenant governor over Caldwell (rep.). The returns show that Caldwell had been out heavily as the result of the fight made against him by the Anti-Saloon league, but the republican committee had not given the matter any serious attention. Today, however, county chairmen were asked for the vote on lieutenant governor. Last night returns had been received from seventy counties, which gave Caldwell a plurality of 8,278. The remaining counties gave Nash a plurality of 12,166, and as they are strongly republican Chairman Dick claims the election of Caldwell with the greatest confidence. It is claimed Caldwell's plurality over Patrick will not be less than 5,000. Revised figures on the head of the ticket show that Nash's plurality is 50,512.

Altgeld on the Elections.

SIoux CITY, Ia., Nov. 10.—Ex-Governor Altgeld of Illinois spent yesterday in Sioux City and last night lectured at the opera house under the auspices of the local Trades and Labor assembly. Mr. Altgeld was asked to express an opinion on the recent elections. He said of course it is to be understood he is more than pleased with the showing of the fusionists in Nebraska. So far as South Dakota is concerned he expresses no apprehension as to the situation with his party in that state, even though it has gone republican this time. Mr. Altgeld says the fact that the republicans got a majority at all is because the democrats and populists did not go to the polls. He says the voting was done by the republicans in the towns and cities and the followers of Bryan in the rural districts did not take enough interest in the election to go to the polls.

Jones and the Philippines.

TOLEDO, O., Nov. 10.—Mayor Jones today issued a signed statement, in which he denies that he had said, "If my race has in any way contributed to the success of John R. McLean and a rebuke to the infamous policy of the administration, I feel it has not been in vain." Mayor Jones then says of imperialism:

"I believe the non-partisan vote of Ohio may be recorded as favoring a Christian policy toward the Philippines. Personally, I believe the Philippines have a right to be free as well as the Americans, and I have frankly said so whenever the question was raised, but I have no thought whatever of trying to represent any other man as believing as I do. I want all men to be free to speak for themselves."

Iowa Returns All In.

DES MOINES, Nov. 10.—The last of the Iowa counties were heard from yesterday. The complete figures give Governor Shaw a plurality of 55,500. Shaw's plurality two years ago was 29,866, while this year it will be almost twice that figure. The democratic party was victorious this year in fourteen out of ninety-nine counties in Iowa. Two years ago Fred E. White carried twenty-one counties in the state.

Over 100,000 Plurality.

PHILADELPHIA, Nov. 10.—Complete figures from every county in the state, nearly all of the unofficial findings of the official returns, show that the plurality of Barnett (rep.) for state treasurer over Creasy (dem.) is 106,315. The full vote was Barnett (rep.), 430,790; Creasy (dem.), 330,573; Caldwell (pro.), 10,863; total vote, 784,226, a slight increase over the vote for state treasurer in 1897 and 185,941 less than the vote for governor last year.

JUMPS FROM MOVING TRAIN.

A Fit of Insanity Seizes a Burlington Passenger.

HASTINGS, Neb., Nov. 13.—F. G. Larned of Poland, N. Y., a passenger on No. 1 westbound Burlington passenger train, became suddenly insane and plunged through one of the car windows while the train was speeding along over the prairie between Harvard and Saronville at the rate of fifty miles an hour. Mr. Larned was on his way to Haigler, Neb., accompanied by his wife and little son, where, with a brother, W. H. Larned, he is interested in raising sheep and also in the Empire Loan and Trust company. He was apparently enjoying his usual health and there had been nothing in his actions to give the slightest presumption of an unbalanced mind. Mr. Larned and his family were traveling in a chair car. He had just wrapped his wife's cloak about her and started to walk down the aisle when he gave a scream and made a dash for one of the windows. He went through the double window head first before any of the other passengers could stop him. The train was stopped and ran back to where he lay at the foot of a fifteen foot embankment. He was unconscious and bleeding from cuts about the head caused by the broken glass. The injured man was picked up and brought back to this city and is at the Lepin hotel under the care of the Burlington company's physician, Dr. Artz. He is badly injured about the head and one of his shoulders is dislocated.

Big University Attendance.

LINCOLN, Neb., Nov. 13.—A half score of years ago, almost to a day, Dr. Charles E. Bessey, then as now acting chancellor of the university of Nebraska, announced in the chapel with a great deal of pride that the total enrollment of the university had reached the unprecedented figure of 500. This includes those students who are commonly known as "preps," musical students, art students and all. It was a proud day for the university and the little body of students that were gathered in the chapel let loose the university yell with wild enthusiasm. Yesterday the acting chancellor announced that the new students admitted this fall numbered 600. This indicates the rapid growth of the university and predicts an attendance close to 2,100.

The language department of the state university has an exceedingly large enrollment this year. Prof. Edgren, head of romance languages, has about 300 students, more than ever before. Prof. Fossler, head of Germanic languages, has 629 enrolled, which is also larger than in the past years. The new law library of the university is a great advantage to the law students.

Inspects Kearney High School.

KEARNEY, Neb., Nov. 13.—Prof. J. W. Crabtree, inspector of high schools for the university of Nebraska, visited the Kearney high school and spent a couple of days inspecting the work and general conditions of the school. He reports the school as being of the most efficient character. Speaking of the discipline he said: "I find in your high school the best order of any in the state." The high school cadets appeared in their new uniform for the first time and presented a very fine appearance. The suits are of a cadet gray color, trimmed with black braid. The company numbers forty-five. The young ladies of the school also have a company and will soon appear in uniform.

The Price of Coal.

OMAHA, Neb., Nov. 13.—Railway men say that coal will probably take on a raise about November 15, for on that date the freight rates from the east will increase. For several months past, the rate from Chicago to the Missouri river, on both hard and soft coal, has been \$2 per ton. After November 15 it will be \$2.50 on hard coal, and \$2.25 on soft coal. While much of the coal comes from points nearer than Chicago, yet the effect will be much the same as for price, since the demand is up to the limit of supply.

Accident in an Elevator.

COLUMBUS, Neb., Nov. 13.—A fatal accident was narrowly averted in the grocery store of H. Regatz & Co. Geo. Schwarz, a clerk, was on the elevator which was heavily loaded with goods. Just as the elevator reached the top floor the machinery gave way and the elevator crashed into the basement with the heavy load. Schwarz's leg was broken and he was otherwise injured. His escape from death was as narrow as it was fortunate.

Child Identifies Assailant.

FREMONT, Neb., Nov. 13.—The preliminary examination of William Jordan on the charge of criminally assaulting Emie Lawson, a 6-year-old girl residing four miles west of Fremont, was held before County Judge Wintersteen. The child and others identified the defendant and he was bound over for trial to the district court and in default of bonds was committed to jail.

Draught of Alcohol is Fatal.

GRAND ISLAND, Neb., Nov. 13.—Word was received here from St. Paul of the death of Charles E. Hill from an overdose of alcohol. He was found dead in a cornfield by two companions, who say they let him have the alcohol to quench his thirst. He drank it voluntarily. Three years ago his father perished in a storm east of St. Paul.

Paying Premiums in Full.

BEATRICE, Neb., Nov. 13.—The Gage county agricultural society is winding up its year's business by paying off the premiums, all of which are being paid in full. The meeting this year was such a success that the members are hopeful of being able to continue the society and increase its advantages from year to year. The last meeting was an expensive one, owing to the necessity of extra expenses arising from various causes. The speed ring cost \$1,200, the premiums amounted to \$1,200 and incidental expenses to \$1,000, making \$3,200.

Returns on Regents.

LINCOLN, Neb., Nov. 13.—No returns are yet in on regents, and accurate figures on this will hardly be available until the canvass is made. But two counties—Hamilton and Thayer—have sent in returns to the secretary of state, and as these are sealed and directed to the state canvassing board, the meeting of that board must be awaited for information as to the contents.

Analysis of Nebraska Coal.

LINCOLN, Neb., Nov. 13.—The discovery of coal in Dakota county has been the cause of considerable correspondence by the governor's office. The sample was sent to Prof. Nicholson for analysis and the following shows the result: Hon. W. A. Poynter, Lincoln, Neb.—Dear Sir: Referring to your letter of recent date transmitting sample of coal found in Dakota county, requesting analysis of same, I herewith hand you copy of analysis, together with statement of analysis of a good quality of soft coal for the purpose of comparison.

Bryan Plans for a Rest.

LINCOLN, Neb., Nov. 13.—Mr. Bryan in talking of his plans for the future, said that he would this week go on a hunting trip to Colonel Wetmore's park in Southwest Missouri, and from there he would go to Texas with Mrs. Bryan. She will spend most of the winter there for the benefit of the health of their youngest child.

HOW TO GET THEIR PAY.

Exposition Employees Ask Directors to Turn Over All to Them.

OMAHA, Neb., Nov. 10.—About sixty of the unpaid employees of the exposition met at Labor Temple and Attorney Yeiser told them he found the balance due the exposition from the wrecking company that ought the buildings was not likely to prove more than \$10,000, and was not payable until April. However, the exposition directors were considering a request to turn over everything due them from any source to the trustee for the employees, and would act upon it soon.

Superintendent Rustin, the trustee, was about removing to Buffalo and asked to suggest a name for a successor, at the next meeting of the employees, Saturday night.

Mr. Yeiser believed Attorney Mahoney, representing some of the employees, had no idea of going to a bankruptcy court, but that he and his clients would join with Mr. Yeiser and his clients.

Tracklaying on the Burlington.

LINCOLN, Neb., Nov. 10.—Tracklaying on the Burlington extension from Alliance, which is being built to Hartville, Wyo., and to Brush, Colo., has been delayed since October 10, by the graders. The grade south of Angola, the new station recently opened at the top of the divide twenty miles south of Alliance, had not been completed and the construction train could proceed no further until the work was in a more finished condition. It is understood that within a few days the work of track laying will again begin and be pushed along as rapidly as possible. Reports indicate that no more waiting on graders will be necessary, as much of the grade south of the divide is already completed and ready for the steel. Some of the bridge work is being done ahead of the tracklaying and the graders are well along with roadbed building far out toward the state line. With good weather the state line can be reached by January 1st.

New depots and buildings required for railroad use will be placed at the new stations opened as rapidly as possible. At present three stations on the new extensions started this season are served with temporary depots. They are Comstock, Sargent and Angola.

Arrested for Selling Butterine.

LINCOLN, Neb., Nov. 10.—J. C. Douthett, alias Daugherty, was arrested before United States Court Commissioner Billingsley yesterday on the charge of selling butterine without the article being stamped. Douthett had analyzed. It proved to be butyric Health Officer Rohde and Officer Malone, who have been watching his operations for some time. The officers got a sample of the product sold and had it analyzed. It proved to be butterine. A number of cases have come to light since the arrest was made that convince the officers that he had made a practice of purchasing the stuff, removing the stamps from the packages and selling it in the city for country butter. When arraigned he pleaded not guilty and asked for a continuance. This was granted and Douthett gave bail for his appearance in court.

Death of Nebraska Pioneer.

WEEPING WATER, Neb., Nov. 9.—Mrs. Harriet Bringman died at the home of her daughter, Mrs. A. L. Timblin, in Nebraska City. The remains were taken to Louisville, Neb., and buried there. Mrs. Bringman came to this country in 1857 with her husband. They first settled in Plattsmouth, but afterward moved to a farm near Cedar creek, and later to Louisville, where Mr. Bringman died about ten years ago, since which time Mrs. Bringman has made her home with Mr. and Mrs. A. L. Timblin, in this city. Until last fall, when they moved to Nebraska City, Mrs. Bringman was about sixty-nine years of age.

Freight Depot Burned.

HASTINGS, Neb., Nov. 10.—The St. Joseph and Grand Island railroad freight depot at this point was destroyed by fire between 5 and 6 o'clock. The fire evidently started from sparks from the engine attached to the early morning train, and when the fire had made such headway that it was impossible to save the building or its contents. Fortunately, there was little freight in the building at the time, aside from a carload of glass fruit jars belonging to the Hastings Grocery company, the loss of which is about \$300. The loss on the building is about \$1,500.

Large Order for New Cars.

OMAHA, Neb., Nov. 10.—The Illinois Central has just placed one of the largest orders for new passenger coaches of any road during the present year. The new equipment is made necessary by reason of the opening of the new direct line between Chicago and Omaha via the extension from Fort Dodge, Ia. The equipment is contracted to be ready for delivery by January 1, 1900, at which time Illinois Central expects to have its passenger service into Omaha in operation.

Trouble Ahead.

OMAHA, Neb., Nov. 8.—An immense amount of trouble will probably come over the settlement of the claims of the creditors of the exposition. Suit will probably be brought against the stockholders individually on the ground that the corporation laws were not obeyed and that each one is liable as an ordinary partnership.

Union Pacific Improvements.

COLUMBUS, Neb., Nov. 10.—The Union Pacific railroad has begun the big task of replacing all bridges on the Albia branch with iron bridges. A gang of workmen started on the work the other day. As large a force as can be used to advantage will be kept at work and the work will be pushed forward with the greatest possible speed. The railroad people are anxious to complete the work inside of four months. The improvements will aggregate a large amount of money and will be a great improvement to the road.
