Spring Seeds

The man who, apparently, sowed lettuce and reaped sun-flowers, did not do his trading at OUR store.

We apply the same principle to the sale of our seeds as you do to your sowing—whatever we sow, that we also wish to reap. For on the reaping depends your future confidence in us. All our seeds are clean and carefully selected from the finest stocks in the country. You can absolutely rely on their exceptionally fine quality.

We carry a great variety, but if we have not what you want, we will get it for you. Come and inspect our stock.

On the present valuation this, however, will provide a small sum each year for a sinking fund to pay the principal. This one mill tax would not be a burden to any one. If your property is worth \$2,000 and is assessed at \$400, the bonds will cost you forty cents a year; if worth \$3,000 your share of the tax will be sixty cents.

Mr. Frank H. Leonard, C. S. B., of Brooklyn, N. Y., will deliver a free lecture on Christian Science at the Keith theatre Friday, March 24th, at 8:30 p. m. While there are thousands testifying to its beneficent influence on their lives, there are many misconceptions and misapprehensions regarding the teaching of Christian Science. It is largely the purpose of this lecture to correct erroneous impressions and present the true conception of Christian Science.

The lamented Edward Rosewater founded the first scholarship award for students of the Omaha schools. He bequeathed the sum of \$10,000 to the school district of Omaha, the income \$500 annually, to be awarded from time to time to the sons of Omaha mechanics graduating from Omaha's high school and wishing to pursue a higher course in technology. It is only in well deserved appreciation, therefore, that the authorities of the school district of Omaha have named the new Forest school building, a structure recently completed at a cost of \$115,000, after the highly esteemed newspaper man whose name wherever mentioned by an Omahan, is mentioned in a tone indicating something more than mere respect. Those of Nebraska's news paper men who knew Edward Rosewater personally will be pleased over this action of the Omaha school authorities.
