ESTABLISHED 1882. THE OFFICIAL PAPER OF CUSTER COUNTY. LARGEST CIRCULATION OF ANY PAPER IN THE COUNTY.

NO. 42.

You May See

—out on the world in a new way with my glasses.
What you HAVE seen may be only a hint of what you MAY see.
"Seeing a thing with your own eyes" is not always conclusive evidence that you see correctly.
You see through the window, but the glass may be imperfect or the window soiled.
You see with your eyes, but their refractive power may be faulty; thus you see but half what you might with properly adjusted glasses—my kind.
My business is to remedy eye defects which if neglected may prove serious.
