On account of the blustering state of the weather, the fair which was to have been held at Arapahoe last week, was postponed until Friday and Saturday, October 12th and 13th.
The frequenters of the depot witnessed an amusing, but futile, attempt by a tardy passenger to out-wind No. 81, Friday. But Archibald moved out a little too rapidly for him.
Daring feats of horsemanship were exhibited on the streets, Monday, by some "wild cowboys," whose ability to ride was not impaired by the quantity of "tangle foot" they had taken.
McCook experienced a little flour famine, last week, both groceries being entirely out. But, we are informed, there is a goodly stock of that very necessary article on hand now.

Mr. Sharp is an artist in his line, and will shave to the satisfaction of the public. He will remove his family here in a few days, and will make McCook his home.
The subject of Rev. Dungan of the Congregational church, Sunday evening, was: "Shall McCook have a saloon?" The reverend gentleman felt it to be his duty as a minister of the gospel to present this important question for the careful consideration of the good people of our orderly little city. He dwelt upon, at considerable length, whether our people want a saloon or not, do our merchants, and others want it, will it be productive of good, good order, etc.

W. H. Hayden spent a short time in the city, the first of the week, looking after his business interests here.
Sunday School will hereafter be held at 10:30, and services at 11:30, in the morning. Evening services at 7:30.

Mr. A. Vincent, of Taylor county, Iowa, has purchased the cattle ranges and cattle of Mr. Keith and his son-in-law, Mr. Hoge, on Red Willow creek. Mr. Vincent is a young man with the appearances of energy and push, and he will be a valuable acquisition to Red Willow county.
The attendance of Odd Fellows at the B. & M. Pharmacy, Thursday evening, was not so large as was wished. After discussing the feasibility of establishing a lodge, the meeting authorized Dr. Johnson to get the signatures of such persons who would go into a lodge as charter members, and adjourned to meet again at call.
Mr. C. L. Nettleton has sufficient cause to look with pleasure over the advancement of school matters in Red Willow County since he first was elected Superintendent. The school population has increased four fold and the School Districts from sixteen to thirty-eight. We hope that Mr. Nettleton will prepare a detailed statement for publication.
Friday will long be remembered by our citizens as being one of the most disagreeable, dusty, windy days of the year. The wind blew a perfect gale, and real estate was on the move all day. The dilapidated appearance of numerous fences, out-buildings and chicken yards attest the stiffness of the breeze. No. 39 was three and half hours late, breasting the storm.
We learn from the Omaha Herald that the B. & M. railway has just let the contract for twenty miles more of their Kenesaw cut-off, which will carry the line twenty miles beyond Minden, the county seat of Kearney county, to which point grading is now in progress and track-laying will soon be commenced.
This is a fair indication that the road will be continued until it connects with the main line west of Red Cloud, and bring McCook several hours nearer Chicago.
W. F. Wallace of our city, chairman of the board of directors of the State Band Association has been in correspondence with the several members of the board, with reference to the preparation of a uniform text book, and the annual band tournament which it is proposed to hold. There is a feeling favorable to both, and it is expected that the board will meet at an early date to arrange for the preparation and publication of the book, and also to decide upon the place of holding the first tournament. We rise to nominate McCook, as the prettiest and best point in the state for the meeting.
The Bridge.
Mr. George Hocknell returned from Lincoln on Wednesday, and brought with him a communication from R. O. Phillips that the Railroad Company would transport the material for the McCook bridge free. Also that the company would give the right of way through their land south of town, on the condition that if at the expiration of seven years, the land is needed by the R. R. Company, they propose to move the bridge to the east section line at their own cost. As the condition can make no difference to the people of McCook, the proposition will most likely be accepted, and work commenced at once. This will be good news for the people south of the river.

A Pleasant Surprise.
One of the most pleasant events of the year in the social world of McCook was a surprise party given to Mrs. S. L. Green on Monday evening. The doctor was in the scheme, and, not being a woman, he kept the secret well; and when the neighbors and friends of Mrs. Green appeared, her surprise was complete. The evening was passed very pleasantly, and, dancing being inaugurated, it was kept up till a late hour. Refreshments were served, and their excellence was fully attested by the manner in which they were enjoyed.
Among those present your society reporter noted the following: Mr. and Mrs. Wallace, Mr. and Mrs. A. Campbell, Dr. and Mrs. L. Lee Johnson, Mr. and Mrs. W. W. Fisher, Mr. and Mrs. C. F. Babcock, Mr. and Mrs. T. B. Babcock, Mrs. George E. Hays, Mr. and Mrs. V. Franklin, Mr. and Mrs. J. F. Kenyon, Mrs. Meserve, Miss Broderrick, Miss Vaughn, Miss Jennie Fisher, and Messrs. G. M. Chenery and J. F. Forbes.
Incorporate.
A disposition to incorporate McCook has been growing among our business men for some months, and the time has now come for them to act. The advantages of incorporation are many, and we shall not attempt to enter into particulars. The County Commissioners meet in Indianola on the 6th of October, and if McCook is to be incorporated this fall, the petition should be presented at that time. Let some one interested in the prosperity of our city prepare a petition, and in half a day he can have the requisite number of signatures. Act at once.

Our County Fair.
The premiums offered by the managers of our county fair are very liberal and should bring out a good exhibit. But even if there were no premiums offered the producers and stockmen of Red Willow should take sufficient interest in the fair to make it a success by exhibiting the best productions of their farms or herds. It is to be hoped that this view will be taken by the people of the county, and the fair be made a success in every particular.
