School Land Leasing.
The Commissioner of Public Lands and Buildings will offer about 50,000 acres of school land for lease at public auction at Valentine, at the county treasurer's office, beginning at 9 a.m., September 18, 1900, under the following provision of the new school land law:

"If, after using due diligence to lease said land, at an annual rental of six per cent upon the appraised valuation, the commissioner is unable to do so, he may offer the same for lease at less than the appraised valuation and lease it to the person or persons who will pay six per cent on the highest offered valuation, as annual rental, if, in his judgment, it is to the best interests of the state to accept such bid."

Persons desiring to examine the lands to be leased may secure lists of the same, showing the present appraisement thereof, as well as any other information, upon application to the County Treasurer or by addressing the Commissioner at Lincoln. At the beginning of the auction, the commissioner will gladly answer all inquiries in regard to the school land business or the workings of the new law.

The list of lands above referred to will be found on page 5 of this paper.

I save you 20 to 50 per cent. on your insurance and write in the best mutual companies of the state. I. M. RICE, Agent.
