

# SUPPLEMENT TO

# THE VALENTINE DEMOCRAT

VALENTINE, NEBRASKA, FRIDAY, NOVEMBER 2, 1900.

### POPULATION OF AMERICAN CITIES.

The census returns already show that the population of the United States will be about 80 millions. The list of the thirty largest cities and their population is as follows:

Greater New York	3,437,262
Chicago	1,698,575
Philadelphia	1,293,697
St. Louis	575,238
Boston	560,892
Baltimore	508,957
Cleveland	381,768
Buffalo	352,218
San Francisco	342,762
Cincinnati	325,902
Pittsburg	321,616
New Orleans	287,104
Detroit	282,704
Milwaukee	285,318
Washington	278,718
Newark	246,070
Jersey City	206,432
Louisville	204,781
Minneapolis	202,718
Providence	175,597
Indianapolis	169,154
Kansas City	163,752
St. Paul	163,632
Rochester	162,435
Denver	133,859
Toledo	131,822
Allegheny	129,396
Columbus	125,560
Omaha	102,555
Total	13,243,515

MAIN COLLEGE BUILDINGS AND GROUNDS.

The building is located on a beautiful campus of five acres, just north of the city, and three-fourths of a mile from the depot, having good walks leading to it. The ladies' dormitory is on the block adjoining the campus. The college building is built of brick and finished in poplar. It has four floors. The first floor contains the Music rooms, Shorthand and Typewriting rooms, and rooms for a family. The second floor contains the president's office, secretary's office, four large recitation rooms, library and cloak room. The third floor contains the chapel, commercial room and a cloak room. The chapel and commercial rooms are connected with large sliding doors. The seating capacity is 650. The fourth floor contains six large recitation rooms. The entire four floors are heated with steam. The building is furnished throughout with appropriate furniture and apparatus. The commercial room is 30 by 50 feet; it is supplied with chairs and tables, and surrounded with blackboards four feet wide. The science room is arranged to meet the demand for practical science teaching. This room is supplied with the best of apparatus, consisting of a full supply of anatomical charts, philosophical apparatus, chemical apparatus and chemicals, skeleton, geological specimens, botanical specimens, etc. Students are given a thorough drill in the use of apparatus in illustrating the various subjects studied. The library room is fitted with shelves, tables, desks and chairs. The library is open from 6 a. m. to 9 p. m. All books and stationery that students wish to buy can be secured at reduced rates. Books may be rented.

We have one of the best and most convenient buildings for educational purposes of any institution. Each room is planned for a special purpose and is furnished with the best of furniture and apparatus for that purpose.

## Nebraska Normal College,

WAYNE, NEBRASKA.

J. M. PILE, President. CELIA M. CHASE, Secretary.

A school where young men and women can begin and complete an education.

### CALENDAR FOR 1901-1902

Fall term	1st Winter term	2nd Winter term	Spring term	Summer term
Sept 2	November 11	January 21	April 1	June 10
Sept 1	November 10	January 20	March 31	June 9

### EXPENSES WHEN PAID IN ADVANCE.

Tuition, board and furnished room for a term (10 weeks), \$31.50.  
 Tuition, board and furnished room for two terms (20 weeks), \$60.  
 Tuition, board and furnished room for three terms (30 weeks), \$85.  
 Tuition, board and furnished room for four terms (40 weeks), \$105.  
 Tuition, board and furnished room for a year (50 weeks), \$125.  
 Tuition, board and furnished room for a year, with two private lessons in music, \$150. No charge for other departments.  
 Tuition for a term is \$10 in all regular departments.  
 In Music, Elocution and Shorthand the tuition is \$15 per term, which admits students to other departments without extra charge. Board and room in

private families is from \$2 to \$2.50 per week. Forty dollars in advance pays tuition for one year. Sixty dollars in advance pays tuition in conservatory one year. A term is ten weeks from date of entrance. Students can enter at any time.

Students who have paid the regular tuition of \$10 can have 20 lessons in music or a term in shorthand by paying \$5 extra tuition, thus making music lessons cost only 25 cents.

In order to get these reduced rates, the amount must be paid in not less than ten days after enrollment.

LADIES' NEW DORMITORY.

As will be seen by the above cut, our new Dormitory is a splendid building. The rooms are large, well lighted, and heated with hot water. The building is furnished throughout with new furniture. There is no extra charge to those who room in this building except 25 cents per week from the 15th of October until the 15th of April to pay for the heating. Students who room in other buildings buy their own fuel.

The gentlemen's dormitory, Gray Cottage and Nettleton Hall are all on the adjoining blocks to the campus. In addition to these buildings there are a number of good private boarding houses within three blocks of the College. Many of our best families take some boarders. No one need fear that they cannot secure good accommodations.

Dormitory rooms are large and well lighted. Two students occupy one room. Each room has a closet and is furnished with stove, table, washstand, bowl, pitcher, lamp, bed and bedding. Everything is furnished except fuel, light and towels. Each student deposits \$1 on taking a room; this is returned when the key to the room is returned to the matron and breakage, if any, is replaced or repaired. Many rooms in good families are rented to students.

Our next term opens November 12.

### REGULAR COURSES OF STUDY.

Common School, Teachers', Scientific, Classical, Mathematical, Special Science, Elocution, Business, Music Penmanship, Art, Shorthand, Typewriting. See outline of course on other pages.

### SPECIAL COURSES OF STUDY.

The following courses of study are arranged for each term: 1—For those preparing to teach. 1—For those desiring a Second Grade Certificate. 3—For those desiring a First Grade Certificate. 4—For those desiring a State Certificate. 5—Business course for teachers. 6—Literary course for teachers. 7—Didactic and Kindergarten. 8—Elocution course for teachers. 9—Music course for teachers. 10—Course in Physical Culture.

Review classes in all common branches are organized each term.

### MORE THAN 1,000 YOUNG MEN AND WOMEN

were preparing themselves for life work last year in the Nebraska Normal College (45 miles from Sioux City.) A healthier, happier, busier lot of students could not be found. These three characteristics—health, happiness and work—have been marked features of the College since its organization nine years ago.

Every line of Educational Work—Preparatory, Business, Teachers', Scientific, Classic, Music, Shorthand, Drawing—has its special department, special teachers and special facilities.

Students can enter at any time and find classes to suit them, from reading in ordinary school books through classics. No entrance examinations are required and satisfaction is guaranteed.

### WHAT TO DO ON ARRIVING IN WAYNE.

Come directly to the College. The secretary will be found ready to wait on you. Do not give your trunk check to anyone. Bring it with you to the office and the secretary will have your trunk sent to your room. The president will assist you in arranging your studies, give you an enrollment card and show you to your classes.

Those wishing to attend college who have not the ready money, should write us. We try to accommodate all who are trying to secure an education. Teachers who have School Orders and wish to attend college should write us. We may be able to help you.

For further information of the work of the Nebraska Normal College, write us, stating the kind of work wanted. Address, J. M. PILE, A. M., President.

### WHERE WAYNE IS LOCATED.

WAYNE, the county seat of Wayne county is situated on the Chicago, St. Paul, Minneapolis & Omaha Railroad, 45 miles from Sioux City, 28 from Norfolk, and 115 from Omaha. The city has a population of 2,500, beautifully situated in the Logan Valley. The site is rolling, and the drainage is natural and perfect. For health the city cannot be excelled anywhere. The society is excellent. The intellectual and moral culture of our citizens exert a good influence upon all who come here. The churches throw open their doors in cordial invitation to the students. Pleasant and profitable recreation may be had by students in companionship of friends made in the homes and churches of our citizens. Wayne has four banks, three newspapers, a large opera house, waterworks, telephone exchange, electric lights and various other improvements which space forbids mentioning. Persons wishing to locate in Wayne or to know more of Wayne should write to the President of the College.

### REASONS WHY WAYNE IS UNSURPASSED AS A COLLEGE CITY.

Because no city in the west affords a better place in which to live and enjoy the advantages of an educational and religious community.  
 Because the cleanliness and general beauty of the city can hardly be equalled anywhere. The air is pure, water plenty and perfect.  
 Because students can live here on less money than would be required in

larger cities.

Because the city, being free from haunts of vice and crime, students are kept from opportunities to vice found in larger cities.

Because there is less to distract the attention of students from their work than is found in larger cities; therefore more rapid advancement will be made.

Because the locality is very healthy. There has not been a seriously sick student at the college for seven years.

### SOME SPECIAL FEATURES OF THE NEBRASKA NORMAL COLLEGE.

1. The moral and religious interest of each student is carefully guarded.
2. The college is strictly non-sectarian, but is thoroughly religious.
3. The College is well supplied with apparatus in its various departments.
4. The citizens are obliging to the students, giving every possible aid to the College.
5. Lectures, free to the students, are given each term. The leading professional and business men are secured for these lectures.
6. Students find the teachers ever ready to give personal attention and counsel in everything pertaining to their welfare.
7. The courses of study embrace such studies as are necessary in practical life. The students have the privilege of selecting their own studies.
8. Students can complete a course of study without remaining consecutive terms or consecutive years. There are no vacations.
9. Students are not required to take a regular course of study. They select the studies they prefer, unless the President is otherwise advised by parents.
10. The College is open to all—backward and advanced. Students' standing is determined by their character and their work as students.
11. Lady students find in the Matron of the College a personal friend. Parents are assured that their daughters have pleasant homes and the most careful attention.
12. The classes are so sectioned that students may enter at any time, take up a subject where they wish and advance as rapidly as they desire. No one is held back on account of others.
13. The teachers in the College are men and women of excellent scholarship and successful experience, who devote all their time to teaching and labor earnestly for the advancement of each student's interest.
14. Each teacher has certain hours of the day set aside to assist students who need assistance in preparing lessons or to catch up with the classes. No charge is made for this individual instruction.
15. Each student is the object of especial study of the president and teachers. At the faculty meeting, which is held every Monday evening, the work of each student is discussed in detail. The students' standing is compared and methods of helping them develop their work in the best way are discussed.

### WHO SHOULD ATTEND THE NORMAL COLLEGE.

1. Teachers and those preparing to teach.
  2. All young men and women who want a thorough, practical business education.
  3. All who wish to make a specialty of mathematics, language, science, elocution or review of common branches.
  4. All who wish to learn shorthand and typewriting in the shortest time.
  5. All who wish to study music, painting, sketching, etc.
  6. All who wish to become good writers and teachers of penmanship.
  7. All who wish to attend an institution where all studies are elective, work thorough and practical, and where each teacher is a specialist.
  8. All who wish to attend an institution that provides special classes for young men and women who have not the time nor money to enter regular courses of study, but want special work on special subjects.
  9. All who wish to attend an institution that employs usefully every minute of their time, and one that will lay for the student the foundation for habits of industry, economy, self-control, perseverance and application; the one that helps to build a well rounded, well balanced character.
- Consider the superior advantages offered by the Normal College when you think of attending school.

A VIEW OF THE NORTH END OF THE DINING ROOM.

The Dining Hall, 1030x60 ft. will accommodate 160 persons. Students may board at the College Dining halls for \$1.65 per week, or \$16.50 by the term of ten weeks when paid in advance for the term. Good board is furnished. The faculty board with the students. Mrs. Pile, with trained assistants, has charge of the boarding department. Students select their own boarding places. Many of our citizens furnish board at most reasonable rates. Students who room at the dormitories board at the College dining halls.

### THE FACULTY.

No institution has a stronger faculty than the one found directing the work of students in the Nebraska Normal College. Each member of the faculty is a graduate of some well known normal school or college, and has been selected on account of recognized ability, thorough education, successful experience and strong character. Each one is a specialist and a true leader of men and women.

President J. M. Pile and Mrs. Pile have spent 12 years in Nebraska where they are most favorably known to thousands of teachers and students. Prof. F. M. Gregg comes from the great normal school at Ada, Ohio, and has had ten years' successful experience. Prof. J. R. Gibbons is a normal school graduate, also a graduate of Gem City Business College, and his experience covers superintending and teaching in both public and normal schools. As a director and teacher of music Miss Stewart is known throughout the west, where many of her graduates are leading teachers in music. She has spent five years with us. Miss Chase's experience in teaching covers several years in public schools and three in the Normal school. She is a most successful teacher in all branches while her special subjects are Geography, Literature, and General History. As teacher in the grades, as teacher in the College, Mrs. Wallis is a superior teacher and principal. Her special line of work is elocution and kindred subjects. Miss Baker is a graduate of Simpson College and as had several years successful experience in teaching Latin, German and Rhetoric in College and University. As an instructor in these branches she is a recognized leader. Mrs. C. H. Bright is remembered by hundreds of former students as one of the ablest teachers in the state. She has taught in the College seven years. Geo. L. Cook is well known to hundreds of his students as the public as a very successful teacher of the violin and other stringed instruments. But few teachers have been more successful in primary or than Miss Batchelor. She is a progressive teacher who knows the needs of the teachers and those preparing to teach.
