SALE CLOSES MARCH 2ND.

When this firm contemplated entering the clothing business we took into consideration every phase of the clothing situation. We decided that a store that would show nothing but NEW MERCHANDISE each season must win out. We knew that it was a radical departure—that in the selling out of each season's merchandise during that season would entail considerable loss. Yet we felt that what we lost at the end of each season would be more than made up by the prestige given an exclusive men's store showing nothing but new merchandise each season. We resolved to gain that prestige at any cost. These season end sales are the result of that resolution. They have been successful beyond our expectations. Each sale has resulted in a thorough clean up. What few garments that have remained after the close of each season have been withdrawn from stock and disposed of to outsiders. This sale is one of the most successful we have yet held. It has been in force for the past three weeks. It covers practically every department. Many of the lines are about exhausted and it will be but a short time until all must be withdrawn from sale. Therefore we advise you to come at your earliest convenience. The merchandise is all new and the choicest on the market and the reductions are immense.

Not the North Platte Way.
The volunteer firemen of Blair, Neb., are out to not help themselves, but also to help the town. They have started a campaign to raise funds for building a city hall and fire station combined. They have raised \$5,000 and believe they can secure the balance of the \$12,000 before spring is over.
North Platte needs a city hall and fire department building but the citizen refused to vote bonds for that purpose. Will those who opposed the bonds subscribe to a fund such as the Blair firemen are raising? Well hardly.
Extend Call to Rev. Williams.
The last issue of the Columbus Telegram contained this item, which will be of interest to our North Platte readers: At a congregational meeting of the Presbyterian people last Monday evening the parish voted to extend a call to the Rev. Dr. Geo. F. Williams to the pastorate of the church, as successor of Rev. Samuel Harkness. Dr. Williams is now pastor of the Presbyterian church at North Platte. He is a young man, finely educated, and while in the city two weeks ago to conduct services in the church he made many friends among the people of the Presbyterian congregation. They are hoping his present congregation will permit him to accept the call of the Columbus church.

My general blacksmithing at 110 W. 6th St., is the largest and most fully equipped in western Nebraska. I can handle any work coming under the head of general blacksmithing, wagon and carriage work. I have a large stock of heavy hardware, wagon and carriage woodstock as is carried by any shop in the state. I have modern machinery, electric power and can undoubtedly serve you quicker and better than those doing it the old way.
I would call your attention especially to disc sharpening. COLD ROLLING IS THE BEST, saves all the material, makes them a little harder and absolutely keeps the shape. Give us a trial and if I can't convince you, you get the job free of cost.
I give great effort and time to horse shoeing. Have a man employed that does nothing else and has given years of study to his special line. Horses will be treated kindly and all the work guaranteed perfect.
