North Platte High School Foot Ball team were again victorious in the foot ball game at Kearney Friday afternoon. Their opponents were the Kearney Military Academy and although the N. P. boys did not open up to their usual form in the first quarter the quarter back and captain inspired the men in the second period and as a result Russell made two touch downs, Norris kicking goal each time. In the third quarter the boys lived up and made three touch downs. Bird taking the place of Ryan made good gains, as did Lincoln and Wesburg who made consistent gains through the center of the line. Touch downs were made as follows: Russell 3, Lincoln 1, Bird 1. Russell played the best game opening up, with most of the good plays of the team at the right time and making good gains when carrying the ball. Lambert, Foster and Ottenstein played as substitutes. The score at the end of the second half stood 34 to 3 in favor of North Platte. Coach Neville and E. H. Flowers accompanied the team.

Eggers Discharged.

Tom Eggers, arrested on the charge of criminally assaulting seventeen-year old Sylvia Small, was discharged in the county court Saturday, the evidence not being deemed sufficient to hold Eggers on the charge. Buys Cody Residence.

Mrs. W. F. Cody sold her residence on west Fourth street Saturday to Hershey S. Welch for a consideration of eight thousand dollars, the sale including the half block of land. The house is among the best in town, and the trees and lawn make it one of the most attractive of the many fine homes in town. Considering that the house as it now stands cost fully \$10,000, the price at which it sold is certainly moderate. Mr. Welch will occupy it as a home.

The advance sale of tickets has been large, evidence that the efforts of the committee to secure funds for the benefit of the striking employes is meeting with response among our citizens.

Engineers Win Award.

An award that is considered a partial victory for the 30,000 locomotive engineers in their controversy begun last January with the fifty-two railways operating in the territory east of Chicago and north of Norfolk and Cincinnati, was announced at Washington yesterday by the Board of Arbitration which investigated the questions at issue. It grants certain increased compensation and improved and uniform rules of service requested by the engineers, but holds that a general increase of wages on all roads is not warranted upon the basis of the evidence presented.

The board found that on some roads and for certain classes of service, the compensation was too small and, therefore introduced into the award the principle of a minimum wage for the entire district. The award, which dates back to May 1 last, and will stand for one year, settles the most important American labor dispute submitted since the anthracite coal strike in 1902.

Had you ever considered that the silver your grandmother owned is one of the few heir looms that remain in your own family.
